Dr. Mary Armentrout in the morning ceremonies Jackson was named as the first woman granted the recipient of Madison College's James Madison Distinguished Service Award, the University of Virginia where she was a DuPont Senior Fellow, a member of the honorary education fraternity, and was elected to Phi Beta Kappa.

The award is given annually at the college's Founders' Day program to the person having rendered the most service to the college community. Founders' Day commemorates the March, 1908, beginning date of the college.

Dr. Jackson, a member of the college's history department, was cited

Mrs. Jackson, who received her B. S. in education from Madison, returned to her alma mater in the fall of 1939. She was formerly teaching at Winthrop College (South Carolina).

## SGA Run-Off Results in Stalemate

The SGA Judicial Vice-Presidential run-off election resulted in a stalemate. Fred Naeher received 532 votes, 27 short of the necessary 50% plus one. Dave Grimes polled 447 votes and by virtue of a write-in campaign, 135 persons voted for Pat Dunaway.

"Robert's Rules of Order," the official guideline for SGA elections, states that a candidate must receive a majority to win. In the original election, Naeher edged Grimes by about 25 votes. The presence of three candidates in both elections contributed to the stalemate.

To fill the Vice-Presidential vacancy, the SGA will hold another run-off election on Tuesday, March 21. Grimes and Naeher will be on the ticket.

On the same date, SGA class representatives will be elected.

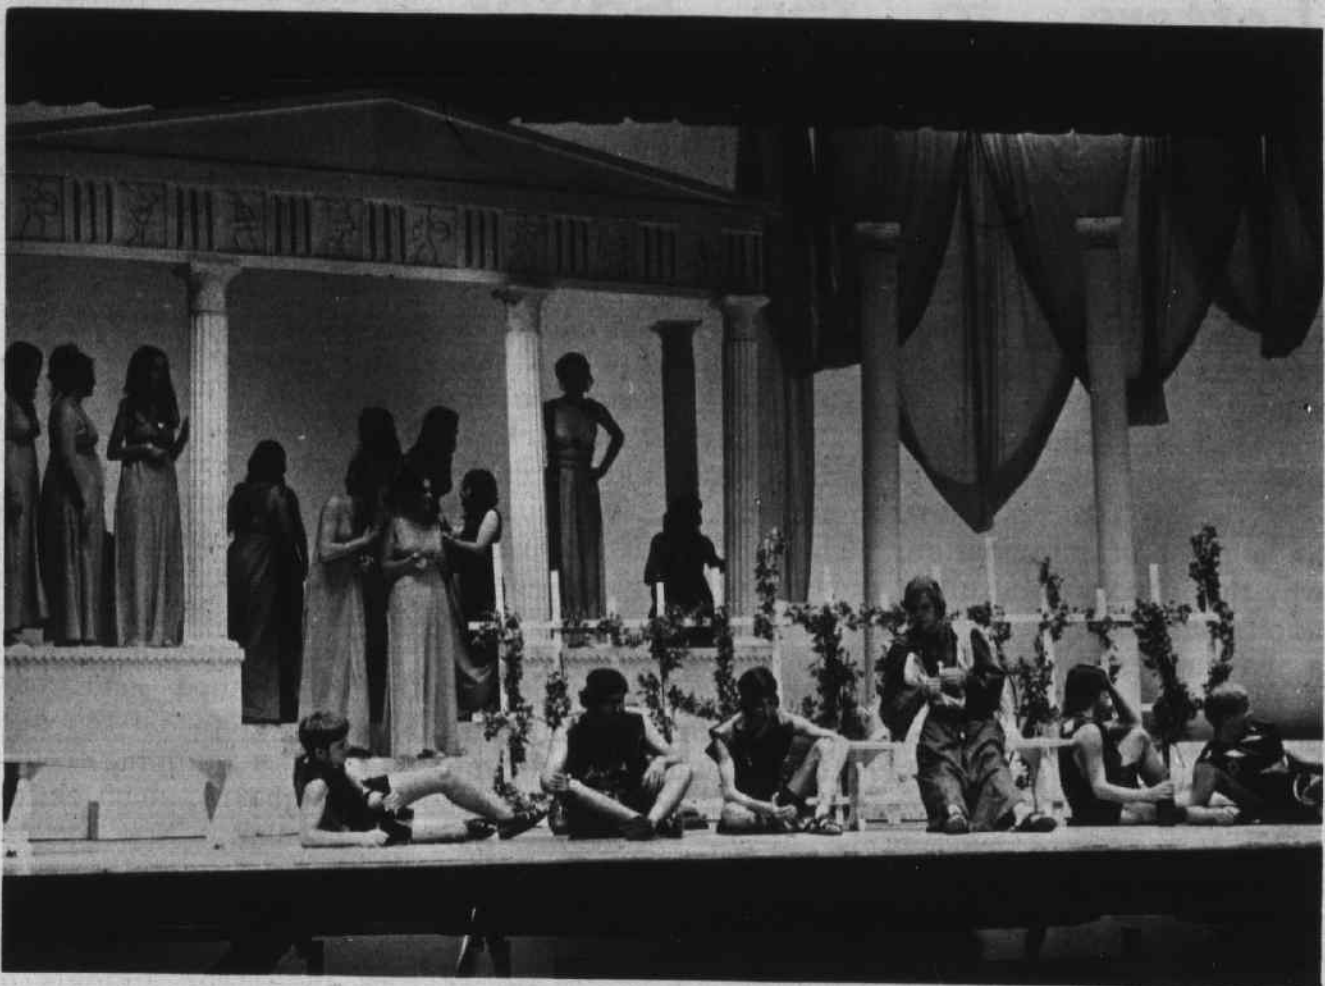

The Award for Distinguished Service was presented by Dr. Daniel McFarland, professor of history at Madison and a member of the Founders' Day committee. Dr. McFarland read the citation that praised Mrs. Jackson for her "unassuming nature, poised bearing, steady vitality and strength of character which have set examples that will continue to be felt on this campus."

Dr. Jackson advised the first Student-Faculty Committee and was instrumental in the Students' Honor Council program. She has served as a member of the college's library committee, a sorority advisor, and headed the college assembly program. She was the first person at Madison to teach International Relations, a course begun in 1946.

Mrs. Jackson is the wife of Francis Jackson and the couple lives in Mc-21. Grimes and Naeher Gaheysville, Va.

This is the fifth year the award has been given. Former recipients include

## Arts Festival Activities

## Criterion Club Sponsors First Writer's Workshop

The Criterion Club, the Madison College organization for creative writers, will sponsor its first writer's workshop this year in conjunction with the college's Fine Arts Festival.

The workshop will be held March 18 in the Latmer-Shaeffer Auditorium of the Duke Fine Arts Building. Registration will begin at 9:30 a.m., and the entire program will last until 5:30 p.m. Luncheon will be served from 12:30-1:30 p.m. in Gibbons Hall. Tickets for lunch may be purchased for \$1 at the morning registration.

Mr. Geoffrey Morley-Mower and Mr. Todd Zeiss, both members of the Madison College English department, will conduct the afternoon program from 1 to 3 p.m. Mr. Morley-Mower will read a paper entitled, "The Awful Poetry of Rod McKuen," and Mr. Zeiss will read "Father and the '1812,'" a story he recently published in BLACKWOOD'S MAGAZINE.

A discussion of work submitted by students will be held from 3-5 p.m. Mr. Stuart and Mr. Morley-Mower will discuss poetry; Mr. Zeiss and Miss Shelnutt will discuss fiction.

At the close of the workshop, Mr. Stuart will award the college's CHRYSALIS prize for poetry, and Miss Shelnutt will award the CHRYSALIS prize for fiction.

Mr. Zeiss is a graduate (continued on Page 4)

## Manus Reviews Economic Indicators

Department of Commerce staff member Peter Manus told a group at Madison College that "the economy has been on a gradual upswing for sixteen months." Dr. Manus reviewed basic economic indicators of housing (up 40% in 1971); mortgage rates (presently decreasing); plant and equipment spending (predicted to be up 10 1/2 % over 1971 figures); and unemployment in order to paint a cautiously optimistic forecast for the coming year.

By Mr. Manus's analysis, inflation is "moderating somewhat under the new Nixon economic policy."

According to Mr. Manus, Deputy Assistant Secretary for Economic Affairs in the Commerce Department, unemployment

is holding steady at approximately 6%. However, he pointed out the need to break down this figure for an accurate picture of U.S. employment. "Among teenagers, the unemployment rate is now 16 to 18 % yet among married men, the figure is only 2.8%. Of all those presently looking for work, less than half have been fired from previous jobs. The rest voluntarily quit their jobs, or are new members of the labor force."

Manus, 40, was formerly an economic analyst with AT&T. He holds a Masters in Business Administration from Hofstra University and a Ph.D. from New York University.

The public lecture was sponsored by the Business Administration Club at the college.

The Campus Program Board is presenting "The Fantastics," America's longest running musical, on March 27 at 8 p.m. in Wilson Auditorium. Admission will be \$1.50.

# Letters to the Editor

Dear Editor:

Well, the class of '74 has done it again, meaning: nothing. And at the rate that it is presently going, it will probably go down in the dubious history of Madison as a "Do-Nothing" class.

Ah, well. Those are the breaks . . .

I would like to know, as a point of information, why the officers of the class arbitrarily decided to have a banquet and a formal dance? Why did they not poll all the class members to find out what the class itself wanted to have? Why didn't they seem to have any other ideas or alternatives other than to follow traditions that dictate such anachronisms as a big banquet in the D-hall (how appetizing, eh folks?) and a dance that you have to put on a suit, tie, long dress, and what-not for? Why also, I would like to know, is this terrific social function being limited to only sophomores who have paid their \$\$\$\$ (dues)? Why isn't it open to any class, or just anybody that pays the money? ("If the class of '74 can't appreciate all the work its courageous leaders have done; well then maybe we'd better let in those who would enjoy such a program.") Why couldn't the class put on a free mixer (yeah, free, the treasurer of the class, Marcia Macomber, tells me that they have over \$500 in the treasury) and invite the whole school?

Most sophomores that I have spoken to are not even aware that there exists a regular bunch of do-gooders on Executive Council of the Class of '74 . . . after all how can they know? The Council does not make its presence felt in any reasonable manner; they don't do a half-way decent job of even publicizing meetings, nor recent topics of discussion,

nor even send out a regular memo to class members, nor use The Breeze or Fixer for communication. And they therefore expect all class members to know what's goin' on . . . Here is one case that cannot be blamed entirely on that tired cliché: Student Apathy.

Another sacred ritual that I would like to comment on . . . Who judges "The Most Outstanding Sophomore"? And under what criteria? This seems to be a fairly inane tradition that some folk cannot seem to let slip by unnoticed. What else do you need? -- "A pat on the back and a scratch behind the ears for the hard-workin' ole dogs . . ."

I would appreciate a rebuttal to this diatribe of mine. I really don't enjoy cutting people and their projects down. (Contrary to popular belief . . .) I just would like to hear less bitchin' about everything; especially by people that won't even get off their you-know-whats to constructively change things. And I want to know of what good is the Class of '74? What good are its officers? What have they done for the class, the school, and the community?

K. A. Uhler

Dear Editor,

After eating a few meals in the dining hall, I find it necessary to review some table manners for you. The major difficulty or problem, to put it in a word you can understand, is that your eyes are bigger than your stomach, or you take more than you can eat.

Instead of taking 3 or 4 rolls, 8 pats of butter, 2 or 3 desserts, more than one drink, take one of each and then if you are still hungry, go back for more. You may go back for seconds, thirds, ad infinitum. One reason this behavior is bad is that it drives up your and my food costs. By taking in excess, or

too much, the kitchen planners think that that much food is really needed. If not so much is wasted, less food will be ordered, bringing down the costs for you and me. Can you understand that? The second reason to avoid this habit is that it is a sign of immaturity, or not being grown up. This is really a simple decision to make and will show that you are being responsible. Can you understand this? It would be an insult to you to talk about all the clowning around while eating, throwing food and ice, loosening tops on the salt and pepper, jumping around on the chairs, such childish pranks. Now, either you begin to act like sensible people, or next time you can eat out in the road like the other animals in the forest.

This is what I usually have to say to a group of 12 and 13 year olds each week during summer camp. Could it possibly apply to a group of college age people? Never, right?

Grow up, kids,  
Barry W. Owen

## NILSSON CHANGES STYLE

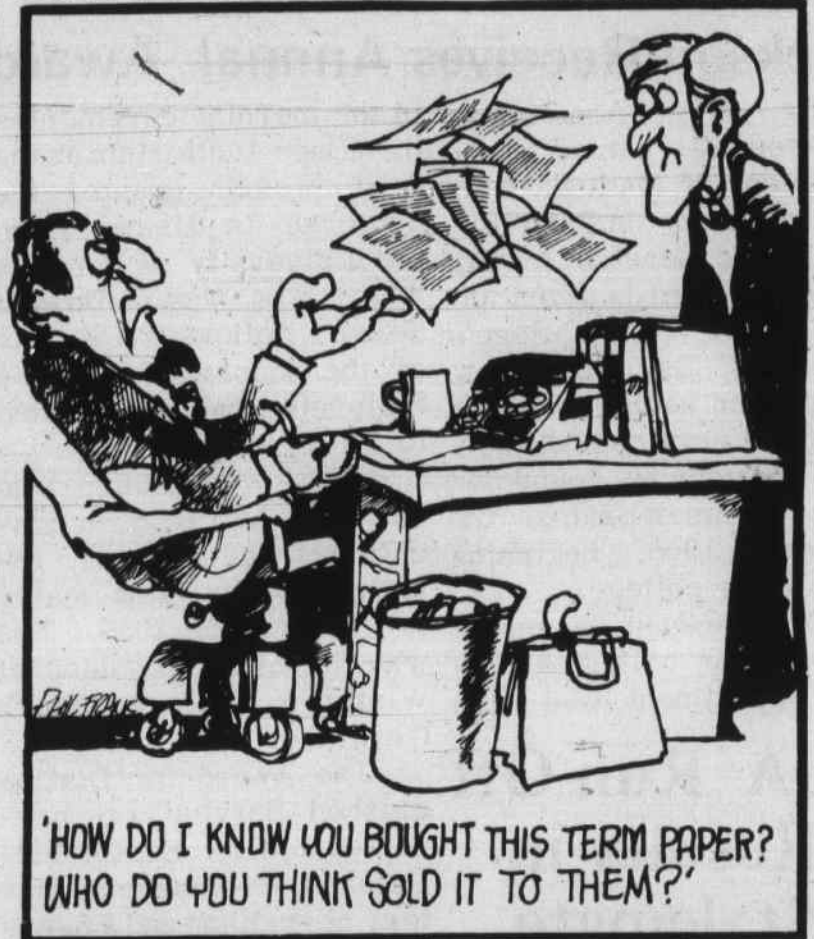

Nilsson has changed with his new release JUMP INTO THE FIRE, which is basically a jump from easy to heavy, and Hamilton, Joe Frank, and Reynolds will follow the presentation in the mezzanine lobby. L.P., HALLWAY SYMPHONY. ONE GOOD WOMAN has the flavor of guitar cords much like old LOUIE-LOUIE but could possibly be a hit for them. Another 45 to keep an eye on is THE WIZARD by the well known progressive group Uirah Heep. BABY BLUE is the new following of DAY AFTER DAY by Badfinger and the guitar work is definitely influenced by George Harrison. Packed with chart bustin' material is JULIANNA by the five man electrical band and Lindia-Farne has produced MEET ME ON THE CORNER. Peaches & Herb have once again teamed up on Columbia Records with a release entitled GOD SAVE THIS WORLD which is a Gospel type song with a Top 40 impact. Other soul artists with new singles include the emotions with MY HONEY & ME. The Female Harmonies and from Madison students, as Betty Wright may prove to do as well as her CLEAN UP WOMAN.

As far as L.P.s are concerned, Savoy Brown have finished cutting HELLBOUND TRAIN in England. This British Blues Group, according to Billboard, should also be successful in the United States with a progressive appeal.

# Concert Choir Plans Three Arts Festival Performances

The Madison College Women's Concert Choir and the Madison College Dance Theatre Modern Ensemble will perform three times during the college's Fine Arts Festival.

The first concert will be held Sunday, March 19, at 3 p.m. in Wilson Auditorium. The second will be held Wednesday, March 22, at 3:30 p.m. in the Latimer-Shaeffer Auditorium in the Duke Fine Arts Building. The final concert will be held Thursday, Mar. 23, at 8 p.m., also in the Latimer-Shaeffer Auditorium, and will be followed by a backstage reception.

The first and third concerts are open to the public; the second, on March 22, is closed to the public and has been specially set aside for elementary and high school students.

The dance theatre modern ensemble is directed by Dr. Earlynn J. Miller, and the women's concert choir is directed by Mr. David A. Watkins. The two performing groups have combined to present the first large interdepartmental production in the School of Humanities.

The feature selection for the concert will be the presentation of "Winter Cantata" by Vincent Persichetti, a series of twelve short pieces based on the Japanese haiku.

The concert will open with two sacred pieces done with both choir and dancers. These selections will be followed by two more for choir alone, and then dancers and choir will perform four movements of the contemporary work, "Petitis Voix," by Poulenc. The second half of the program will begin with the dancers performing with only organ accompaniment. This segment will be followed by short selections by the choir, then the featured "Winter Cantata" and finally a closing of two spirituals by choir and dancers.

## BSU Raises \$250

Saturday Adoption, a program sponsored by the Baptist Student Union and run by a committee of five, held a raffle from February 14-17 to raise money. The tickets were sold for 25¢ and a steak dinner for two was the prize.

The drawing was held for 6:30 on February 17. Gay Stevens, a Saturday Adoption child, drew the winning ticket. That ticket belonged to Gary Leake, who lives in Eagle. Gary is a sophomore and plays basketball on Madison's team.

As a result of the concern of Madison's students, this program was able to raise \$250, which will buy 500 lunches for the children of the Saturday Adoption program. Thanks also goes to the S.E.A., who made a contribution of \$50.

Taking advantage of fouls, Ashby B put two men in double figures with John Ribble and Howie Houghton scoring 14 and 10 points respectively, while TEX's Ed Pack carried the brunt of their scoring attack with 18 points.

Other action saw Eagle 3 defend its hold on the NBA-East with a 45-37 victory over the tough Theta Chi A team dropping them another notch into a third place tie in the standings. This was Theta Chi's second straight loss; the first was to Eagle 4-A two weeks ago. # - The Grandstander -

As the NCAA basketball schedule draws to a close some big dangers loom ahead. This season began with the talent balanced more equally across the nation than has been the case in almost a decade. Several teams are playing in postseason tournaments that are usually found at the bottom of their respective conferences. Is any of this talented undergraduate class going to be eligible next year? If the NCAA eligibility committee keeps moving in the present direction college basketball will be back on the "club" level in a few years.

Marquette was declared ineligible for the rest of the tournament because a player refused to sign an affidavit stating that he had not contacted professional agents. The team was reinstated in the tournament immediately after the player signed the statement. Professional teams are forcing college players to sign now, because there may not be a contract waiting after graduation. The eligibility committee is tightening the noose that is held over the head of every amateur athlete in this country.

In the end the big loser will be the college game and the players. Most of the money being promised will be tied up in the courts or never paid at all.

To further confuse the whole mess, several ABA players are trying to jump to the more financially secure NBA in hopes of being paid the full amount of their contracts. Charlie Scott of the Virginia Squires is the latest unhappy player to switch during the season.

The pros might even develop a minor league similar to the baseball system. Who knows where it might end?

Iowa State captured its third NCAA wrestling championship in the last four years behind Carl Adams, Ben Petersen, and 408-pound Chris Taylor. The Cyclones lost the Big Eight crown to Oklahoma State, but, with help from other schools, the Cyclones' outstanding individuals were able to win the big prize. Adams and Petersen are seniors, but Taylor is only a sophomore and still improving. Runnerup Keith Abens and third place finisher Rich Binek return next year to give the Cyclones strong material for years to come.
