Gibbons Hall
New Home
Of Tea Room

Madison's new Tea Room, located in Section 6 of Gibbons Hall, opened Wednesday, September 14. The room has been a long time coming, a machinica which dispenses soft drinks, sandwiches and candy from 7:30 a.m. to 10:30 p.m. daily except Sunday. The equipment, installed by Andrew's Vending Service, cost about $13,000.

A unique feature of the room is the micro-wave ovens which heat sandwiches in 20 seconds. Two of these ovens are placed on counters where mustard, ketchup, relish, and trays are located.

Several kinds of sandwiches are available from nearby vending machines, including hamburgers, cheese-burgers, pizza burgers, and chicken, and meat salad sandwiches, which retail for price of 25 to 40 cents. Any of these sandwiches can be placed in the micro-wave ovens.

Coffee, milk, hot chocolate, and soft drinks may be obtained from the machine. Dancing, cards, pool table, chairs, donuts, cakes, and peanuts are available to the students. Each cigarette and a unique-changing machine are in the room also.

The room serves the students in the same capacity as the old Tea Room in Harrison Hall. The new Tea Room has tables and chairs for about 30 customers. Andrews said that an attendant will be on duty most of the time to assist the students with the machines. He remarked that they must have been re-established every day to insure freshness.

The Tea Room will be in operation for two years or until the Student Activities Building is completed.

New housing Facilities
Help Elevate Overflow

195 Students Fill New Dorm

The first of the two new dormitories to facilitate the increasing number of female students was completed and occupied Monday. The dormitory is located on back campus, behind Gibbons Hall. Currently 198 upperclass stude.nts are housed there.

The building was scheduled for completion by the fall work of September, but progress was delayed by the late arrival of built-in dressers and closets. Richard Manderville, the Assistant to the President, said that most of the items were completed 17 days later than planned. The new dormitory is designed with three housing wings and a lobby by which forms a square, enclosing a small court. Each wing is a separate unit and is not accessible from other wings except through court entrances. The wings are constructed of red brick, and the lobby is of sandstone and glass.

Floor plans of N-1 and N-2 still under construction, are designed to house three dormitory floors that are prevalent in Madison's present dormitories. Each floor con-

(Continued on Page 3)

Management Course
To Be Offered Here

This year's student can elect a course which introduces them to the fundamentals of managing a home.

The course is intended for students who expect to be married soon.

The Home Economics course, "Managing a Home," is organized to solve problems which confront young career people and young married couples. Lectures will cover such topics as etiquette, grooming, clothing selection, credit buying, wedding plans, selecting home furnishings, meal planning, and service and work simplification.

"Managing a Home," Home Ec. 474, is open both to men and women.

The course, which offers two hours credit, is scheduled during the eight weeks, on Tuesday and Thursday afternoons. Miss Carolyn Driver and Miss Dorothy Rowe will co-coordinate the course, but plans call for all members of the Home Ec. faculty to lecture during the course.

Interested Students
Join Orchestra Now

Anyone interested in joining the Madison College Orchestra and Concert Band may audition in the instrument room, Wilson Hall, on Monday, September 19, at 4:30. Both orchestra and band may be taken with or without credit. Brass and strings are especially needed.

Instruments are available for prospective students at no charge. For further information contact Mr. Marshall or Mr. Kurtz of the Music Department.
Pres. Miller Announces Appointments, Thirty-seven New Profes Assurno Duties

Thirty-seven professors have accepted teaching positions at Madison's faculty. The announcement was made by G. Tyler Miller, President of the College. The professors are filling vacancies left by retiring and resigning staff members, and positions created to fit the needs of the expanding departments.

Mrs. Frances E. Ware: Instructor of Social Science. Before earning the M.A. degree in Education from Madison, she also received the B.A. degree from the University of Tennessee.

Mr. John A. Pitsinger: Instructor in Speech. He holds the B.A. degree from Washington and Lee University and has also had a Judge Advocate Special Course in military law.

Speech and Drama Department

Mrs. Susan J. Seidel: Assistant Professor of Speech. A graduate of College Junior College, she received the B.A. degree from the University of Kentucky and the M.A. degree from Indiana University.

Mrs. Mary E. Fristad: Assistant Instructor in Speech. Mrs. Fristad has taught at both Springfield College for Women and has completed several graduate work at the University of Mississippi and at Madison College.

Col. Adolph H. Phillips

Colonel Adolph H. Phillips, former Inspector General of the United States Army Test and Evaluation Command, has been named Howard College's new Dean of Business and Management.

Col. Phillips's new position becomes effective September 1. The announcement was made by Ray Sonner, chairman of the Board of Trustees.

A native of Swainsboro, Georgia, he is married and has two daughters.

Rule Changes Give Better Meal Service

New dining hall procedures will become effective September 19, for all students using these facilities. This list of procedures, recommended by the Dining Hall Revisions Committee of提质 College Association and College personnel.

A new system of identification cards will be effective this fall and students are required to show those ID cards for admission to meals.

This year seated meals will be served Monday through Thursday, seven days a week. Students will be assigned to eat at each table. New seating assignments will be made at the beginning of each eight-week period. Also, the Student Government will designate a hostess for each table.

Students may have half portions of meals except meat. To get second meals, students must wait for a break in the line. All meal coupons will be served before those requesting seconds.

Goals of the food service are: to provide an opportunity for gratifying lunches daily, to satisfy special needs, to provide an opportunity for students to have luncheon and to provide students with an extra class period over the noon hour by utilizing cafeteria service, to provide three nutritionally adequate and satisfying meals daily, to provide special meals for boarding students.

William W. Scott Appointed

An active scholar, Dr. Scott is a member of Phi Delta Kappa and Phi Kappa Phi, all professional society members. He was also selected to represent the University of Colorado at the National Science Foundation.

Dr. William Scott

Dr. William W. Scott, Sr., former associate director program director of the National Science Foundation, has been named Dean of Madison College.

He is directing Dr. Emmet Rembery, head of the Mathematics and Physics Department, but he will continue to teach the B.S. degree in physics at the Madison Board of Visitors.

Before joining the National Science Foundation, Dr. Scott served as professor of botany at Virginia Polytechnic Institute, Blacksburg, for eight years. There he helped to develop a graduate program in botany.

He received his B.S. degree from the Virginia Senior Academy of Sciences and a former director of the department, Dr. E. H. Lemmon, who is currently the chairman of the Department of Agriculture, is a member of the Virginia Commission on Science Education and Research.

He received his B.A. and M.S. degrees from the University of Vermont and earned his Ph.D. degree at the University of Michigan. Dr. Scott also did post-doctoral work at Indiana University.

Phillips Assumes Business Management of the College

grew from Frosby State College, and has studied at Duke and Yale Universities. He received the B.A. degree from San Diego State College.

Music Department

Miss Sally Lance: Assistant Professor of Music. A graduate of the University of Georgia, she studied at Duke and Yale Universities. She received the Bachelor of Music and Master of Music degrees from the Manhattan School of Music, New York City, and has studied abroad one year at the American Conservatory of Music in Chicago.

Physical and Health Education

Mr. Philip G. Hanley: Assistant Professor of Health Education and Director of the "Explorative Study in School and Community Health. He attended Eldorado Junior College, and received his B.S. degree from Friends University in Wichita, Kansas. He is also a graduate of Colorado State College.

Miss Mary L. Schaeff: Assistant Professor of Physical and Health Education. She attended the Tower Secretary School in Chicago, and received her A.B. degree from the University of Colorado, and the B.S. degree in business administration, and the B.A. degree in physical education and Exercise from San Diego State College, and the M.A. degree from Southwestern State College in Texas, San Antonio College, and the University of Colorado.

Mrs. Carolyn E. Burnor: Instructor of Physical and Health Education. She attended the University of Colorado, and received the B.S. degree from Fairmont State College, and the M.A. degree from West Virginia University.

Miss Barbara M. Miller: Instructor of Physical and Health Education. She attended the University of Colorado, and received her B.S. degree from Andrews University, and completed graduate study in sociology at the University of Maryland.

Social Science Department

Mr. Charles A. Hager: Professor and Director of the Social Science Department. He holds the B.S. degree from Columbia University, and the M.A. degree from Andrews University, and is completing his Ph.D. degree at the University of Minnesota.

Mr. Vernon G. Manklemore: Assistant Professor of Science. He earned the B.A. degree from Wilson Memorial High School through the University of Virginia, and has studied at Duke and Yale Universities.

Mr. Paul W. Nelson: Assistant Professor of Religion. He has studied at the Bible and Theology at Grace-Omaha University.

Mr. James M. Wittenberg: Professor of Bible and Theology at Grace-Omaha University.

Mr. Richard W. Smith: College Graduate School.

Dr. William Scott: Immediately following the death of Dr. Percy Ikenberry, head of the Mathematics and Physics Department, Dr. Scott succeeded him as Dean of Madison College.

Dr. Scott has also done post-doctoral work at Indiana University.

Interviews Approaching Placement Folders Needed

Students are urged to keep their confidential folders and file them in the Placement Office. These folders supply students information that is helpful to prospective employers. The announcement was made by Mr. John E. Collins, Director of Placement. The Placement Office is located in the Madison Legal Building.

Mr. Vernon G. Manklemore: Assistant Professor of Science. He earned the B.A. degree from Wilson Memorial High School through the University of Virginia, and has studied at Duke and Yale Universities.

Physical, biological, radiological weapons and prototypes systems in the United States Army Command at Fort Monroe, Virginia, and for the U.S. Army Combat Command at Fort Belvoir, Virginia.

Col. Phillips has received his B.S. degree from the University of Maryland, attended the Command and General College at Fort Lee, Virginia, and the Army Management School, and the Executive Officer and Planning School in Automatic Data Processing and Management Systems.

Commenting on the new business manager's qualifications, President Miller commented: "Col. Phillips brings a broad range of experience in his service career. He has prepared budgets, analyzed and controlled expenditures, prepared financial reports, managed personnel and large facilities, and carried on numerous administrative duties, along with other background duties and responsibilities. These, and his personal qualities make him the best choice as our business manager."

Col. Phillips is a 2nd-degree Mason and a member of the American Businessmen's Association.~

We also states, "It will be a pleasure to work with you, and we hope your experience here will be exciting, fruitful and satisfying. We look forward to a cordial relationship with you."

Morton wishes to "extend a warm welcome to the new students at Madison. Tolbert also states, "We are looking forward to getting to know each of you, and invite you to come by to see us at Allen Hall. If you have questions or problems just for a get-acquainted visit."

Rice Gain Administrative Positions

Five administrative positions have been filled here for the 1964-65 session. The appointments of Dr. James Peindexter, Mr. John L. Rice, Miss Patricia C. Durbin, Mr. James Reubush and Mr. Ray V. Sonner were announced by President Miller.

Dr. Peindexter has also been appointed the position of Assistant Dean of the College. His duties will include interviewing and directing the student representatives.

Mr. Reubush will assume the position of assistant professor of sociology at Emory University.

Mr. Rice, Assistant Professor of Sociology, has been appointed the position of Dean of Men.

He received his B.A. degree from RICE Virginia Polytechnic Institute and the Ph.D. degree from the State University of Tennesee. After a tour of duty in the United States Army, he was appointed the position of Director of Personnel at Fort Union Military Academy.

The new Dean of Men expressed hope that Madison College and Rice will soon accept the College as a co-educational college.

Deans Welcome New Students

Sessa holds the position of Direc- tor of Services and Placement. He has been appointed the position of Assistant Dean of Women. A na- tive New Yorker, Mr. Reubush earned his B.S. degree at Bridgewater Col- leges and her Master's degree from the University of Virginia. She has taught English and social sciences in Charlotte and in Rockingham county schools.
