Student Opinions Of Gray Bill

Members of the journalism class, taught by Miss Clara Childs, conducted an informal poll in regard to the pertinent question now before the citizens of Virginia: "In the referendum to be held January 5, 1956 should the Gray Bill be passed?"

Thirty students, representative of the four classes and different sections of Virginia, were interviewed. Results showed that sixteen of these students are against passage of the Gray Bill; eight students support its passage, and six persons undecided.

Some of the arguments given by students who oppose the provisions of the Gray Bill are:

(1) "I don't see how the Gray Bill is a disgrace to Virginia."

(2) "Decidedly against it. Direct defiance of the Supreme Court's decision."

(3) "Absolutely preposterous. Shows how prejudiced and childish our law makers are. It's a shame this coming generation will face such a proposal."

I know segregation is not right, but when it comes to integration and the Negroes have contributed a great deal. We already have integration and the Negroes have contributed a great deal. I don't object."

I do not object to Negroes in my profession, but I think Negroes should have equal educational opportunities." 

"If it goes through, it is up to us as teachers to recognize each other's worth, if it doesn't become a crackpot." 

"In the referendum to be held January 5, 1956 should the Gray Bill be passed?"

"In my profession, I won't become a crackpot if I have to teach Negroes." 

"In my profession, it wouldn't make too much difference if I have a Negro as a student, but I don't want to mix socially with him or her." 

"This is the viewpoint rather than the majority of those who sponsored this bill. I think segregation is being promoted by the outmoded prejudice of the older generation.

"In the referendum to be held January 5, 1956 should the Gray Bill be passed?"

Other students in favor of its passage, and six persons undecided.

Those in favor of the Gray Bill gave the following arguments:

(1) "I am against integration because of the social problems it will cause, but I think Negroes should have equal educational opportunities." 

(2) "I think the Gray Bill is a very good idea, and I believe the people of Virginia will decide that Negroes have private schools for those who refuse to go to integrated schools." 

(3) "I'm for the Gray Bill. I wouldn't mind my children mixing with Negroes in school, but I don't want them to mix socially with them."

(4) "If we do not have integration, people should make the most of it and do what is best for both races."

(5) "I know segregation is not right, but when it comes to integration, I don't know what I should do."

"I would like to see Charlie Caricko back on the campus once more. Charlie did a fine job, but boys, you were certainly not up to your best last year and should have a very successful season. It was good to hear that the requirements of the Gray Bill are being dropped. As near as I can tell, the Negroes will be taken care of."

"All students in the journalism class taught by Miss Clara Childs are invited to make a very joyous occasion for many girls here on campus. Barbara Paum became the bride of Charles Beckworth of Roanoke, Janet Pendergraft the bride of Jack Nolting from Chitwood, and Pat Cannon to Frederick Schuster of Wilmington, Delaware.

Flaming Flicks -

Hammer's 17th press conference for his film "The Seven Year Itch", "The Shining". It's a good movie, but I haven't seen it yet."

"I don't plan to teach, but I may have to work with, or under the supervision of a Negro and I do not object."

"In my profession, scientific research, it wouldn't make too much difference. We already have integration and the Negroes have contributed a great deal.

"As far as I am concerned, any teacher who can teach an all-white school will have no problem teaching a mixed race class."

"If I were not a teacher, I wouldn't want to teach in a private school or pay taxes for their support."

"Many persons interviewed seemed to think there is much emotional alarm that Negroes of Virginia are being driven by their emotions rather than by their intelligence."

"The polls of Spotswood won top honors in the front crawl, elementary back stroke, and surface dive, while Martha Talman of Sheldon won first in the tandem events and standing front dive. Other winners were Joan Lambert (Spotswood, side stroke); Betty Wightman (Jackson), running front dive and jack-knife; and Betty Snellman (Jackson), racing. One synchronized swimming number, "Three Coins in a Fountain", was entered. Participants in this number were Jackie Ditler, Letitia Lamb, and Nancy Driver. Judy Yancey, Polly Morosini, Mary Ashton, and Beverly Bowman served as pages for the event.

President G. Tyler Miller is shown leading Southernians who have been awarded Certificates of Appreciation by the Southern Regional Education Board. In making the presentations in behalf of the SREB, Director John E. Ivey, Jr., called attention to the role of the Board in recognizing and counseling and, in general, their "significant contributions to the development of the Southern Regional Education Compact, particularly during the period of its establishment and early operations."

Each recipient, Director Ivey pointed out, has made a significant contribution to the Board which it recognized in making the presentation of the certificates. In each case, the Board felt that the award was made in view of definite contributions made during the early development of the Southern Regional Education Program, which was established under interstate compact in 1969 by legislative action of 14 Southern states.

The primary purpose of the Board, Director Ivey said, "has been to help colleges and universities of the Southern states to build high quality research and educational programs, at the same time avoiding unnecessary duplication of facilities among the compact states."

According to Ivey, the Board felt that each man awarded one of the certificates had in some way helped in this aim and wanted to take a concrete step toward recognizing his contribution.

Recognition by SREB The awards are scrolls inscribed: "The Southern Regional Education Board, in presenting this certificate of appreciation to . . . gratefully acknowledges distinguished contribution to cultural, governmental and scientific progress through the improvement of higher education in the states which have joined together legislatively in the Southern Regional Education Compact of 1949." Following the ceremony, the SREB's annual meeting in October.

"What kind of roommate have you got?"
"Well, last night he bit his lace in a chair and said, "Oh, the perversity of inanimate objects."

Quota Club of Harrisonburg Will Offer Student Rate Tickets For Broadway Plays Three Broadway plays, all of which have been smash hits, will be brought to Harrisonburg by the local Quota Club. Performances, with all professional casts provided by the Civic Drama Guild of New York, will be given at the Harrisonburg High School on January 25, March 7, and April 23. The plays are "Sabrina Fair," a comedy; "The Letter," a mystery drama by Somerset Maugham; and "The Picnic," also a comedy and a Pulitzer Prize winner.

The purpose of the Quota Club in sponsoring these plays is two-fold. They wish to give the community an opportunity to see professional dramatic productions right here at home, and they want to further their service work which is "Aid to Hearing Children," especially school children who are handicapped in speech activities because of defective hearing.

Regular cost of a series ticket is six dollars. Madison students may obtain a student rate ticket for three dollars, tax included, from Miss Feeney Hoover.

Outstanding Seniors Receive Recognition by Ann Fornigh In previous years THE BREEZE has disclosed the names of those Madison students selected for WHO'S WHO IN AMERICAN UNIVERSITIES AND COLLEGES by a publication "scour." This year, however, the newspaper sponsored an assembly program, November 26, in which the nineteen candidates were tapped before the student body.

White carnations, carried by the Sophomore Class officers, sister class of the seniors, were given to the nineteen honor students, who are Shirley Blackwell, Pam Bond, Fran Briceky, Mary Lou Carroll, Margaret Harrington, John E. Sutton Holland, Jack Lefler, Marcia Maier, Edward Michael, Mary Sue Missimer, Sarah Munday, Barbara Murphy, Charlene Myers, Mary Sue Nelson, Rita Ritchie, Doug Soyars, Natalie Tiller, Alberta Warren, and Marilyn Zirk.

Recognition who Who's Who means that the student was first, officially recommended from the university or college he attends, as a result of the organizational work conducted by campus committees and usually involves student-faculty-administrative participation. Each institution is assigned a certain quota large enough to give a well-rounded representation of the student body, small enough to confine nominations to an exceptional group of students, and is based upon current enrollment.

Each student who becomes a member receives without cost: a certificate of recognition awarded by the organization and presented at the school; recognition in the annual publication for the year during which he was selected in the form of a write-up of his college and personal record and a listing in the Index under the college from which he was nominated; benefits of the Students Placement Service provided by the organization if he needs assistance in making employment contacts or supplying other recommendations. Who's Who Among Students in American Universities and Colleges is designed to render, in addition to these services, greater, though less conspicuous, service: a goal of greater good for the college in which the student works. As a reminder that time must be used intelligently to bring the best resources from college experience.

As a standard of measurement for students comparable to other recognized scholastic and service organizations.

SHIRLEY BLACKWELL Shirley Blackwell, of Rosonek, a senior in the Nursing Program, won the Panhelletta Scholarship Cup, which is awarded annually to the Greek group on campus having the highest scholastic average.

The award was made at the Panhellenic Sing held November 21. Zeta Tau Alpha International Women's Fraternity won the Panhellenic Scholarship Cup, which is awarded annually to the Greek group on campus having the highest scholastic average.

Zeta Tau Alpha Women's International won the Panhellenic Scholarship Cup, which is awarded annually to the Greek group on campus having the highest scholastic average. The award was made at the Panhellenic Sing held November 21. Zeta's average was 2.899, Sigma Sigma Sigma's average was 2.832, and Alpha Sigma Alpha's average was 2.804. The award was given to Zeta for the year 1954-55. Winning the Cup for two years in succession gives a chapter permanent possession of it.

Speaker Relates Life With Feline Family

There's a small cozy apartment in uptown New York City which on occasion echoes to the plaintive cries of infant cats. But these are cats—with a difference! And thereby hangs the tale of one woman's unique career!

For the woman is Helen Martini, wife of the head lion keeper of the famous Bronx Zoo and the cats, hardly garden variety fe-
lines, are baby lions, tigers, leopards and jaguars. She lives in Madison College December 7 to tell the whole fascinating story to members of the student body, She was sponsored by the Junior
Clubs which celebrated its second day.

How does a diminutive, dark-haired girl from St. Johns, New-
foundland, get to be foster mother to a whole Noah's ark of wild
animals?

Jeweler By Trade
You might say the story started back in 1912 when Helen married Fred Martini, a jeweler by trade in New York's Maiden Lane district, who made animals his hobby. Sunday the Martins would wander
hand in hand through the Bronx Zoo, fascinated by the attraction of wild animals. Fred would so often exclaim over how much he would like to find and raise the cubs of the jungle that one day, Helen Martini said to him: "Why don't you apply for a job here?" He did, and he said, "I could have. Everybody would be like Sunday."

"Surprise Bundle"

About a dozen years ago, Fred Martini came home one night car-
ing in his arms a small furry bundle, wrapped carefully in his fleecy
coat. "Helen, will you help?" he said.
Help? Mrs. Martini rushed around her kitchen, found a cardboard box, and lined it with a heated blanket and tenderly laid the newly born lion cub within its warm folds. The thought that here was the king of jungle beasts never entered her mind when she gazed at down on the tiny helpless creature that had been rejected by its natural mother.

The three-pound, twenty-one-inch cub flourished to majestic maturity at the Zoo after it had been taken from the mother's warm apartment at the age of two months. It was the start of a pro-
nunciation which has created situations that have all felt Helen Martini's
loving care.

Time Out

A man in anticipation of death bought the finest casket available, for
delivery at the appropriate time. He told a friend what he had done, de-
scribing the gold fittings, teakwood carvings and other features, and men-
tioned that he had from the floor of the emporium, was a specimen of his pet.

Members of the Modern Dance Club rehearse one of the numbers which will be presented in their Christmas program to be given in assembly Wednesday, December 13.
Winners in the final competitive "Splash Party" are (1. to r.) Joan Lambert, Martha Talman, Betty Whiteman, Margaret Mitchell, and Jackie Ditzler; (second row) Susan Matthews, Letitia Lamb, Betty Lou Spellings, and Nancy Driver. See "Sports Specs" for story.
