Vol. XLV

laden branches. The first snow of the season left behind many broken trees and downed power lines.

Hallmark Announces Poetry Contest

offering a total of $1,900 in prizes and publication of a book-length manuscript, have been announced by Hallmark Cards.

One of four sponsors, Hallmark Magazine will announce a poetry contest with prizes of $750, $300, and $200. Manuscripts must be previously unpublished works of short fiction, neatly typed, double-spaced, and not more than 25 pages long. They must be submitted by March 1, 1969 to Atlantic, 1104 Commerce Building, Atlanta, Ga. 30003. Entries should include a post-age-paid, self-addressed return envelope.

Atlantic Magazine to Sponsor Regional Short Story Contest

Atlantic Magazine will sponsor a short story contest with prizes of $750, $300, and $200. Manuscripts must be previously unpublished works of short fiction. They must be submitted by April 24 at the closing deadline. The judges have not yet been announced but in the past have included Conrad Aiken, Louis Untermeyer, Robert Penn Warren, Philip Booth and Edwing Honig. All entries are judged anonymously. The author's name is enclosed in a sealed envelope attached to his entry. Complete contest rules may be obtained by sending a stamped, self-addressed envelope to: Atlantic Magazine, 8301 Holmes Road, Kansas City, Mo. 64111.

Atlantic's editors will judge the entries with winners to be announced in the May issue. Prize-winning entries will be published in the magazine. Published entries will become the property of Atlantic Magazine while other manuscripts will be returned if a return envelope is enclosed.

"We think it's time to try some fiction occasionally," says Editor Jack Lange. "It will help balance our more serious editorial matter, and we may uncover important young talent in the region. If so, fine, but mainly we want the magazine to be more entertaining. Our readers have indicated in recent surveys they want more fiction. We're going to give it to them. If we can't get the quality material we're looking for, of course, we'll reconsider."

"The region has a deep pool of writing talent. We want to explore it further with this contest."

Sufficient time is available to prepare stories for entry. Madison College students are encouraged to participate in the contest by submitting their work before March 1, 1969.

Illegal Use of LSD Questioned

Editor's Note: The following article appeared in the October 4 issue of The Virginia Tech. Virginia Polytechnic Institute, Blacksburg, Virginia.

The current excitement over the illegal drug LSD (lysergic acid diethylamide), illustrates many things about man's efforts to reinterpret life in his own time, LSD is a newly synthesized substance which was first experimented with as a possible chemical way to imitate schizophrenia. A widening circle of scientists gradually found it produced too much insight for schizophrenia, and perhaps had more uses for treating emotional disorders. Wild claims for its marvelous effects from those who took the substance, and ominous warnings from those who did not take it, led to its appearance on the black market. There followed a wildfire expansion of illegal use of LSD and marijuana by people willing to take a chance.

Federal and state prohibitions against its use have developed recently so legitimate scientists have withdrawn from the scene, while illegal use and its appearance in mass media have increased.

There is a central human experience which alters all other experiences. It has been called satori in Japanese Zen, moksha in Hinduism, religious enlightenment or cosmic consciousness in the West. The experience is so central that men have spent their lives in search of it. Once found, life is altered because the very root of human identity has been deepened. LSD appears to facilitate the discovery of this apparently ancient and universal experience.

"Sacred" Substance

Many people have been taken to enlightenment-LSD is just the latest one in a series of (Continued on Page 3)
EDITORIAL COMMENTS

Calendar Change Urged

One of the questions discussed at President Miller's Open Meeting last week concerned Christmas Vacation. As the calendar now stands, break begins at noon Thursday, December 19, for all classes. The Handbook no longer prohibits class absence during the 48-hour period prior to and following vacations. Therefore, upperclassmen who desire not to return for Friday and Saturday classes are free to extend their vacation. This is impossible, however, for first semester freshmen who have used their one excused class absence.

The only possible solution to this problem would be to begin Christmas Vacation at noon, Saturday, December 21 and return for classes on Monday, January 6.

Dean Hall stated at the meeting that he would give consideration to student petitions requesting this change. Student Government will not initiate this action without specific requests from students. It is therefore urged that students in favor of this change in the calendar contact SGA representatives requesting circulation of petitions.

Re-evaluate Your Honor

Upon entering Madison College, each of us attended sessions with Honor Council members in which we became acquainted with our Honor System. As freshmen, we were urged by placing a bulletin board in the Post Office, and by hanging a preventive theme rather than the threatening and fearful as aspect of the Andrews' and their staff to constantly clean up after their service. If the students have not if they did not deliberately leave trash around; if they weren't if students realize what is expected of them as responsible members of the Madison College community, many Honor violations will be prevented. As Madison grows and progresses, the Honor System expands into more areas in which the student is responsible for his own actions. Through renewed understanding, it is the Honor Council's purpose to aid the students in preventing many unnecessary and careless infractions. Council hopes to dwell on a preventive theme rather than the threatening and fearful aspects so often emphasized in connection with Honor Council.

Council is presenting and encouraging your thought this week by displaying announcements on tables in the dining hall, by posting a bulletin board in the Post Office, and by hanging honor plaques in academic buildings. Also included will be one compulsory dorm meeting. Those on Honor Council encourage you to raise your questions and comments in these meetings.

It is hoped that each student will seriously re-evaluate for himself the meaning of honor.

Andrews' Service Noted

For more than two years, Madison College has been fortunate enough to have had outstanding service from Andrews Vending Machines. In addition to providing a retreat from studies in the snack bar, the Andrews also have serviced the dormitories so that all students do not have to run across the street when the urge to "feed one's face" becomes intense. Another helpful and courteous service that Mr. and Mrs. Andrews and their staff to constantly clean up after themselves. Another point of concern might be labeled under the heading "Be Kind to Machine Week." For while we know "Be Kind To Machine Week" is a promotion to increase with maturity.

Little Man on Campus

Dear Editor:

I thought I could you have no food iteration in the room.

The following placement interviews will be held this week: General Accounting Office — November 19, 10-15:00; Priscilla Williams School — November 20 and 21, 9:30-12:00; Lexington Public Schools — November 22, 9-4pm.

VETERANS' DAY CELEBRATED IN HARRISONBURG

by Frank Humphreys

In thousands of American cities from Mains to California, from Florida to Oregon, the raid sirens were at full blast before dawn. Factory whistles shrieked and fire departments in large and small cities clanged through the streets to awaken the sleeping townspeople. The date was November 11, 1918, the day the word was flashed across the Atlantic that the first war involving all of the world's mightiest powers had come to an end.

That was a momentous occasion fifty years ago, and in remembrance of all the veterans of that and succeeding wars, we now celebrate Veterans' Day every November 11. As is the custom in Harrisonburg, it was celebrated here by a parade through town culminating at the Court House.

People came in from the surrounding communities to honor our veterans, both living and dead. The main streets were lined to watch the parade of local high school bands, commercial interests, and civic groups. The procession was kept moving by the loudspeakers which were ordered "Be Kind to Machine Week" is a promotion to increase with maturity.

A large number of young baton twirlers who braved the near-freezing temperatures in their brief costumes. The va-rious bands then offered selection of their music from the songs of the steps of the courthouse.

Looking through the crowd in front of the courthouse, one could see representative uni-uniformed to watch the parade of the parade.

"Be Kind to Machine Week" is a promotion to increase with maturity.

The Bookstore is eager to return number of English texts are number of English texts are available in front of the courthouse, one could see representative uni-uniformed to watch the parade of the parade.

LSD Creates Psychic Differences

(Continued from Page 1)

perhaps one hundred "sacred" substances from plants that primitive people all over the world have used for centuries in a personal encounter with the Divine and the nature of reality.

LSD is best described as a psychic amplifier. It awakens and expands the three dimensions the consciousness of what is within, not unlike the way in which Zen meditation awakens the senses to full clarity. Psychological differences between people under LSD are dramatically underlined. A depressed person can become suicidal or a latent schizophrenic can walk into the depth of his own madness. Or, an artist can richly experience the depth of his own madness.

In some sense we are all involved in a quest, whether called religious or not, by simply projecting a life into unknown dimensions. The LSD journey might be comparable to being launched into space, with no training, in a space capsule that hasn't been checked out. Those who prefer to travel may do so vicariously in the words of authoritative explorers. Such journeys are less dangerous, legal, and the reader has the distill accounts of an experienced observer. It may be that such explorers have been to the same land and described different aspects of it. Implying the oneness of the land and the existence that has been called mystical.

LSD instant mysticism

There are many ways to this kind of global insight, such as existence that has been called religious. The Christian who turns to his Bible persistently in his own word is his answer. Again, as with LSD, results depend on the character and the quality of the sacrament. Both Eastern and Western religions have large bodies of doctrine that are given out as cause it prefers instant mysticism and direct experience to doctrinal and direct experience to doctrinal and direct experience to doctrinal and direct experience to doctrinal.

Instant Mysticism

All of these can alter body chemistry in ways similar to the drugs. It may well be that our younger generation turns to the illegal use of drugs because it prefers instant mysticism and direct experience to the canned answers of doctrine. Study of a mystical example of a mystic living between Eastern and Western approaches. He knew dogma and the reader has the distilled accounts of an experienced observer. It may be that such explorers have been to the same land and described different aspects of it. Implying the oneness of the land and the existence that has been called mystical.

Pegasus Members to Compete

Horse competition among Pegasus members or participants in riding classes will take place at the Oak Manor School, Nov. 24, at 1:30 p.m. The eight classes of competition will be a Harrisonburg lawyer, Mr. Foreatter Taylor, Jr.

The eight classes of competition will consist of three equitation classes (elementary, intermediate, and advanced), two jump classes (intermediate and advanced), and two hack-class classes to determine the champion and the reserved champion, and a consolation class.

Veterans' Day (Continued from Page 2) forms for the military services dating back to World War I. These veterans, young and old alike, were united by the bond of having faithfully served their country in times of national and international crisis. When the colors passed back straightened, shoulders were pulled back, and heads were held high in a pride that can come only from having actively served their country.

These veterans, who are from urban or suburban areas have usually missed the color presentation. Joyce Plaugher, Barbara Eanes, Pat Avery, Jan Boswick, Bonnie Burch and Kay Taylor, who have placed in almost every meet, will be sorely missed.

The next meet will be at home against William and Mary and Madison Washington on Nov. 14 at 4:00 p.m. You are strongly encouraged to come out and support the team.

The team is coached by Miss Patricia Davis.

Marlene Langdale once again captured two events as Madison's swimmers defeated Westhampton, 47-30, in a dual meet Nov. 9.

Miss Langdale took the non-
individual medley and the 100-yard free style while Joyce Plauger won the 40-yard backstroke and Debbie Czyzter captured the 400-yard breaststroke. In addition, Madison's record-breaking 160-yard relay team composed of Miss Plaugher, Miss Czyzter, Nancy Taylor and Zan O'Brien was also victorious.

Others who scored points in the winning effort were Helen Burch and Kay Taylor, who were second and third respectively in the 40-yard free style event; Miss O'Brien who took second place in the 40-yard backstroke. Nancy Taylor, third place finisher in the 80-yard individual medley; Keith Marston and Meg Kable, second and third respectively in diving; Miss Burch who was third in the 100-yard free style; Sue Gerhard, runner-up in the 40-yard breaststroke; and Misses Nancy and Taylor, second and third respectively in the 40-yard butterfly event.

The results of the meet of November 14 will appear in the next issue of the Bee.
Nine Named to Blue Ridge Team

Madison's girls' field hockey team is well represented on the Blue Ridge teams which were selected at Randolph-Macon November 9. The girls were chosen as a result of their play in the Blue Ridge tournament where the local lasses scored a 4-2 win over Roanoke and defeated Sweet Briar, 3-1. Named to the Blue Ridge team were Chris Shelton, Barb Beacham, Miss Liefno, Sharon Skinner, and Elaine Choby. Miss Beacham and Miss Liefno were named co-captains of the all-star team.

Breeze Briefs

Phi Beta Lambda, the business club at Madison, recently collected money from students in the dormitories for UNICEF (United Nation's International Children's Fund). UNICEF was awarded the Nobel Peace Prize in 1965, which honors the individual or organization "who has worked most or best for brotherhood amongst the nations to the abolishment of standing armies, and for the furtherance of peace congresses." It continues to devote a large share of its budget (63%) to provide health services, and is beginning to direct a percentage into education.

One UNICEF nickel can provide thirty glasses of milk, or thirty vitamin tablets, or vaccine to protect four children from tuberculosis. The business club would like to take this opportunity to thank everyone who contributed money to UNICEF this year.

Basketball intramurals started last Monday with 15 teams entered in the competition. Four games will be played daily beginning at 4, 5, 6, and 7 pm.

There will be an "A" and "B" league, with the "A" teams to consist of the top eight players of each team and the "B" teams to consist of the remaining men. The game will be played in two twenty minute halves with a five minute intermission between halves. The clock shall not stop during the half unless a team uses its one time-out or if the officials call an emergency time-out. In case of a tie game, additional five minute overtime periods will be played until the tie is broken.

Check the dayroom bulletin board or with Mr. Lipton for scheduled games this week. Results of this week's games will be printed at a later date.

Soccer intramurals also began Monday with five groups entering teams. Games will be played in the afternoon at 4:30 pm.

The rules governing soccer will be similar to those of basketball regarding length of game, stopping of the clock, and procedure in the event of a tie. Any rule not covered by the special rules will be found in the NCAA soccer guide. A play-off between the top four teams will be held at the conclusion of the regular competition.

The cross-country intramural championship run, which was postponed due to last week's heavy snow, will be held this afternoon at 4 pm.

Teams may enter as many runners as they choose but only the first five finishers will be counted in the point totals. The run, covering a 1.9 mile course, will begin and finish at Gibbs Hall.

Other men's intramural activities to begin in the near future include badminton, volleyball, basketball free throw, fencing, table tennis, and chess and checkers.

WE'RE BRAND NEW!!

**SPORTS OF SORTS**

Phi-Kappa Beta placed five men and the Studs placed three on Madison's all-star flag football team which will meet EMC and Bridgewater on Saturday, November 23 at Madison.

Rich Pasey, Jim McLane, Harry Fuser, Bill Mason, and Dave Baker are representing PKB while Henry Fawcett, John Hipp, and Hunter Brickhead represent the Studs. A team composed of off-campus players. Other members of the elite group include John Hipp, Hunter Brickhead, Mike Wolford of Short's Dorm; Andy Hammond and Jerry Sviatko of Phi Alpha Pi; and Rick Rogers of Lincoln Shenandoah.

The first soccer goal of the season was a long time coming, but Madison's boothies finally got into the mix against Hampden-Sydney, and before the game was over, they had tallied FOUR times to gain a 4-1 victory.

The jubilation was short-lived, however, as the squad laid down, living a doom-ridden existence as their season against Shepherd December 4. This five is composed of Lettermen Pi; and Rick Rogers of Lincoln Shenandoah.

The basketball team scrim- maged A.M.A. recently and showed its offensive prowess against the Dukes, though not as tall as their opponents, outdistanced and outshot the visitors to win easily. It seems reasonably certain that the unit which started against A.M.A. will be the one which will open the season against Shepherd December 4. This five is composed of Lettermen Bitch Rinker and Bob Hummer and newcomers Bob Maley, Steve Misenheimer, and Mike Kohler.

Coach Phil Hunsinger revealed today that the Dukes will participate in a four-team tournament over the Thaksgiving break. More information on this tourney will appear in the next issue of the Breeze.

**SPORTS**

Sports lost one of its most colorful figures a few days ago when Vern Stephens, one of the American League's best pitchers ever, was killed in a plane crash at a comparatively young age of 48.

Stephens broke into major league baseball with the Boston Red Sox where he was a teammate of the fabulous Ted Williams. Never a flashy shortstop, Stephens was noted for his cool whenever he booted a ball. He more than made up for his defensive deficiency with a most potent bat, however, and led the A.L. in runs batted in several times. He and Williams formed one of the most feared one-two combinations pitchers ever faced.

Through the years, there have been all too many movies featuring sports themes. Oh, sure, Hollywood has given fans several sentimental films on the lives of Babe Ruth and Lou Gehrig, a couple of Grade B racing pictures, and one dealing with Notre Dame's Fighting Irish but, in the long run, the number of baddies has far outweighed the ones worth watching. One to look for on the local screen shortly is entitled "The Payer Lion," a film dealing with the Detroit Lions and the attempt of a novice quarterback to learn the intricate details of pro football.

The film is from a book of the same name written by George Plimpton who spent several weeks with the Lions and then wrote of his experiences. Reviews have been favorable and the movie should be worth seeing. Plimpton, incidentally, is not a football player but editor of a French magazine.

Lee Trevino, U.S. Open Golf champ, wrote another chapter in his ruga-titches story recently by winning the Hawaii classic. The popular Mexican-American, whose fortunes in the pro tour have not been good of late, promptly turned over $100,000 of the first prize money. Trevino, incidentally, is not a football player but editor of a French magazine.
