Fifty-five dollars and fifty cents may not seem like a whole lot of money these days, but it has become a significant sum to many students here, and some freshmen.

Christmas is a time of giving, not taking. The freshmen gave to Madison more than a Christmas tree. They gave time, love, and effort of themselves. The freshman class also gave fifty-five dollars and fifty cents for services rendered. Fifty-five dollars and fifty cents for a Christmas tree, a symbol of joy and unselfishness.

Not many are objecting to the cost now. Fifty-five dollars and fifty cents may not seem like a whole lot of money,

**Spring Fashions**

Now that warm weather has made its first appearance, and spring fever is reaching epidemic proportions, everyone is itching to put away the knits and as a result every store is starting dressings accordingly. Some of us may have been a little over-anxious of late to judge by the sore throats and sniffles that are running rampant, but no one can deny that if spring is not officially here, it is at least just around the corner.

One of the big splashes on the springtime fashion scene is print. Prints are everywhere, even on that odd standby — the trench coat. Print suits in quilted cotton or wool promise to be popular wardrobes additions while flowers have also bloomed on a big favorite — Hip hugger skirts.

Print suits in quilted cotton or mouth-licking colors. Mostly seen in the sportswear market. Usually seen are blue jeans which seem to be here to stay.

Spring accessories promise to provide something to suit every personality. Those of the avant guard may choose from way out earrings (pierced, of course) print shoulder bags, shoes and even stockings. Classics like the monogram, tailored skirt, and bell bottom slacks may seem to be here to stay.
