Reed Gym To Be Scene Of Panhel Christmas Dance

Christmas is the prevailing theme of the annual YWCA Christmas pageant to be held Monday night at 8 p.m. in Wilson auditorium, announces Libby Fisher, president of YWCA.

The madonna was selected in secret by the student body on this same night. These girls were Margarette Berryman, Alyce Kelly, Wash-tools Hordle, Marye Lesser, Cheryl Bernet, Mildred Joash and Joan McLuskey. The madonna will be the group's most virtuous woman, while the first angel will be the runner-up. Winners will be announced the night of December 6, 1942.

The pageant will consist of narration, music and tableau. It will open with the prophecy of Christ's coming and go through the Christmas of today. The music will be furnished by a music club and includes students from all four classes and from all four colleges.

The group requests that there be no talking during the organ numbers. A copy of the program will be placed at the door of the auditorium and also at the entrance to the gallery.

The group expresses its thanks to the annual YWCA Christmas program with a special recognition of the madonna and the first angel, and to the students of the various departments and colleges who contributed to the success of the pageant.

Pageant Theme

"Holy Nativity" will be the theme of the annual YWCA Christmas pageant to be held Monday night at 8 p.m. in Wilson auditorium, announces Libby Fisher, president of YWCA.

The BREEZE

No Coal—So Cold

The coal strike is on! All of us are aware of this unfortunate fact now, with cooler domes, fewer lights, and an almost cancelled dance.

The radio and newswires to the country have kept us posted on the nationwide coal strike and we have heard of the tragic effects of the strike in some areas. But, although most of us have strong suggestions as to the treatment John L. Lewis and his coal miners should receive, we are not exactly sure as to how we should suggest.

However, there are some things we have been requested to do to help the present situation.

1. Try to keep in mind that the lights in our domes rooms are burned at a minimum. And especially we must be careful to cut off all lights when we leave our rooms.

2. Perhaps many of us have already noticed that the temperature of our rooms is not as high as they were. This is just another of the local results of the strike. If we will keep our windows closed as much as possible, our rooms should be easier to heat.

3. We must try hard to keep the coal strike as up to us to meet the challenge and give our full cooperation during the emergency.

Good Luck!

There are three weeks during every year on Madison campus that give every warm blooded do-dirty chills and fainting spells. The first one of such weeks this year is only a matter of hours from now.

Theateful Tuesday, Wednesday, is the day our energetic professors begin the grueling task of supervising hours of "guess work" and then watch the final result of the tests. This doesn't take care of all for us as for ourselves. What could be worse than grading approximately 100 dull papers—all facts, sans any degree of imagination?

Seriously, this is a crucial week in the school year. Each of us should do his best work and use the clearness of his one and only brilliant mind. But above all, don't get too excited and upset over what you can't possibly remember beyond the day of the test, consequently what have you gained?

Take next week's activities in your stride; in other words, take it easy. Concentrate on what you've learned, rest, and think fast for the lucky for the most successful exam week ever! B. R.

Cruikshank, Photographer Of Wild Life Gives Illustrated Lectures

By Joyce Crumner

Allen D. Cruikshank, a talented lecturer, spoke in Wednesday assembly and was heard by a group of wide-eyed eager youngsters. He is an extremely realistic imitator of birds for the National Audubon Society. He recently performed a special performance of bird calls for the benefit of a group of wide-eyed eager youngsters. He is an extremely realistic imitator of birds for the National Audubon Society. He recently performed a special performance of bird calls for the benefit of a group of wide-eyed eager youngsters.

One of Mr. Cruikshank's main characteristics seems to be great energy in tackling difficult projects. He explained that early in school he set as a goal the photographing of one hundred birds that were native to his section of the country. This nature lover was born in the "Virgin Islands, West Indies, but his family moved to the United States when he was seven years old. His formal education was obtained in New York City at the "New York University. The National Geographic Magazine, Nature Magazine, Audubon Magazine and many other publications have all published his photographs.

"As a contrast to the work of photography," Mr. Cruikshank spent two years with the "British Museum."

Committees Discuss Goating Standards

The Religious and Social Committee which consists of seven faculty members, heard Tuesday a discussion by the presidents of the German and Cotillion Dance Clubs to discuss goating standards.

The main problem considered was the question of goating during classes. A number of faculty members have complained, that the upset condition of the girls' hair, dresses, and etc., during the three days of goating, is very distracting. The faculty is not against goating but does not approve it.'

The group also discussed the rules concerning the goating in the dining halls, etc. Since the residents of Harrisonburg are not aware of the reason for the rather ridiculous dress worn during the goating period, they do not understand and consequently question the practice.

During assemblies, as well as in the dining halls, old and new members expected to maintain a certain degree of dignity. Goating should not be carried on.

Of course, the dance club presidents, together with the committee decided that a permanent set of rules governing the goating should be placed in Miss Van Deusen's office. These rules may be amended from time to time and will do away with the necessity of drawing up new rules as is now being done.

overseas working in the news section of the Army Playhouse Service in London. His plans for the future include work filming the wild life around Suitland. It is easy to picture Mr. Cruikshank including the Army Playhouse Service in London. His plans for the future include work filming the wild life around Suitland.

SHERIFF BRIDGES: The Sheriff’s Office has arrested a suspect following the theft of a car.
Well, did everyone have that big time Thanksgiving? Here's hoping you did, and after all is said and done (meaning the exams) here's hoping you have a very a happy and better day throughout the Christmas holidays.

Even though Madison doesn't have a football team of its own, it does have some football players. The Monogram club of Harrisonburg is a football team made up of boys who have played ball in previous years at Harrisonburg High School and won monograms for their playing.

Thanksgiving day, here in Harrisonburg, there was a game between the Monogram club and Staunton, in which Harrisonburg won by a score of 15-0. We believe to make this victory more interesting for all was four boys who attended Madison, Kenon Gamblin, Bill Wulf, Bill Nash, and Paul Deter.

At Boncler, Thanksgiving day, VPI defeated VMU 26-7 in one of the most exciting games played this year in Virginia. It was a 7-7 football game until the last quarter when the boys from Tech went over for two touchdowns and went on to win 26-7. VPI has accepted an invitation to play in the Sun Bowl, January 1, at El Paso, Texas. This acceptance to play in the Sun Bowl has made the VPI team the first football team in Virginia history to compete in a bowl contest. Congratulations.

The other major Thanksgiving Day game in the state was between William & Mary and the University of Richmond. Those powerful Indians were very much favored in Richmond but the University of Richmond by an overwhelming score of 46-0. We wonder if Richmond had an off day? We were disappointed, Spiders.

Over the Christmas break in last Saturday, the scoreboard read 41-14 at the close of the game between Virginia and North Carolina. It had been the last game of the season for the University of Virginia, but not for the University of N. C. who won the game 46-24. North Carolina upon completion of the game offered the University of Virginia a friendly game with the State University of Washington the first two Mondays of December, 1958.

All the big talks about the mighty Army team that has been undefeated in competition for the past two years nearly came to a screeching halt last Saturday when the annual classic between Army and Navy was played in Philadelphia before a crowd of 100,000 people. Navy had been walloped on all counts by Army the entire season and was not expected to win even the closest of the five new members November 24 at the Boncler Archery Club. Dot Dickenson was its highest score. Barbara O'Kane had the second highest and Jean Shelly had the third highest score of any of the former and the Jo Stafford of Richard's was second highest, and Jean Joseph, Lucille Jackson, Rosalie Kline, Mary Sue Landis, Jean Long, and Mary Margaret Purcell are always welcomed by the vice owner. Give for Christmas, remember records are there of this; neither, however, is available for Christmas. "Richmond had an off day?? We were way too much for Richmond and beat the University by an overwhelming score of 40-0. We wonder if "Richmond had an off day?? We were disappointed, Spiders.

Great luck everyone, on your exams, and to each one of you a very merry Christmas and a Happy New Year!
