## Y. W. C. A. CARNIVAL SATURDAY NIGHT, OCT. 4

Harrison Hall Filled With Excitement  
and Laughter as Students Throng  
Y. W. Rooms

The Y. W. rooms sheltered a gay, laughing crowd Saturday night, October 4, when the Y. W. C. A. gave a carnival in honor of the new students.

At 8:00 o'clock the crowd gathered and a steady stream of new comers, curious and excited, filled the entire lower floor of Harrison Hall. The happy, excited girls thronged the rooms and, it is needless to say, the appearance of the group was very different from the same group when occupying the rooms just above.

On entering the first room the crowds were directed by a sturdy and stern ringmaster to turn to the left for ice cream sandwiches. No one turned away until another crowd was seen gathering at the other end of the room. The drawing attraction was soon scattered all over the room and every one was eating it in the form of popcorn.

Though the sounds and noises were many and varied, the ones which rose above all others were strains of the piano from the next room. The crowd was there entertained by just a few of H. T. C.'s best entertainers. Among these were Dixie Ayres and Katherine Whithurst, whose snappy songs brought loud applause; Lillian Penn and Virginia Milford, who received many an encore; and a black face quartet which kept everyone in an uproar with its humorous jokes and clogging.

Soon the crowd was seen to move backward to the other end of the room where the "dancing midget" held the crowd in wonder and amazement. This tiny midget, two feet in height, closely resembled one of our own students, Matilda Roane. It was wonderful to see so much exceptional talent in this fairy like creature.

Two foolish clowns greeted the crowds and threw out confetti to brighten the girls.

My! what a good time everybody had!!!

## New Students Prepare For College Citizenship

Freshman training, a short course given all new students to acquaint them with our Student government—its standards and rules, began Wednesday, October 1.

Mr. Dingleline talked on the meaning of Student Government. He assured the Freshmen that every one who graduates from college has at some time been a first year student, even the dignified faculty members. This college is a community of six hundred citizens, and since each one came here of her own free will she owes to it a special loyalty.

Following Mr. Dingleline's talk the student body president, Elizabeth Rolston, read and explained the by-laws of the student government constitution.

This is only the first of a series of meetings which will be held during the coming weeks until the new girls are prepared to become helpful citizens of our Student-body.

## CLUBS AND SOCIETIES BEGIN SESSION'S WORK

Pi Kappa Omega, Stratford Dramatic Club, Musical Clubs and Literary Societies Hold Prominent Place

The largest and most influential student organizations at H. T. C. at the beginning of this 1924-1925 session, are Pi Kappa Omega, Stratford Dramatic Club, Musical clubs and the Literary Societies.

The Pi Kappa Omega is the honor society of the college. Its purpose is to promote high standards of leadership, scholarship, and character. Every girl has an opportunity to become a member of the P. K. O. as membership does not depend merely upon a bid. In order to become a member, a first year student must rank among the highest 5% in the college in scholarship and the highest 10% in leadership and character. A student above the first year must rank among the highest 10% in leadership, scholarship, and character. Each member of P. K. O. is required to work out a project which will promote the interests of the school and of the society. The Alpha Literary Society was one project developed last year.

The influence of the Stratford Dramatic Club which draws its members from among those students most interested in dramatics is felt throughout the college. Each year this club gives one big production. Those who were here last year remember the success of "Little Women." The Stratford officers are Mattie Fitzhugh, president; Virginia Campbell, vice-president; Marion Kelly, secretary; Lucille Hopkins, treasurer.

The music clubs are the Aeolian Music Club, the Glee Club, and the Choral Club.

The Aeolian Music Club was organized last spring. As it is an honorary music club the entrance requirements are high. The applicant must be a member of the music department of H. C. T., taking private lessons in piano, voice, or violin. She must be recommended by her teacher and must pass an entrance examination. In addition, she must have had some experience in playing in public recitals, must be willing to take part in all the activities of the club, and must make a grade of C or higher in all her classes.

This year this club will have a class in harmony, taught by Miss Rush. They have musical programs at their regular meetings, in open recitals, and in Chapel. The aim of the Aeolian Music Club is to arouse interest in all musical subjects, not only among the music students, but in the school at large; to encourage the study of music in every form, and to bring to the College artists and lecturers on musical subjects. The officers of the Club are Marion Travis, president; Margaret Knelsley, vice-president; Kathryn Buchanan, secretary; and Nancy Mosher, treasurer.

The Glee Club is composed of the best singers in the College. They give entertainments here and sometimes give concerts at other places. The Glee Club for this year has not yet

## Students' Night Opens New College Year At H. T. C.

### Plans For Athletics

This year, for the first time, H. T. C. is to have a varsity hockey team. The athletic council is making arrangements with several other Virginia Colleges for hockey games this fall. So far, the material is very promising. Ruth Ferguson, who was captain of last year's Freshman team, is back again this year and is playing stronger than ever. The other members of last year's Freshman team who are out for varsity are Ruth Nickell, Hortense Herring, Edwina Lambert, Bernice Hicklin, Wilmet Doan and Sadie Harrison. Carolyn Weems and Jessie Rosen, of last year's Sophomore team, are going to give each other a good chase for honors on the first varsity hockey team. The New Girls have not had much opportunity to show their real value as athletes, but it is rumored quite confidentially that the Old Girls haven't a chance to win from them. The Freshmen-Sophomore hockey game which usually takes place the Saturday before Thanksgiving, is the closing game of the season and is always the most exciting one. (Each class wears its colors, decorates the goals and everything else they can find, and the spirit of the classes is shown more strongly than at any other game.) Although the students are more than pleased with the idea of having a varsity hockey team, it is hoped that the classes will not lose the wonderful spirit that has always been shown at the final hockey game.

The first real athletic contest of this season (a basketball game between the Old Girls and the New Girls) will take place tonight in the gymnasium. This is the first time that the New Girls will appear as a team and as a class. New Girls, get the spirit of H. T. C. from the very beginning of this year. To get the spirit of H. T. C. everyone must first learn to be good sports, to be good losers as well as good winners.

The varsity basketball team of last year was known all over the state for its wonderful spirit. There are in school this year six members of that undefeated team of last year. From all reports, H. T. C. should send out another undefeatable varsity team this year. The letter-men who are back are Jessie Rosen, forward; Wilmet Doan, forward; Ruth Nickell, side-center; Blanche Clore, jumping-center; Sadie Harrison, guard; and Carolyn Weems, guard. Among the New Girls who are practicing for the game tonight are Phyllis Jones, Virginia Jackson, Mary Phillips, Frances White, Virginia Harvey, Rebecca Davis, Lorene Gentis, Mary Miller, and Virginia Sutherland. It is rumored that the New Girls have a jumping-center playing for them, who has never missed a ball, a side-center who has never allowed a ball to go past her lines, a guard who has never allowed a goal to be shot, and a forward who has never missed a goal! With such a team matched against an undefeated team, what is going to happen?

### New Students Given First Insight Into Meaning of Student Government, Ideals and Plans of College

Student's Night was held Tuesday night, October 7, 1924, in Sheldon Hall. After the singing of "Blue Stone Hill" by the entire student body, Elizabeth Rolston, president of Student Government, welcomed every girl to H. T. C. and afterwards introduced Mrs. Dingleline.

Mrs. Dingleline, as the first president of Student Government at Harrisonburg, gave some insight into the trials connected with the establishment of Student Government. Mrs. Dingleline is always welcomed at student body meetings for she speaks so understandingly of all our problems.

Mrs. Varner in her own way talked to us of college friends, our standards of living, and urged us to remember, in all we do, the folks at home are trusting in us.

Margaret Leavitt, introduced "The Breeze" and explained to the new girls how it happened to be theirs. Our other school publication, the annual was introduced to the students by Thelma Eberhart, its editor-in-chief.

The president of the Alpha Literary Society, Mary Warren, told something of the origin of this club and invited all new girls to make application for membership. The Lee, Lanier, and Page Societies were presented collectively by Doris Persinger and in her talk she set forth a few of the requirements for membership in these organizations.

Nora Hasley, as president of the Choral Club, explained its purpose and aims, and invited all old as well as new girls to become members.

The Athletic Association, of which we are all members, was boosted by Ruth Nickell and thoughts began to run forward toward coming varsity games.

Ruth Wright told something of Pi Kappa Omega standards. Membership in this club should be the goal of every girl's ambition here at school.

Mattie Fitzhugh introduced the Stratford Dramatic Club under its new Greek letter title, Sigma Delta Chi.

Last, but one of the most important of all, came our Y. W. C. A. Emma Dold told what it now means to every old girl and what it is hoped it will mean to all the new girls.

The meeting closed with the singing of the school song, "The Purple and Gold."

### Sunday Y. W.

A rather large parade of students carrying their little brown bags was seen Sunday afternoon making its way to Sheldon Hall, where the Y. W. services were being held.

The services were opened by a hymn after which Virginia Jackson led in prayer. Miss Seeger came forth with a real treat. She read a story which was delightfully entertaining, as Miss Seeger's stories always are.

The meeting was closed with a hymn and the Y. W. Benediction, "Not by might nor by power, but by my spirit, saith the Lord of Hosts."

## Knocker or Booster?

When the Creator had made all the good things, it seemed there was still some dirty work to do, so He made the beasts, and the reptiles, and the poisonous insects; and when he had finished he still had some old scraps left over that were too bad to put into the Rattlesnake, the Hyena, the Scorpion and the Skunk, so He put all these together, covered it with suspicion, wrapped it with jealousy, marked it with a yellow streak, and called it a KNOCKER.

This product was so fearful to contemplate that he had to make something to counteract it, so He took a sunbeam, put it into the heart of a child, the brain of a man, wrapped it with civic pride, covered it with brotherly love, made it a believer in equality and justice, a worker for and a supporter of every good thing in the community, and called it a BOOSTER, and thenceforth mortal man has had the privilege of choosing his associates.

## New Girls' Apologies

The new girls are beginning to love H. T. C. just as the old girls knew that we would. Of course there are times when we feel like we would give anything to leave Harrisonburg forever, never to return. But those are the homesick times. Or maybe we are just out of tune with the whole world. Then we pick on the first thing that comes to our minds and it would be the same way anywhere else. There are very few of us who can be in a good humor always, and sometimes we say thoughtless things that we do not mean. But when the saner moments come and we look at life through our best eyes, things look very different. We get full of pep and school spirit and are ready for anything. So, old girls, when you hear us grumble just close your ears and remember that by tomorrow we will be praising the very things we have been quarreling about today.

## Start Right

How can the slogan "Start Right" apply to our life here at H. T. C.? We may apply it in choosing our friends, in our studies, in our life on the campus and in the school.

When we come away to school we naturally make new friends but we must be careful in selecting them. A good guide might be, "Go slow. Make many acquaintances and few friends." We each want the right kind of girl for our friend.

Girls who come here come with the idea of working. The best way is to

begin working right at first. Don't loaf and think, "I'll do that later." That "later" seldom comes—but tests and exams do come! And many are the times they find us lacking because we didn't start right. It is much easier to work a little all the time than to have to do it all the last minute.

How does starting right apply to our life on the campus and in the school? Start by being friendly to everyone, hearing all you can and profiting by it. Learn all the rules and then keep them. Don't try to see how much you can get away with. Cooperate with the faculty and students and help boost Student Government. Start right and stay right.

## CAMPUS CAT

### A Room-mate

A room-mate is a girl  
Or maybe you have two  
Who stay right in your room,  
As room-mates usually do.

She may be big and fat.  
For I have seen a few.  
This will only make her  
More of a room-mate for you.

If you are tall and skinny,  
And she is short and fat,  
Her clothes will never fit you.  
What will you do about that?

This girl will surely borrow  
As all real room-mates must.  
Shoes, soap, and coats and hats  
And money, 'til you're bust.

Whenever things are missin'  
And really hard to find  
A groan will bring the words right out  
"That ole room-mate, of mine."

But just you get in trouble.  
Let hard luck be your fate.  
Then you'll learn the real value  
Of that pesky ole room-mate.

Mr. McIlwraith—What war caused  
the Puritans to stop coming to America?

Student—I think it was the Industrial Revolution!

### French Class

Miss Cleveland—If J-e-a-n is John  
what is J-e-a-n-n-e?

Edith McQuire—It must Johnnie!

### Freshmen Discovery

We, the freshmen girls, saw a new  
sight  
From Sunday noon 'til Sunday night.  
It scared us so that we almost ran.  
'Twas a girl on the campus with a  
"sho' nuf" man.

M. Leavitt—Some of the new girls  
did not get their Breeze.

L. Reaves—What did you give them  
—the air?

A "freshie" awoke the other morning,  
having dreamed that she was eating  
shredded wheat, and discovered  
that part of her mattress was missing.

Question—What's worse than chewing  
a stick of gum a day?

Answer—Chew it more than a day.

It surely takes a good cat to sit  
back when there are so many good  
looking "rats" on the campus. I'd  
be afraid to invite my relatives  
over.

## Chapel

Friday, October 3: Three members of the Scotch Highlander's Band entertained the student body. The opening numbers on the program were imitations of bird calls. So realistic was the "little chick" that it seemed as if there really must be a little chicken hidden somewhere in the crowded assembly. The tenor soloist sang, "When I was Twenty-One" and "The Last Drink Together". Then he gave a reading, the only one ever written by Harry Lauder and which is dedicated to his son, killed in action in France. Mr. Chappelear led the devotional exercises.

Monday, October 6: Dr. Converse conducted the exercises and talked on Americanism.

Wednesday, October 8: As this is Fire Prevention Week, Dr. Converse told about some great fires he had seen or heard about and how they might have been prevented.

## Are You Making Something of Yourself?

Have you ever stopped to think how you appear to others? Are you slouchy in your personal appearance? You know your character is often judged by your appearance. So it would pay to be careful of your dress and hair dressing. Of course no one should think of these things all the time but every one should think of them sometimes. If we are neat and careful of our dress, our characters will probably be that way too.

It takes time to form habits of neatness but it is well worth it. Positions are often dependent upon these characteristics. We have to make something of ourselves before we can do big things and help others to do big things.

The different phases of our college life will all help us to make ourselves worth something if we will work. Don't think that this making process is confined to the study of text books—

not that it isn't the best possible beginning. It is! But there is another side of school life. The girl who works for her school organizations and class activities is gathering vital forces to carry with her into whatever work she may enter. She is improving herself.

Don't think because your job isn't one of the "show" jobs that it doesn't matter. It is always the little things that count. The way you attend to the small things will determine, in a large measure, how you would take charge of the big things.

Characters are formed by the little things. Each little deed is one block in your character and your character is a portrait of you. Your deeds are you in the making. Be careful of the little things if you would make yourself something really worthwhile.

## Lost and Found

All notices found should be turned over to Mrs. Varner at once. The names of articles found will be posted on the Y. W. Bulletin Board. If owner does not call for article within two weeks the article goes to the finder.

Agnes Sutherland was operated on at the Rockingham Hospital October 6. All the students will be glad to learn that she is getting along splendidly, and her friends will soon be allowed to go to see her. She is a sister of Leland Sutherland, who graduated here last year.

### CLUBS AND SOCIETIES BEGIN SESSION'S WORK

(Continued from first page)

been organized.

The Choral Club is made up of those students who are particularly interested in choral singing. Its main purpose is to give pleasure. The big piece of work for this club is the Christmas Cantata which it gives each year.

The four Literary Societies are the Lee, the Lanier, the Page, and the Alpha. To become a member of one of the first three societies one must have an invitation and after one has accepted there are several days of initiation to be lived through. Every old girl can remember the funny spit curls and rouged noses of the Laniers, the pretty red dresses and caps of the Pages, and the stovepipe hats and alarm clock wrist watches of the Lees. The purpose of these societies is to study those people figuring in the literary world and to stimulate interest in their works.

The officers of the Page are Mildred Reynolds, president; Dorothy Rudd, vice-president; Electa Stomback, treasurer; Elizabeth Peters, sergeant-at-arms; Ruth Wright, Chairman of the program committee.

Officers of the Lee are Marion Kelly, president; Kathryn Buchanan, vice-president; Virginia Matheny, treasurer; Blanche Rosser, sergeant-at-arms; Margaret Clark, critic.

The Lanier officers are: Charlotte Wilson, president; Clyde Carter, vice-president; Ida Pinner, secretary; Louise Reaves, treasurer; Marion Redford, Chairman of the program committee; Louise Elliot, critic.

The Alpha Literary Society which is one of the most recent organizations on the campus, has as its chief purpose the training of students for further work in literary organizations. Any student has the privilege of joining this society. She must do one quarter of satisfactory work in this literary group before she is eligible for membership in any of the other three literary societies. These other societies select their new members from the Alpha. Each student selected must be recommended by the officers of the Alpha group.

The plan of this society was developed by Lila Riddell, who received her B. S. Degree at this College in June, 1924, as her project in the P. K. C. This is the first year this plan has been tried and there is every indication that it will meet with unlimited success.

### It's Not What You Pay That Counts

Human nature is pretty much the same wherever you meet it. It is natural that in buying your personal and home needs you should seek the highest possible value for the price you pay.

This should apply whether your expenditures are limited or unlimited. After all, it is not what you pay that counts—even though the price be small—but what you get for what you pay. It is not large profits that concern us, but the establishing of a safe and sound foundation for a business here that will be lasting.

The enormous purchasing power created by our merchandise requirements for 571 Department Stores makes possible the giving of the unmatched values we offer throughout the year.

### BARNES' DEPARTMENT STORE

#### LIVE:

Live, because we sell on the closest profit basis possible. What we save by closely following the manufacturers' markets we pass on to you instead of consuming our savings ourselves.

#### UP-TO-DATE:

If it's stylish, we have it. We always have our ear to the ground, listening for the news that something new has been created.

#### SAFE:

Because we are one of you, living and letting live in this community. We carry only such merchandise as is nationally known. Merchandise that's honest, sold on a basis of honesty. Please come to see us and give us the opportunity to prove our statements.

Just the Shoes and Ladies' Wear you will like at just the price you want to pay.
