A lot of credit should be given to your office, especially president Paul Wengler. They have done some teaching and recognition of the men on campus.

Hungarian Pianist, Robert, Presents Recent Program
by Miss Elizabeth Harris
Walter Robert, pianist, was heard in a recital on Friday evening in Wilson Hall. This was the third program in the current entertainment series at Madison College. Mr. Robert has just returned from a Concert Tour of Italy, Spain, and Switzerland, and is giving a series of recitals and lectures at various eastern colleges. He is a Professor of Piano at Indiana University in Bloomington.

The program opened with a Bach Allegro in G Major transcribed for piano by the late Hungarian composer, Bela Bartok. This massive composition was played with breadth and complete understanding of its depth and dignity. Mendelssohn's "Rondo Capriccioso" was gay and very fleet. The "piece de resistance" of the evening was the Brahms Sonata in C Major, op. 1, the composer's favorite. Mr. Robert was at his best in this work, both intellectually and musically. The broad themes were treated boldly, and with driving energy, sweeping on to one climax after another.

The second half of the program included the "Crepes" of Marco Castelnuovo-Tedesco, a tone-poem of much atmosphere, descriptive of the Tuscan landscape around Florence, with its sturdy cypresses standing guard over the warm beauty which is Italy. A sonata by a contemporary American composer, Ronald Williams, came next, followed by the seldom played "Valzes Nobles et Sentimentales" of Ravel. Mr. Robert's commanding technique showed to great advantage in his final number, the tremendous Liszt "Polonaise in E Major," which was played with brilliance and poise. A responsive audience demanded encores, which included the Gluck-Brahms "Gavotte" and "In der Nacht" by Schumann.

Metcalfe Foretells
Of Optimistic View
Noted journalist and lecturer, John
C. Metcalfe, discussed current events
in his speech, "Where Are We Going?",
in the Wednesday Assembly on March
20.

To discussing problems of the Secre-
tary of State, Mr. Metcalfe said that
the secretary's greatest worry is that
trouble might recur between Egypt
and Israel. "We can no longer afford
even a small war," he warned.
Later, Mr. Metcalfe presented a
more optimistic view when he pre-
dicted that "as the days go by, there
is less and less chance of conflict . . ." between America and the USSR. He
said that in the past Russia has stirred
away from the property America has
owed to protect.
