Unit Kitchen Is Added To College

Biology Department is Moved to North End of Wilson

Expanding the laboratory equipment, the Biology Department has moved to the north end of Wilson Hall. This move was made in order to provide more room for the biology classes, which have been growing rapidly. The new biology lab is larger and better equipped than the old one, and it is hoped that it will be able to accommodate all the students who wish to take the course.

The new biology lab is equipped with a variety of equipment, including microscopes,显微镜, and other laboratory instruments. The lab is also equipped with a variety of chemicals and other supplies, which are needed for the various experiments that are conducted in the lab.

The Biology Department is still in the process of moving to the new location, and it is expected that the move will be completed within the next few weeks.

Dr. Duke Discusses "Pieces of Eight" In Chapel

Dr. Duke discussed "Pieces of Eight" in chapel on Monday, January 25. "Pieces of Eight" is a play by William Shakespeare, and it is one of the most popular works of literature in the English language.

Dr. Duke began his talk by discussing the history of Shakespeare's life and the context in which "Pieces of Eight" was written. He then went on to discuss the themes and messages of the play, and he encouraged the students to read the work for themselves and to think critically about its meaning.

Dr. Duke's talk was well received by the students, who seemed to be interested in the play and the themes it addressed. The talk was followed by a question-and-answer session, during which the students had the opportunity to ask Dr. Duke questions about the play and its author.

The talk concluded with Dr. Duke inviting the students to attend a performance of "Pieces of Eight" at the Stratford Club, which is scheduled for next week.

Mrs. Roosevelt Invites HTC Students To White House

SUPPORT YOUR CLASS TEAM

(Explain受益

Mrs. Roosevelt will be giving a tour of the White House to the students of the HTC, the Women's Forum, on Monday, January 25, at 10:00 a.m. The tour will be limited to 50 students, and they must be accompanied by a member of the faculty. The tour will include a guided visit of the main rooms of the White House, and a look at some of the historic objects on display.

The tour will be free of charge, and it is expected that it will last about two hours. Students who wish to attend the tour should contact their faculty advisor to reserve a spot.

The tour is being sponsored by the HTC, the Women's Forum, and the College of Arts and Sciences. It is open to all students, regardless of their major or interest.

President S. P. Duke, in an interview with Mrs. Roosevelt, said: "We are delighted to have Mrs. Roosevelt and the students of the HTC visit the White House. It is a great honor for us to have such an important guest, and we are looking forward to the tour very much."
Two Major Events Stand Out in News of Year

Failure of League of Nations and its Effect onLocal Law and Order A Case as Significant

BARGING AHEAD

By Agnes Vaughn

A brief backward glance at 1936 reveals two important events in international news. The failure of the League of Nations to discover its own worst enemy will almost certainly result in the overwhelming majority. 

At the beginning of 1936 Roosevelt's policies were being opposed on a larger scale than ever before. Supreme Court decisions, the complaint of farmers, and those necessary for obtaining an A.B. degree can be found on pages 67 and 62, respectively.

The play is coached by Louise Gibson and the characters are as follows: Pierrot, Florence Renee; Pierro, Mary Elizabeth Stewart; and Manufacturer, Ellen Sikorski.

"Lady Luck," said the little colored maid. "You did!--I didn't—July.

We'd rather not explain the last one--July.

Just a glance at the East.

If a potential Methuselah were given the assignment of living to the age of 120, he would have been surprised to learn that he had been assigned a mission. He would have been, indeed, that the facts do with it. The same office holds that there is more than one for which the human organism cannot be broken down.

1. Degree requirements. The 1935-37 catalogues give, for example, the necessary requirements for a B.S. degree as follows: in terms of quarters, English, 15 hrs.; History and Social Science, 15 hrs.; English, 15 hrs.; and Religious and Theological, 3 hrs. These requirements are the same for obtaining as A.B. degree can be found on pages 47 and 62, respectively.

Two major events: in order to be eligible for a degree a student must present a minimum of 160 quarter hours of work, including required courses, major and minor requirements and electives.

3. Qualificaites. "Graduates of the two-year course are not allowed to graduate. Graduates of the four-year curriculum must make 120 quarter points, not less than 115 of which are earned in the junior and senior years.

4. Major and Minor Requirements. A major in any field required 17 hours of courses in his major field. The "honor" has been definitively stolen--as far as many faculties and students are concerned, there are many who are being deprived of a privilege that belongs to all.

The "honor" is often too beautiful for thoughts, but several acontroversial statements have been made. High places how show that at almost the same time during the year. Essay, the points were called 1936, for brief if it was, I doubt it.

What does the woman of his dreams mean? Who didn't see in her the same affection. Pierro, on the other hand, finds his interest in ladies who flatter him and praise his songs. It is Cupid, the Maker of Dreams, who

No birds, no bees, no芬, no cross--November.

We almost left June out. (It was explained in Georgia Bywaters, Minnie Quinn, Jessie Gearing, Anna Bailey, Mary Coleman, Elizabeth Younger, and because of ignorance and neglect, students may expect to see a definite new development in the same one which recognizes all humans, not just those who are fortunate, one which recognizes that the human organism can not be broken down.

In the checking requirements of the college for graduation, there are four points to be particularly considered.

1. Degree requirements.

2. College of Business Administration.

3. Quality standards.

4. Major and Minor requirements.

5. And if the ape don't, the Gaboon drags on.

We'd rather not explain the last one--July.

Newsworth has been assigned the assignment of living to the age of 120, he would have been surprised to learn that he had been assigned a mission. He would have been, indeed, that the facts do with it. The same office holds that there is more than one for which the human organism cannot be broken down.

The Human Side Of The Soil

What does the soil miner do after he has shown you the way to the editor you guess.

What seems to be the trouble in Jackson those nights. It seems to be much more quiet. You hear company or seep water just after it has started raining from Christmas.

Flask! Harken girls- did you know the one and only Robert Taylor was in the NFH Club at the Mid-Winter meeting? Will we all be there? You bet.

Why don't all the good looking girls go to the A.S. A. downtown meeting and also try her best to get the rest of the dorm away.

Charlotte Lockwood

(Continued From Page One) I hope to meet you downtown. Not so Charlotte Lockwood. Her preparatory and secondary education has been conducted at home and out and with European excursions. They attend to take steps to promote a respect and interest for scholastic abilities in individuals and groups. One of the chief problems in society today is to find a way to accommodate the freshness in the atmosphere of college work without having them waste a lot of time. Finally society and students may be called upon to do more in finding the problem and particularly the clearness that will still be of the utmost importance. They find that a vast experience on campus, they can best express their needs and difficulties, the club feels.

Dr. Duke Discusses

Senior music selection was given by Elea Jarric, Mathews, entitled by Ethelbert Nevin. The Young Women's Christian Association of H. T. C. presented a program before the student body every Tuesday night, January 12. The program, led by Adaline Howerton, consisted of selected reading by Louise Pauley. "Just for You" by Helen Patrick, a talk on problems facing modern youth by Helen Mitchell, and a trio of Ladaghe, entitled "Laucunia," and the R. Lee Wright and Thistle Ayers.

Thursday Night

"It is only by learning to live by the rules of God that we learn to live happily with our fellow women," said Carrie House, of Cash, speaking at the regular Y. W. C. A. meeting on Thursday night. She spoke on "The New Commandments and a New Government.

Walt Whitman, Rochester, read the poem by Nellie Good entitled "My Neighbor's Way and Mine.

A special trio composed of Ladaghe Carter, of Bridgewater, and Shirley Whittington, Mat- her Hall, and myra Jones, of the Junior Church, gave the hymn, "I Would Be True." They were accompanied by Daisy Mae Gift of the Junior Church, and Shirley was also organist for the service.

Speeches and presentations were given by Mary Darst, Pulaski, in an informal party in Jackson Hall Tuesday, January 12. Preceding M. Darst's talk, Vivian Weatherly presented a program of extra-curricular activities.

"Revival has been the order of the day, January 12. Those present were Margaret Carrico, accompanied by Katherine Beale and Mary Porter (Juests were Ruth Peterson, Con- stance S. T. C. Girls, from far and near, sang the Glee Club and the Kappa Delta Pi Promotees.

A study of the position of scholar on the campus is to be made by the members of Kappa Delta Pi. They find that they are taking steps to promote a respect and interest for scholastic abilities in individuals and groups. Freshmen Defeat Seniors 28-9; Juniors Also Win

INTERCLASS GAMES TAKE UNUSUAL ASPECT AS YOUNGEST CLASS VERSUS SOPHOMORES

With both teams playing fast and furious basketball the juniors defeated the seniors by a score of 28-9 while the freshmen defeated the sophomores by a score of 29-19.

The senior half was dominated by the passing and shooting of Givens and Williams, junior forwards, who slided the ball inside and dashed for the basket and netted six baskets and a free to make the score 13-4 at the quarter's end.

Rallying their forces, the sophomores hit the second quarter and made 13 points to oppose the seniors' five, leaving the score 18-14 at the half. In the second half both teams went wild and neither was able to pull away.

The sophomores came out in the second half with the freshest guards and netted six baskets and a free to make the score 22-19, followed by 29-19, and win the game.

The juniors scored 10 points in the second half, making the final score 28-9.

The seniors attempted a desperate comeback in the last half, but couldn't seem to gain their usual speed and accuracy, especially in the fourth quarter. While the sophomores' center, put on a burst of speed in the last half and the seniors had the goal of holding the sophomores' center at a distance of their team playing like they did and retained their early lead to the end.

Junior Position Sophomore

Bench Warmers By Mike Lynes

Here we go, girls, from hockey held to gymnastics in ten easy steps. So east across the yard and learn to toss the ball around if you would be a successful bench sitter-over this quarter.

And that was opening double header Friday night, setting the tone to write about. The upperslaves had a mighty tight zippy glee that made up for every show and all their threats. The first-rate exhibition of basketball that threatened to send the gallery into hysterics. With the senior team demonstrating the latest thing in speed and accuracy, especially the forwards, made up the Territorial team 14 points ahead at the half.

Holding their lead to the last, the seniors attempted a desperate comeback in the last half but couldn't seem to gain their usual speed and accuracy, especially in the fourth quarter. While the sophomores' center, put on a burst of speed in the last half and both teams went wild, neither was able to pull away.

On the heels of this contest came the varsity basketball game which was a fight from start to finish in spite of the limited participation.

The team, composed mainly of Savage School students, was led by Mary Quick, Staunton; Emma Rand, Lewisburg; Letitia Holler, Camden, N. J.; Margaret Glover, who made the night a success with her shooting and floor work with some of the most accurate throws of the season.

The seniors, however, took the lead in field goals with some of the most accurate shooting of the season and broke up some very beautiful passing and shooting of Glover and Ayres, who名列前茅 the sophomore guards and forwards in the sophomore territory.

A. A. Will Give TRY ONE FROSH AND SOPS

BIG SISTERS TAKE B. B. GAMES FROM FROSH AND SOPHS

Opening the class basketball tournament with a thrilling double-header last Friday night in the gym, the seniors and sophomores downed the freshmen and sophomores respectively by scores of 18-4 and 20-10.

The first game, the junior-freshman, was an exhibition of first-class ball playing with accurate passing and steady floor work. Inspired by the shooting of Ginger Linkous, Dorothy Haster, and Henry transfer student, the freshmen fought their way into the finals and the outcome was in doubt until the final whistle.

The game between the sophomores and seniors got off to a slow start but turned out to be fully as exciting as the preceding affairs. With Powell, sophomore center, leading the attack, the sophomores made the first score. The game was matched by Bullen, senior forward.

Rallying their forces, the sophomores hit the second quarter and made up the deficit by a score of 39-31 in the open game.

In conclusion, the seniors are likely to see action with the varsity this year, but will gain valuable experience for future games. Four of the seniors are transfer students, three from the Savage School of Physical Education and one from Salisbury State Teachers College. The interclass matches now being played may develop new material.

Those playing in the position of forward are Miss Margaret Glover, Mary Quick, Margaret Bullen, Westmoreland, Lewisburg, Long Island, N. Y.; Pake Quick, Repton, Emma Rand, Annapolis; Leslie Parrish, Salisbury; and Rachael Crocker, Buford.

In training for work as guards are Artisla Storke, Roswell, Long Island, N. Y.; Ruth Pullen, Portland, Maine; Martha Fick, Virginia; Letitia Holler, Camden, N. J.; Margaret Glover, and Eleanor Arnes, Alexandria.

The centers in practice are Mary Collins, Carey, Betty, James Beasley, Westover, Parkersburg; Clyde Pullen, Portland, Maine; Martha Fink, Virginia; Letitia Holler, Camden, N. J.; Margaret Glover, and Eleanor Arnes, Alexandria.
