"Johnson is a skillful operator. He uses the power of the federal government, at times ruthlessly, to serve political ends."

Richard M. Nixon, Feb. 18, 1968

"VIETNAMIZATION IS A SUCCESS"
Market has declined, interest rates have gone down, the stock of the strongest in the world, "the fixer •••••*» and the bankers, the land speculators, the richest, for the corporations; the country is governed for the corporations, and that that is the root of student apathy. However, I wish to fight this apathy.

As a student at Madison, I demand that funds given to "The Breeze" because they care about us, all of us;

I enjoy your periodical to the fullest. In fact, I look forward each week to the time I can read it (usually from front to back). If I had the time and money I would enjoy giving it to the students of Madison.

I'm pleased! It is a well known fact that Madison is a suitcase college, and that that is the root of student apathy. However, I wish to fight this apathy.

As a student at Madison, I demand that funds given to "The Breeze" by the S.G.A. be revoked. Why Because "The Breeze" supports this apathy both directly and indirectly at the students expense; directly, by printing advertisements such as the one enclosed (Staff note: Refers to a Greyhound ad for their Friday escape service from Madison, too hard for us to print); and indirectly, by dedicating four out of six pages to Greek organizations (a very small minority on campus) and usually the rest to intramural sports. How many people care about them? I also request (not demand) that these funds be given to "The Fixer" because they care about us, all of us.

Thank you Christopher. We've already submitted our budget.

NOW I LAY ME DOWN TO SLEEP
I PRAY THE DOUBLE LOCK WILL KEEP
MY NO BRICK THROUGH THE WINDOW
BREAK,
AND NO OLD ROD IS STILL I WANT.

Fixer;

Fixer;

HOW I BAT ME BOWIT TO SLEEP

THANK YOU CHRISTOPHER, WE'VE ALREADY SUBMITTED OUR BUDGET.

WASHINGTON POSTCRIPT; SAYINGS FROM DICK AND PAT

Washington (LHS) — Some sayings from Chair-people Dick and Pat, as quoted by Stanley Karnow in the Washington Post. Dick, on seeing the Great Wall of China: "I think you would have to conclude this is a great wall." Pat, observing a display of ceremonial headresses of gold and precious stones: "Isn't that something?" Dick, examining a microscopic bit of ivory engraved with a verse by Chairman Mao: "Art is my weakness."

Nixon, March 22, 1971

"I recognize that is an intriguing question. I probably have a very good answer....Ask me next year at this time and I will give you an answer."

"The country is governed for the richest, for the corporations; the bankers, the land speculators, and for the exploiters of labor." Helen Keller, 1911

WHAT KIND OF WAR?

Ask what kind of war it is where you can be pinned down all day in a muddy rice paddy while your buddies are being shot and a close-support Phantom jet who has been napalming the enemy wraps itself around a tree and explodes and you cheer inside? Larry Ottmann

Poverty Program Hot,
Poverty program hot,
Poverty program cold;
Poverty program cut
Then a few months cold,
The open door is shut,
The coffe pot's cold;
The Help Yourself leaflets are gathering mold.
Some write to protest:
Why did it fold?
"Thank you for inquiring"
Is all they are told.

Taxi Man
Taxi man, taxi man,
Quick drive me homo!
I love my house on fire
And my children all—!
Sorry, lady,
Even in an emergency
Cabs don't go to Harlem.

The Inner City Letter Coose
by Eve Merriam
President Nixon moved firmly against Eugene Worley, the chief judge of the U.S. Court of Customs and Patent Appeals, who reportedly sat on the bench 17 days in nearly 3 years. The judge, who has been knocking down $42,500 per annum, was ordered retired, at full pay.

The Militant

April 6, 1917: As the Allies near defeat, the U.S. governmen declares war to insure the repayment of $2.5 billion in loans by U.S. banks to the Allied countries. Over 100,000 Americans died in the war, over 20,000 American businessmen became millionaires from it.

No enemy of mankind has caused more misery and unhappiness than fear. There is a means to conquer fear and of securing inner peace and security. Fear must not be confused with caution. One is a necessity in successful living and the other is a hindrance to it. The way to conquer fear is total dependence on God. God once said, "Fear thou not, for I am with thee." If we place our whole selves into Him, then we are not ourselves but are in God. Christ said, "Be not anxious for your life, what ye shall eat, or what ye shall drink; nor yet for your body, what ye shall put on." The only real lasting security is found in Christ. True Christians are not afraid of death; they welcome it as a place within God's presence for all eternity. And what is more important to any man but his life?

Lying alone
Grass, trees, birds, stream
Thinking aloud
Wham am I?

Phountain of bliss
Life, being, peace, nature
Sensation about me
What is life?

Murky earth
Dim, obscure, shady, black
Death comes.

"Power never takes a back step - only in the face of more power. Power doesn't back up in the face of a smile or in the face of a threat, or in the face of some kind of nonviolent action. It's not the nature of power to back up in the face of anything but some more power. Power recognizes only power and all of them who realize this have made gains."

Malcolm X

"We're not interested in a good press. We're interested in becoming free."

Robert Williams, 1962
MINORITIES

NIXON'S PROMISE

A new approach to human rights ought to provide "...black jobs, black opportunity and, yes, black power in the beat, the most constructive sense." —Candidate Nixon, Salem, Ore., March 26, 1968

NIXON'S PERFORMANCE

Nixon's policies created the highest unemployment in years. Hardest hit are black workers and black youth.

<table>
<thead>
<tr>
<th>Year</th>
<th>Black Unemployment (overall)</th>
<th>Black Teen-age Unemployment (overall)</th>
</tr>

<tbody>

<td>1970</td>
<td>4.4%</td>
<td>8.0%</td>

THE COST: A 25 percent jump in over-all black unemployment. Today there are more than 3 unemployed black workers for every 2 unemployed when Nixon took office in Jan. '69.

The thick sweet smell of incense fills my brain. Its heavy flowing smoke reminds me of a fire I once built with her at our favorite spot.

Twice it failed. But it took then and burned high, just a small fire. And it fell soon to glowing embers, they are the best.

We left it then as we were called and must go.

Jan. '72: 5.2 million persons

UNEMPLOYMENT

THE COST: 2.5 million plus more unemployed, an increase of 92 percent in the number of jobless Americans.

PRICES

THE COST: On the average, for every dollar you spent in Jan. 1969 you spend more than $1.15 today.

ANOTHER NIXON BROKEN PROMISE

"Our movement...was effective enough to defeat Mr. Humphrey for the Presidency of the United States," Gov. George Wallace, Nov. 9, 1971.

Here's Why: 1968

These states have 121 electoral votes. Nixon won by 111. In each state, Wallace pulled enough votes to give Nixon victory...

Now, he's not only bragging about it, but he's fixing to do it again...And he's aiming at your vote! Last time, he elected Nixon. This time, he wants to re-elect him.
