"OLD VIRGINIA"

A SONG, WORDS AND MUSIC

This edition of "Old Virginia" has been prepared, with the permission of the owners, for the use of teachers and pupils in the schools of Virginia.

A copy will be sent free of charge to anyone requesting it. Any reasonable number of copies will be sent free to any teacher requesting them and promising to teach the song to her pupils. All requests should be sent to the publishers of this special edition, as follows:

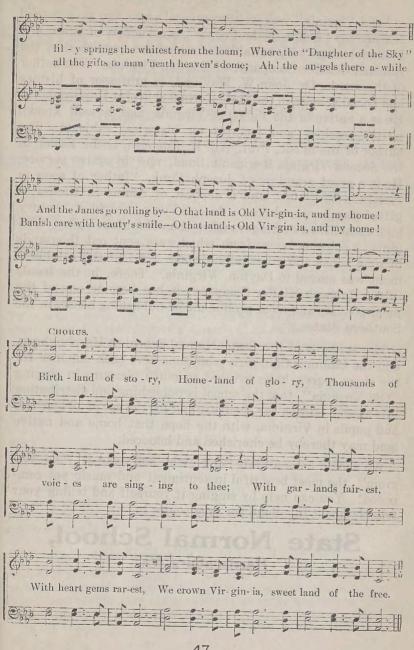

State Normal School,

Harrisonburg, Va.

OLD VIRGINIA.

WILL H. RUEBUSH. JOHN W. WAYLAND, Ph. D. 1. Tell me of a land that's fair, With the smile of heav-en there, Of a 2. Tell me of a land that gave Ev - er brav-est of the brave, First to land that's e'er the dear-est as I roam; Where the hills en eir cling rise, hail the star of free-dom in the gloam; Where the deeds that men may do And blue mountains kiss the skies-O that land is Old Vir-gin - ia, and my Prove them tru-est of the true- O that land is Old Vir-gin - ia, and my Tell me of a land where glows Love's first blush upon the rose, Where the home! Tell me of a land where love, Fix'd in woman's heart doth prove, Best or home! Copyright, 1911, by W H. Ruebush. 46

OLD VIRGINIA.—Concluded.

"Old Virginia" was written several years ago as a special feature for 'Songs of the People', a collection of State and National songs very suitable for school use, published by the Ruebush-Kieffer Company, of Dayton, Virginia. The author of the words, Dr. John W. Wayland, is professor of history and social science in the State Normal School at Harrisonburg. He is a native of the Valley of Virginia and a well known writer, teacher, and lecturer on historical subjects. The author of the music, Prof. Will H. Ruebush, is the leader of the Second Virginia Regiment Band, now in active service. He is a great-grandson of Joseph Funk, "father of song in Northern Virginia", and a nephew of Aldine S. Kieffer, a gifted composer and poet. Joseph Funk, nearly a century ago, established at Singers Glen, then Mountain Valley, Virginia, a printing house from whichwere sent out thousands of song books and other publications. In 1878 this establishment was moved to Dayton, Virginia. There, in the hands of the Ruebush-Kieffer Company, it has become one of the most popular and most prolific music-publishing houses in the Southern States.

The students of the State Normal School at Harrisonburg, and the Canning Club girls who come here each summer for the short course, have evinced so much pleasure in singing "Old Virginia", that the school is publishing and distributing this special edition for their use and for the use of all teachers and pupils in Virginia, with the hope that home and native land may thereby be cherished and honored.

We should have a State Song—why not make it "Old Virginia", the most beautiful in sentiment and music yet composed! You can help by singing it yourself and telling your friends about it. Send for free copies to

State Normal School

Harrisonburg, Va.

Summer Session 1918 FIRST TERM June 10 to July 19 SECOND TERM July 22 to August 30

Both men and women may attend for either term, or both terms, as desired. The summer school is conducted under the direction of the State Department of Public Instruction for the purpose of giving courses for the Professional Certificates, the First Grade High School Certificate, and preparation for the State Examinations. The attendance at the school in past summers has been very large and the students have been remarkably successful in obtaining certificates and passing the examinations.

Cr.

LOCATION

There is no more desirable location in Virginia for summer work, as the school is situated in the midst of the beautiful Shenandoah Valley, surrounded by the most famous health resorts and mountain scenery.

EQUIPMENT

The entire plant of the State Normal School, all buildings and equipment, including large library, will be at the disposal of the summer school. This makes the conditions for good work all that could be desired.

FACULTY

The same strong faculty that has made this summer school so successful in past years will be present this summer. Where vacancies occur they will be supplied with instructors of the same high standard that this school has always maintained. No effort will be spared to supply instructors who know the students' needs and know how to give them just what they need for success in their endeavors.

OBSERVATION SCHOOL

Classes of pupils will meet daily in the observation school during the first term and perhaps during a portion of the second term. These classes will represent both primary and grammar grade work, and will be open to observation for all professional students.

SPRING QUARTER March 18 to June 4

The attention of all who desire more extensive preparation than is offered by the short summer terms is called to the opportunity offered by the Spring Quarter. By entering at the beginning of this quarter and remaining thru the Summer Querter a student may complete two-thirds of a year's credit towards a certificate or diploma of the Normal School. A number of students have done this and thus become full graduates of this school, and some are continuing their work in post-graduate classes leading to degrees.

SPECIAL SPRING COURSES

Among the advantages of the Spring Quarter will be several classes formed at that time for instruction in cooking, nutrition, canning, perserving, fancy packing, and home demonstration and canning club organization methods. There will be great need the coming summer for demonstrators in the canning club work. These special classes will cover from four to six weeks, and no tuition will be charged. If interested write for further information.

Proper living arrangements will be made for all who enter at this time, and everything possible will be done for their comfort, profit, and pleasure. The charges will be the same as paid by the students regularly in attend ance, students being charged for only the time they are in actual attendance. Students may enter at any time.

The annual catalog contains full information as to courses, expenses, credits, etc. for the regular session including the Spring Quarter. This will be cheerfully sent to any address upon request.

For any information concerning the school, address

State Normal School

Harrisonburg, Va.

EXPENSES

So far as we know the expenses will be practically the same as last summer. The registration fee being collected by the State Department of Public Instruction must be decided by these authorities, but it is presumed that it will remain at \$1.50 for the first term. The tuition charge of \$6.00 in the second term will certainly not be increased and may be decreased.

Owing to the present uncertain cost of all food supplies and other items entering into board, is difficult to state definitely this early what the charges for board will be. Definite announcement will be made in the summer catalog to be published later. It may be said however that there will be little increase over previous summers, and that good board, room, and laundry will be available at from \$24 to \$30 for the six weeks term.

The expenses will be so arranged that the total cost of attendance will be practically the same for both the first and second terms, so the advantages to students will be just as great in one term as the other, and there will be no danger of crowding in the second term, since the attendance is always naturally smaller then than in the first term. All expenses will be made as low as possible.

CATALOG

The summer session catalog, containing full and definite information on all points, will be published later than usual this year, owing to the fact that the Legislature is now in session and until it passes the appropriation bills it is not possible to make final announcement of summer school plans. Moreover the difficulty in securing paper and having printing done in large quantities may cause delay. For these reasons this preliminary announcement is now issued and the regular catalog will probably be ready about March 15. As the edition of the full catalog may be more limited than usual this year because of the increased cost of publication, all who desire copies of it should send their addresses by postcard or letter and catalogs will be promptly mailed as soon as they are ready.

State Normal School

Harrisonburg, Va.

RECREATION

The location is peculiarly fitted for excursions of an instructive and recreative character. Numerous opportunities for physical culture will be provided. Many lectures and entertainments will be provided free during both terms.

COURSES

A wide variety of courses in practically all departments of instruction will be offered in both terms. Regularly outlined courses will be given in both terms for:

- 1. Summer School Professional Certificate—Primary Grades.
- 2. Summer School Professional Certificate—Grammar Grades.
- 3. First Grade High School Certificate.

It is to be noted particularly that both the first and second year's work of both the primary and grammar grade courses will be given in both terms, so that students may attend during either term and receive exactly the same credit. Students working for a First Grade High School Certificate may take either the primary or the grammar grade program of work and may get exactly the same credit in either term, the work counting also on the course for the professional certificate.

Programs will be cheerfully mapped out at time of registration for the following purposes during either the first or the second term:

- 4. Extension of certificates.
- 5. Attendance certificates.
- 6. Normal School credit on diplomas and certificates.
- 7. General improvement, etc.

In the First Term courses will be given in subjects required on the State Examinations, which will be given here at the end of the First Term, for:

- 8. First Grade Certificate, or Provisional Certificate.
- 9. Second Grade Certificate.

LIVING ARRANGEMENTS

Better arrangements will be made than ever before for both meals and assignment to rooms. A complete system is being worked out, which will avoid all confusion at entrance and assure everybody who writes ahead of both a place for meals and for room. Arrangements will also be made to care for those who do not notify us before coming, but it is far better to write for accommodations as early as possible. The school dormitories will be opened as usual, and the dining hall will be enlarged to take care of all who desire to board there, so that there will be no crowding at meals this year. Every building on the school grounds has been thoroly screened and other improvements made.
