If you thought that most of your troubles ended when G. Tyler Miller left and Ronald Carrier took over—well it looks like you were just fooling yourself. Last week it was again made clear that Carrier is not the president most students think he is.

For the last few years we have been paying a Student Activities Fee. This payment amounted to $40 per year last term. These monies have been kept separate and allotted to student organizations (the Campus Program Board, MIRA, the Breeze, and next year—Harambee) which requested them by the Student Government Association. The college did not have any direct say over how the money was spent by SGA. It was thought of as student money to be spent by the students. Next year those organizations requesting monies will find that Student Activities budget has been extensively cut, due to the lack of available funds. "Available funds" means the administration has cut the overall budget for SGA, for instance, $13,000 for a "club" football team, something whose necessity is debatable at best. This cut in "student" funds came without the administration asking the students for their opinions regarding "their" monies. It seems that president Carrier who was praised for his "open-door policy to students" just a few short weeks ago in a Richmond paper has forgotten to ask students their feelings. Something has to be behind the opened door.

Beginning next year the screw is going even deeper for the SGA officially, and the entire student body. The administration has told Student Government, rather bluntly, that the students are not capable to handle their own money. Therefore, the administration will, in the future, decide FOR the students which student organization really deserves funds from Student (Administration) Activities.
A THOUGHT FOR YOUR SUMMER VACATION:

I am dissatisfied with the majority of the students on this campus. Not only are they apathetic, but I believe some are actually sick! On Weds. ay 17th, the SCA conducted a student referendum to give students a chance to express their opinions on three relevant issues. To participate in the referendum students merely had to make three marks in the appropriate places on the ballots they received in their I.C. and then deposit the ballot in the box located in the I.C. Lobby from 9:00 a.m. to 6:00 p.m.

SO WHAT HAPPENED??:

Most students threw their ballots in the wastebaskets in the I.C. I suppose I should be grateful for the fact that they threw them in there rather than on the floor like they usually do.

Another indication of the caliber of the students on this campus is the tremendous response we might actually have as many as 500 students voting(out of 4500) with the exception of the SCA Presidential election where we had close to 3000 students voting which proves that even the dead-heads come alive at some time or another. That really scares me in that most of you will be or at the present time, potential voting citizens of the United States. I just wonder how many do you will vote. After all if you can't take a few seconds to put a few check marks on a ballot and deposit it in a box, how will you ever find the time to drive to the polls to vote in local, state, and federal elections or referendums??.

This school is being run (in fact) by a minority of interested active students. They just don't exist as a minority in our society as most of you do. They are living in a society that really is continually striving for improvement. They don't just sit on their backsides and passively accept the status quo.

Don't you care? Are you dead? If you aren't dead and you don't care, then what's your excuse, fellow "students"?

CAT

WALLACE AND GUN CONTROL

I'd just like to express a few of my feelings concerning the Wallace shooting. Although I dislike the man and I disagree with him right down the line, I can't condone what happened. In fact, it deeply distresses me. It's distressing that it's in-American to have a Presidential election without someone getting shot. Why? Because we're a sick society! We thrive on violence.

Another reason is the lack of effective gun control laws. Even though polls show the people want stricter gun control, the gun lobby, one of the most powerful in the country, doesn't want them. They have the public with a bunch of lies in order to deceive the public. The only people they've fooled is Congress. Thier favorite lie is that the right to bear arms is in the Constitution. Just because the Supreme Court disagrees doesn't mean anything. They will do anything possible to get out of office anyone who opposes them. A prime example is one of the country's leading advocates for gun control. FORMER Senator from Maryland Joseph Tydings.

Let's all hope that Wallace recovers fully and that maybe some good will come out of it.

Richard Ryerson

Mr Gurne, I normally don't go in for mudslinging, but after that outstanding attempt to defame Bob Walton last week, I would like to suggest to you that maybe a lot more people know about that typewriter incident than you do. Somebody else.

Attention Action Line or Somebody: Please remove the chains along the sidewalk immediately below the stairs by the D-hall. That is an accepted bike-bypass for those students and those chains will not stay up. They are a hazard. Comment, if you can.

Somebody Else.

The Great Speckled Bird, Atlanta underground paper, was bombed recently and all their equipment was destroyed but support from the other newspapers and people has kept it alive. Our best wishes to The Great Speckled Bird and may it keep on printing!

WE NEED HELP THIS SUMMER!

Are you going to be here next summer? We need your help! The Fixer will be coming out and we could use a little help. So if you will be here and have some extra time, why not help us? For more information, come to the meeting Tuesday in Jackson 107.
Well I'm proud to be a hippie from Olema
Ever-friendly to the squares and all the straights
We still take in strangers if they're ragged
And we don't think of anyone to hate.

We still wear our hair long like folks used to
We don't watch commercials in Olema
We don't buy the plastic crap they sell;
We don't throw our beer cans on the highway
And we don't slight a man because he's black;
We don't pour our oil into the ocean
'cause we love birds and fish too much for that.

And I'm proud to be a hippie from Olema
Ever-friendly to the squares and all the straights
We still take in strangers if they're Haggard
And we can't think of anyone to hate.

In Olema, California, Planet Earth. ——The Youngbloods

The Fixer wants everyone to know, including Dr. Lipton, that we have, (at least 10 days ago) sent Dr. Lipton a copy of the paper in which his report appeared. We sincerely apologize to Dr. Lipton if he has not yet received it.

WANTED: Someone to share an apartment next year. Cheap and close to college. Call Pat at 433-5857.

ABOUT HAecher's recommendations —

I would like to comment on Fred Nacher's recommendations for future demonstrations. I'll take one thing at a time.

The first suggestion is sort of vague. What are "adequate physical barriers"? When we demonstrated, the auditorium wall was separating us and the Senator, and that was not enough according to Dean Fox (although it was probably Carrier who was the one who started this whole incident.) If these recommendations were ever enacted, I'd like the SGA to decide on what is distance and physical barriers because the school would make it so no one could ever have another demonstration.

I also think that the "limits of peaceful demonstration should be defined, but why should the person who signs the requisition be responsible for everyone at the demonstration. They should be responsible for just themselves. A requirement as you suggest could stifle all future demonstrations. This is an absurd requirement.

The third recommendation is very good and the way things should be. When you let the administration handle things, they'll screw you.

Richard Ryerson

No man is an island, entire of itself; every man is a piece or continent, a part of the main. If a continent, a part of the main, if a continent washed away by the sea, Europe is the less, as well as, if a promontory were, as it a man of his friends or of thine own here.

Any man's death diminishes me, because I am involved in mankind, therefore never send to know for whom the bell tolls, it tolls for thee.

John Donne
Last Wednesday a referendum was conducted by the SGA concerning Nixon's policy in Vietnam and the establishment of a club football team. Knowledge of Nixon's policy can be achieved by picking up any newspaper or magazine, but finding out about the club football team is quite a different matter.—Still it can be done.

Please bear with this unfinished report, but due to the last printing of this paper being lost, not all of the necessary information involving this matter has been acquired.

A club football team will be formed next fall at the expense of $13,000 from the student activities fund. The football team is being formed for many reasons including:
1) To be used as a teaching tool for the P.E. majors (who will be expected to coach football in high school),
2) To further competition for students who excel in the sport,
3) To be used as a public relations medium in order to strengthen Madison College's image as a co-educational institution.

The team is not being established because it seemed to be a good idea that the formation of such a team, but the fund raising is not the specific concern of most students—but a sum of $13,000 from our student activities fund is. A student activities fund is for the student—let us have a say in order to strengthen Madison College's image as a co-educational institution.

The main concern though, is not the formation of such a team, but the funding of this team. But then again, the funding is not the specific problem. The problem is the fact that students were not allowed to express their opinions as to whether or not money from the activities fund should be used and how much money should be allocated to this team.

If I may interject my personal opinion, I would like to stress the idea that the formation of a club football team is not the main concern of most students—but a sum of $13,000 from our student activities fund is. A student activities fund is for the student—let us have a say as to what it used for

Steve Holstrom Soph. Senator Box 1127

The Fixer

The Rule

Our school had a teaching staff, mostly white as snow, and every time that tests were made the pupils rated low.

It happened that in every grade Black children were the rule; It made the parents good and mad to see their local school.

And so in time it came about that parents took control; They took the rule book teachers out and hired those with soul.

And now the eager children learn, To school they gladly go With beaming teachers who are black And some as white as snow.

Taxi Man

Taxi man, Taxi man, quick drive me home!
My house is on fire
And my children all—!

Sorry lady,
Even in an emergency Cabs don't go to Harlem.

Jeremiah Obadiah,
Puff, Puff, Puff

Jeremiah Obadiah,
Puff, Puff, Puff.
When he gives his messages He snuff, sniffs, sniffs.
When he goes to school by day He snores, snores, snores.
Teacher passes by
And sniffs, sniffs, sniffs.
Jeremiah Obadiah,
Where does he get the stuff?
Right in the school yard, Puff, puff, puff.

The Cow Jumped Over The Moon

The cow jumped over the moon
On the street in the afternoon
The junkie laughed to see such a feat
On the street in the afternoon;
Where does he get the stuff?

Puff, puff, puff.
Jeremiah Obadiah,
Puff, Puff, Puff

Hickory Dickory Dock

Hickory dickory dock,
The croud ran up the block
A cop struck one,
A rock got thrown;
Hickory dickory riot.

Cabs don't go to Harlem.

Thank You!

The Fixer wishes to say a very special "THANK YOU" to the students who aided in the distribution of the paper this year. You had a very rough job and we want you to know we really appreciate all the work you did. Thanks again!

Man is superior to woman—when he is, and when he isn't, he isn't. The Philistine A periodical of Protest December, 1907

For non-conformity the world whips you with its displeasure and, therefore, a man must know how to estimate a sour face. The bystanders look askance on him in the public street or in the friend's parlor. If this aversion had its origin in contempt and resistance like his own, he might well go home with and countenance; but the sour faces of the multitude, like their sweet faces, have no deep cause, —disguise no god, but are put on and off as the wind blows, and a newspaper directs.

Emerson

* * *

The Fixer has appeared with 25 issues this year. We were able to publish this often due to student workers and reader contributions. The Breeze received $12,000 this year, we received funds only from your contributions and several $5 ads. If you have liked or enjoyed or learned something from receiving our paper, please help us now. We are still in debt, about $30. If you have a little money to spare, please send it. Contributions may be given to the person handing out the paper or mailed to us at Box 4255, Campus.

We would like to thank the SGA Judicial Vice-President for refusing to be used by the administration. He decided to drop the two remaining cases against the students "accused" of making too much noise during the anti-war demonstration when Sen. Byrd was here. We applaud the SGA's action!

The clergy take theirs now: you get yours after you are dead.

The Philistine A periodical of Protest July, 1910

Take-a-Tour;
Congressman

Take-a-Tour;
Congressman,
Cover the ghetto As fast as
You can:
Whisk through;
Take-take through;
And file under P:
Now you're
An expert
On poverty.

Jack be nimble
Jack be quick
Snap the blade
And give it a flick
Grab the purse
It's easily done
Then just for kicks
Just for fun
Plunge the knife
And cut
And run...

Will someone please advise B & G that the toilet in the men's room on the second floor of Jackson will not stop flushing. In fact, it is running right now.

POEM

have been told by many to "Be Aware"

of warnings.

"Be aware" of the warning,
any time I had thus encountered it,
over this encounter was not the same
as those previous,
and this encounter was the last.

A poem to ignore the warning could
only lead to my demise
so concluded.

did, I observed, I dug, I met, I won
I ventured out.

in the midst of my journey down-stream,
stumbled into a stagnant pool,
and all of this because
I failed to read the warning
on the label of the bottle
in my mind... D.K.C.

----

UNCLE SCAB WANTS YOU TO GROW
GRAPEs

The U.S. Government will give you 40
acres of land in Oklahoma for free, lend
you money to build your own home and
even give you a grape crop After 3 years,
your vineyard should be bringing in 7000 a year for your
family. The only catch is that you must
be on welfare or some other sort of
public assistance.

A neat deal? For the Government and
large grape corporations it is. The idea
is to get poor people to start new vine-

yards and then produce scab grapes, in
order to break the boycott of non-union

grapes and the organizing of farm workers.

Over the last few years, the Depart-
ment of Defense has bought huge quanti-
ties of non-union grapes. Even Scrooge
told us so. He bought 30,000
worth of grapes for his inauguration.

----

WAKES

I saw, I observed, I dug, I met, I won-
ered, I talked, I hoped, I asked, I
smiled, I enjoyed, I analyzed, I prayed,
I told... Now I am sad, but I am strong.
Where, someday.

George

EMERGENCY PROCEDURE:

If one of you at Madison ever gets
violently sick, have a friend follow
the following procedure, which I think
is better than the procedure now in

1. Call the Harrisonburg Rescue S
at 434-3252; (at least you will
assured that someone is coming,
promptly)

2. Notify the campus police, (Good Lu

3. Call the emergency room of the hos-
pital (Harrisonburg: 434-4421) to let
them know someone is coming and to
explain the symptoms that your friend
developed to the nurse on duty.

4. Notify the infirmaji so that the
collage physician (Dr. Greene) can be
notified. It is not necessary to
goto the infirmary, CALL them.

5. To hell with the college red tape
that is involved in getting someone to the
hospital. The best route to the hos-
pital is the direct route. Call the Re-
cue Squad, it is faster and it's not so
much of a hassle to get someone to an-
swer the phone (college operator 22)

Respectfully submitted through student
complaints and personal graces.

Fred Waehler

The worst thing that can happen to you
is to cut yourself loose
from the people. And the best thing is
to sort of vaccinate yourself right into
the big strains and blood of the people.
To feel like you know the best and the
worst of folks that you see everywhere
and never to feel weak, or lost, or ever
lonesome anywhere.

There is just one thing that can cut
you to drifting from the people, and that is
any brand or style of greed.

There is just one way to cure your-
self, and that's to get together and war
and fight for everybody.

Woodie Cuthrie

A SHORT MESSAGE

ABOUT

DDT

one brown
pelican hooked
in California
last year
(Philadelphia Fair Witness)
To: The Fixer, Dr. James Fox
From: Fred Naeher
Subject: Demonstration, May 6, 1972

After a week of preinvestigation, I have decided to drop this case and design a policy that is included in this notice.

This report is a preliminary justification of my decision, a more in-depth report will be compiled and sent out at a later date.

The reasons for dropping this case are:

1. The demonstration was scheduled right next to the auditorium where another scheduled activity was going on.
2. No one from inside the auditorium made an effort to stop the demonstration or ask the noise level to be lowered.
3. Participants in the demonstration did take the initiative to find out if they were causing a disturbance. Further investigation in this matter was blocked by various departments of the administration which narrowed my approach considerably.
4. According to the tapes, Senator Byrd did not stop his speech or appear to be interrupted. This statement is supported by spectators.
5. At the conclusion of both activities, Dr. James Fox was quoted as saying the demonstration went fine.
6. Various spectators commented on the enlightened and smiling face of Senator Byrd as he shook hands getting into the limousine.

My decision was also based on various attitudes of both the administration and campus. In no way did the media or rumor affect my decision.

The following, however, are my recommendations for policy, which I would like to see adopted:

1. That times and places of activities be scheduled in consideration to other scheduled activities. Activities should be separated by distance and perhaps adequate physical barriers.
2. That "limits of peaceful demonstration" be specifically defined in requisitions and that the people who sign the statement of requisition take all responsibility for the actions of the whole group.
3. That all future violations of approved demonstrations be automatically handled by the SGA to avoid rumors and conflicts as to who is controlling who and that such violations of approved demonstrations be reported in the same fashion as a regular incident; on paper.

Fred Naeher
Judicial Vice-President

LISTENING BAR- A public service organization for the Harrisonburg area that operates a telephone answering service for people who have problems. It is also a referral service that will help a person find someone to help with their problems. They need fifty to seventy volunteers to initiate this program this summer. All phone aides will be carefully screened and will have professional backup and all will be well trained for their job. You would work once every two weeks for one four hour shift, within 4-8 or 8-12. Applications for people interested in working this summer must be turned in by Friday, May 26. Application forms are available in Room 23, Wilson Hall. For further information call 434-0412.

Aint Gonna Pay For WAR-no more

Your Income

The 10% Federal Surcharge on Your Telephone
It seems like only a few short weeks ago that school began and this newspaper went to press for its third year. Well those few short weeks are over and this is our 26th issue this year. This year has not been without its hassles, and the proverbial trials and tribulations, for we have had many; yet we still exist. I still recall the trouble we went through trying to find a place on campus to use for an office. Everywhere we found unused space we asked for it and received no's from people like James Fox, Jim Logan, Robert Griffin and Gene Wagner. As you probably guessed, the space we asked for is still unused and we continue to operate out of the trunk of a car and a few old boxes. The bureaucracy is on. As we receive no school funds whatsoever, we have continued to exist solely on your contributions. Our sincere thanks to those of you who have contributed what you could, for it is you that still believe in freedom of speech and the press. It seems that we are not too well liked around here some and we have tended to play-off a few people occasionally, but the praise we have received far outweighs the criticisms. Our goal has been to present things as they are, to stimulate thinking about things some don’t want to be confronted with, and to stimulate communication between the people of this campus. We may not have always been successful, but we tried, and we feel good for it. We still hope to continue to print this summer, maybe not as large and as frequent as before, but our thanks to our distributors, without whom we could not exist. These people donate their time to bring you the paper and collect the pennies. Our thanks to our distributors, without whom we could not exist. We have had many; yet we still exist. I still recall the trouble we went through trying to find a place on campus to use for an office, everywhere we went to present things as they are, to stimulate thinking about things we still hope to continue, and we feel good for it. We still hope to continue to print this summer, maybe not as large and as frequent as before, but we still feel the need. Our only problem (well not the only one) is people. Most of us will not be here this summer so we are seeking new members for our summer staff. If you feel that the school still needs a paper that is a voice of the students instead of the administration, then we urge you to help us. You can remain as incognito as possible, but we warn you that the administration doesn’t think too highly of our members for our summer staff. If you feel that the school still needs a paper that is a voice of the students instead of the administration, then we urge you to help us. You can remain as incognito as possible, but we warn you that the administration doesn’t think too highly of our members for our summer staff. If you are interested, we also wish to extend our thanks to our distributors, without whom we could not exist. These people donate their time to bring you the paper and collect the pennies that we exist on. We urge you to fill out the following evaluation, cut it out, fold it and return it too us via campus mail. Check off what you wish, and be as critical as you wish, but please give us an idea of what you think. Our final thanks are to you the reader for your help and support.

EVALUATION OF THE FIXER

- Like it
- Dislike it
- Really sucks
- Needs more dildo ads
- Articles are relevant
- Articles are not relevant
- Need a nude foldout
- Better than the breeze
- worse than the breeze
- Needs more campus articles
- Sexually stimulating
- Still am horney
- Should not exist
- Keep the faith baby
