Dr. Henry Aiken To Visit Madison On Lecture Tour

Henry D. Aiken, professor of philosophy at Brandeis University, will address students at the Virginia college during a week of December 4-6 as a participant in the Visiting Scholars Program.

Formerly a professor of philosophy at Harvard, Dr. Aiken is an authority on aesthetics, ethics and value theory. He is the author of more than a dozen books and some 10 articles in scholarly journals.

Dr. Aiken is a member of the American Philosophical Association and the American Society of Aesthetics, and a Fellow of the Guggenheim in Italy and Spain. He has held former positions at Columbia University and the University of Washington and has toured as the Visiting Professor for the University of Cali- fornia and University of Michigan.

His topics for the week will be "Education and the Philosophy of Rationalism" and "The Concept of a Moral Principle." His schedule will be as fol- lowers:

Wednesday, December 4 — Madison College, 11:00 a.m. and Mary Washington College, 8:00 p.m.
Thursday, December 5 — Randolph-Macon College, 10:30 a.m. and Sweet Briar College, 8:15 p.m.
Friday, December 6 — Saint Paul's College, 7:30 p.m.

Bond Passage to Help Madison

by Sue McGarry

On November 3 Virginia citizens wisely voted to adopt the $81 million bond issue, which will finance statewide construction of college buildings and mental hospitals by 1970 or soon thereafter. About $76 million will be provided for colleges and universities and nearly $14 million for mental hospitals.

How does this affect Madison College? Of the total amount to be issued in bonds, Madison College will be al- lowed $2,507,000, which will be divided up for use in the fol- lowing four areas:

Physical and Health Edu- cation Building, $1,446,000. The situation in the physical education facilities is particu- larly urgent. All facilities are being used to capacity this year and approximately 200 freshmen are not enrolled in physical education classes because there simply was no place to schedule enough of them. As Madison's total enrol- ment is expected to in- crease from 3,500 to 6,500 over the next ten years, either freshmen and sophomores will be unable to take classes in physical education or the inter- murals and inter-collegiate athletic programs for men and women will have to be com- pletely curtailed if a new building is not made avail- able. The current plans for the new physical and health education building include:

- One gymnasium (divisible into two teaching stations), tum- bling and apparatus room, wrestling room, indoor archery and golf practice range, swimming pool, handball- squash courts, two dance studios, body mechanics room, a small auxiliary gym, five classrooms, two large lecture rooms, and faculty offices.

The gymnasium will help meet the needs for many com- munity services, such as pro- viding 5,000 bleacher sets for large audiences to view the District basketball tourna-
ments, for which there is no adequate facility in the Shen- andoah Valley at present. Also, folding chairs will en- able all the students enrolled at Madison to be seated for assemblies.

Remodeling Harrison Hall and Annex (Phase II), $374,000. The interior structure for Harrison has been par- tially installed, but has not been completed for lack of suf- ficient funds. The remodel- ed building will contain needed classroom, two lecture rooms for large classes, 22 offices for faculty, and a closed circuit television studio.

Remodeling Library (Phase II), $566,000. The present library will be remodelled to make it compatible with the new library addition. This will provide for a more effective utilization of present li- brary space and will enable the library to continue to meet the demands of the increasing number of students.

Utilities and Site Work, $127,000. This amount will provide for connecting utilities and site improvements for the new and remodeled buildings as listed above.

An additional sum of $2,740,000 from revenue bonds will aid the College further in replacing and improving present in- adequate and outdated facilities.

Christmas Break Dates Change

Dean Hall wishes to an- nounce that Christmas vaca- tion period for the 1969 fall session is changed from the previously announced time and will begin on Saturday, December 21, at 11:50 a.m. and end Monday, January 6, 1970, at 8:00 a.m. This change has been recommended, by vote of the student body, the Student Government Associ- ation, the Student Government Organization, the Departmental Chairmen and the Division Directors, and approved by the Dean of the College.

All scheduled intercollegiate commitments of the College scheduled for January 3 and 4 will still be undertaken, such as the men's varsity baskett- ball game at Frostberg State on January 4.

Ohlsson Attends NASM

Dr. Gordon L. Ohlsson will represent Madison College at the Forty-First Annual Meeting of the National As- sociation of Schools of Music. The general session this year will be held at the Statler Hilton, Washington, D.C., on November 25, 26, and 27.

The NASM has been desig- nated by the National Com- mission on Accrediting as the responsible agency for the ac- creditation of all music deg- ree curricula with specializa- tion in the fields of applied music, music theory, compo- sition, music therapy, musical-
og, and music as a major in liberal arts programs. In de- spite of the liberation the problem is of extreme urgency. All facilities are being used to capacity this year and approximately 200 freshmen are not enrolled in physical education classes because there simply was no place to schedule enough of them. As Madison's total enrol- ment is expected to in- crease from 3,500 to 6,500 over the next ten years, either freshmen and sophomores will be unable to take classes in physical education or the inter- murals and inter-collegiate athletic programs for men and women will have to be com- pletely curtailed if a new building is not made avail- able. EDITORIAL COMMENT

Renovation Is Solution

With the recent announcement of the Class Mirror winners, the "question has been raised as to how these selections should be placed. Under the current system of nominations, it is theoretically possible for a small number of students to dominate the class categories. It is proper to conclude that a few select individuals are indeed worthy of the numerous honors bestowed upon them — this we all can agree. But it seems by not limiting the number of categories available to these select individuals, that a diversified cross-section of that particular class is not being presented. Therefore, it may be time for a renovation of this system of selection. One solution to the problem in question would be to create a limit to the number of categories that an individual may be selected for and through this restriction, a theoretical monopoly would be eliminated. This would give a greater insight into class selections by increasing the number of students eligible for participation, both male and female. Everyone knows "you can't please all of the people all of the time." The Class Mirror process is a difficult one to be sure. But a new and revised limitation process would seem to reflect a larger portion of the student body in any class. This suggested solution is just that, a suggestion, and no further questions may arise from the selection. But with the increasing number of students on campus, a more diversified system will eventually come into being. It is now or later, the desire for changes will continue to arise and the students responsible for these changes should become aware of their need.

The theme of the annual Christmas Dance will be Mid-winter Night's Dream. The dance, sponsored by Panhellenic and Inter-Fraternity Councils, is scheduled for December 14, from 8-11 pm. Music will be provided by the Princetons. Tickets for the formal dance open to all students will be on sale in the Bookstore lobby next week. The price will be $4.00 per couple.

Barbara McKnight, Lisa Crider, and Jim Shafer show enthusiasm (?) while practicing for the Junior Class skit presented last Friday.

REVERBERATIONS

Fox Thanks Election Helpers
Dear Editor,
I want to thank you for the very kind comments made in your editorial regarding my participation in the Bond Referendum effort. However, I am afraid that I must disclaim the degree of involvement attributed to me. I am writing not only for modesty but from the great admiration I have for those many people who did indeed carry the program. There were those who gave speeches (sometimes to very hostile audiences); there were those who opened their homes to discussion groups; there were those who stood in the cold on election day (sometimes among some hostile people); and there were those who drove throughout the county to the polls. There were, I am sure, many others who remain invisible to me but who worked hard for the referendum. I am very proud to have shared this with all of these committed friends of the College.

What we witnessed on this campus in this campaign was something I, for one, will never want to forget. Students, faculty, non-instructional personnel, and administrative staff worked in a coordinated program which resulted in the successful passage of the referendum. In fact, I believe that the unity demonstrated in this effort would itself have been worth the effort, regardless of the result. But, we won!

Sincerely,
James W. Fox
Dean of Student Services

'Outward Bound' Review Is Good
by Pat Merchant

"Outward Bound" was presented from November 18-23 by the Drama and Music Department and the Stratford Players under the direction of Mr. Horace Enke. Technical Director was Mr. Edward Kneserrick, a meticulous and demanding director.

Cappy Marvick and John Stanley played the young lovers who were "half-way" dead. Through the production they demonstrated an understanding of another world and at times distracting to the audience.

The character in the play was important and developed the whole meaning. Gary Flavin played Mr. Prior, a pathetic alcoholic, with intense facial expressiveness that made one feel his inner suffering.

Suzanne Lewis who portrayed Mrs. Cliveden-Banks, a super snob, captured the character of a woman who was too others down to build up herself.

Mrs. Cliveden-Banks, a super snob, captured the character of a woman who was too others down to build up herself.

JUNE JONES played the Rev. Thompson, the examiner, with strength, humor and needed self-assurance and forcefulness.

The people who worked and acted in this production should be commended and Madison is proud of a professional dramatic production.

CLUB NEWS

Emma Martin was elected president of Kappa Pi National Art Fraternity. Other officers are Pat McNamara — Vice President, Mary May — Secretary, Ann Birt — Treasurer, Sheri Gainer — Historian. Mr. James L. Burgess is advisor for the group.

Each month, Kappa Pi selects and exhibits, in the first floor hallway of Duke, a work of the month. The work selected for November is an abstract painting by Emma Martin.

The theme of the annual Christmas Dance will be Mid-winter Night's Dream. The dance, sponsored by Panhellenic and Inter-Fraternity Councils, is scheduled for December 14, from 8-11 pm. Music will be provided by the Princetons. Tickets for the formal dance open to all students will be on sale in the Bookstore lobby next week. The price will be $4.00 per couple.
Annual Christmas Parade Arouses Spirit

by Frank Humphreys

The Christmas Season is always a time filled with joy, happiness, and the spirit of giving and sharing. It is a time when we pause to reflect on the past year and look forward to the future. It is a time when we gather with family and friends to celebrate with a festive parade. This year, the parade is scheduled for November 29th, starting at 2:00 P.M. It will begin at the Square, proceed south on Gay Street, turn east on Main Street, cross over on Gay Street, and return south to the Municipal Building.

The parade will feature a wide variety of entries, including floats, bands, and many individual acts. One of the most popular entries is the Augusta Military Academy Drill Team, who will be showcasing their precision and skill. Another highlight of the parade is the group of Marching Dogs, who will be entertaining the crowds with their grace and precision.

One of the newest and most promising entries will be a group of Midget Football All-Stars, providing an opportunity for our local midgets. This is the thirteenth Annual Christmas Parade in Harrisonburg.

Requirements for Admission to the Graduate Program

The Psychology Department announces its graduate program in the area of school psychology. Details are as follows:

I. Typical Professional Certificate.
II. Qualities of character and personality which merit the confidence and respect of students, parents, and professional educators and psychologists.
III. Minimum Semester Hour Requirements: 30 hours

1. Required Graduate Courses: 15 hours
   - Psychology 520 Personality Dynamics
   - Psychology 560 Advanced Abnormal Psychology
   - Psychology 570 Individual and Group Tests
   - Psychology 575 Individual Intelligence Testing
   - Education 630 Research Methods in Education

2. Twelve semester hours from the following: 12 hours
   - Psychology 576 Growth and Development During Childhood and Preadolescence
   - Psychology 628 Research in Adolescent Psychology
   - Psychology 648 Research in Human Development
   - Psychology 668 Reading and Research
   - Education 511 Education of Children with Learning Difficulties
   - Education 515 Practicum in Special Education
   - Education 516 Theory and Practice of Guidance
   - Education 633 Techniques in Counseling
   - Education 660 Practicum in Diagnostic and Remedial Techniques in Reading

3. Three semester hours from the following: Two years of successful experience as a teacher supervisor, an administrator or school psychologist may meet the requirements of this area. The additional courses must be chosen from the groups above.

Education 512 Secondary School Curriculum
Education 540 History of Curriculum Development
Education 603 Philosophy of Education

IV. Successful completion of Psychology 690 Internship for School Psychologists: 6 hours

The internship for School Psychologists is a course designed to place the candidate for the degree in School Psychology, upon completion of his required course work.

Leadership in Progress. Also discussed was the Geology Dept.

For Discussions

Of the many programs that make up the six-year course of study in the Geology Dept., one of the most popular was the tour of the facilities of Madison's department of geology. The students were given a tour of the geology museum, where they were able to see a variety of rocks and minerals from Mr. Howard Campbell.

In accordance with the students' manuals, the discussion included the economic and aesthetic uses for rocks and minerals and geologic materials in the construction of homes. Also discussed was the collecting and identifying of minerals, rocks, the causes and mechanics of volcanic, geysers, and earthquakes, and the various ways mountains are formed.

Annual Christmas Parade Arouses Spirit

by Frank Humphreys

The Holiday Season is almost upon us, and with the approach of this festive time, comes many celebrations and joyful occasions. To herald the coming of Christmas in Harrisonburg!

For as long as the oldest residents can remember, there has always been a Christmas parade in the city. It is usually held on the Friday immediately following Thanksgiving Day, and this year is no exception. Sponsored by the Retail Merchants Association and assisted by the Junior Chamber of Commerce, this parade ushered in the holiday season as well as providing the initial emotional stimulation of the season. Young and old alike receive pleasure from seeing all the parade has to offer.

This year there are well over 100 entries. Floats, cars, bands, and many individual acts add to the variety of this celebration. This marks the initial appearance of Santa Claus and all the joys he has in store for all of us. One of the real crowd-pleasers is the Augusta Military Academy Drill Team, who for years have awed the crowds with their grace and precision. The current Apple Blossom Queen will be present to add a touch of glamour to the proceedings.

One of the newest and most promising entries will be a group of Midget Football All-Stars, providing an opportunity for our local midgets. This is the thirteenth Annual Christmas Parade in Harrisonburg.

The athletic highlight of the Thanksgiving weekend will be the 13th Annual Turkey Bowl Game in Harrisonburg. This game involves all-star members selected from the area midget football league in a contest with an all-star team from out-of-state.

This year finds the Bridgeport, N. J., all-stars providing the opposition for our local midgets. This is the thirteenth year that the Harrisonburg midget all-stars have competed in post-season competition, and the all-stars will be striving to improve on the current 6 win, 0 loss record. The Turkey Bowl may be seen at high school stadiums on Saturday, November 29, at 7:00 P.M. Admission is only $1.00 for adults, 50¢ for children, with all proceeds going to the Harrisonburg Midget Football League. Harrisonburg activities will feature the introduction of all boys and girls, some of them now men and women, who have participated in the Turkey Bowl from its inception thirteen years ago. Come out and support the local boys!

POINTS TO PONDER

I can't look ahead to the future and I'm too old to run home to the past.

Rod McKuen
Anchorman Marlene Langdale, 2nd in the breaststroke, and Nancy Taylor, 3rd in the 40-yard butterfly. A half point usually means little in the stock market but in a swimming meet it can mean the difference between victory and defeat as the Madison swimmers learned. In a triangular meet with William & Mary and Mary Washington on November 14. Despite a record-breaking performance by the 160-yard medley relay team, the defending champs lost to W&M, 56-55. With Mary Washington placing third with 24 points. The relay team composed of Joyce Plaugher, Pat Argenzio, Nancy Taylor, and Jo Ann Hughes hung up a new mark of 1.33.1. Others placing in the meet included Meg Kable who won the diving competition; Kay Taylor, 3rd in the 40-yard freestyle event; Joyce Plaugher, 2nd and Zan O'Brien, 3rd in the 40-yard backstroke; Marlene Langdale, 2nd in both the 80-yard individual medley and the 100-yard freestyle, Jo Ann Hughes, 3rd in the 100-yard freestyle; and Zan O'Brien, 2nd in the 40-yard butterfly; and Nancy Taylor, 3rd in the 40-yard butterfly. The team victory was over the home team, 41-36.

In the millennium since Nosidam knew serenity through legend. In the sun-lit fields or within the grasp of graspings, his people at heart. And so it was. The rulers established a rigid order which the people were granted any measure of responsibility. They were encouraged to study in a kind of bandy fashion, they seemed to have only the best interests of the people at heart.

The name of the book is Handbook. The rule clique stressed, instead, intellectual pursuits. This, as a matter of fact, seemed to be the only area in which the people were granted any measure of responsibility. They were encouraged to study the finer knowledge in all fields. This practice of the people lived. Their lives were changed not. Within its gates the people lived as they had always lived. Their lives were well-ordered, unassuming and secure. Their aspirations were simple. Each citizen of this timeless country always carried the laws of the land with him. Older residents had committed all the rules to memory (though this was very difficult because there were so many). Youngsters who had reached the age of accountability (17 or 18) carried with them at all times a book which contained the laws. Groups of them could often be seen sitting in the sunlit fields or strolling in the moss-laden woods studying and discussing this manual and its teachings.

The title of the book is The Bible. But Nosidam changed not. Empires rose and fell. Fortunes were made and lost. The Earth and all its riches came within the grasp of grasping mankind, but Nosidam changed not. Within its gates, the people lived as they had always lived. Their lives were well-ordered, unassuming and secure. Their aspirations were simple.

On the Lite Side

In the millennium since Nosidam knew serenity through legend. Their lives were changed not. Within its gates the people lived as they had always lived. Their lives were well-ordered, unassuming and secure. Their aspirations were simple. Each citizen of this timeless country always carried the laws of the land with him. Older residents had committed all the rules to memory (though this was very difficult because there were so many). Youngsters who had reached the age of accountability (17 or 18) carried with them at all times a book which contained the laws. Groups of them could often be seen sitting in the sunlit fields or strolling in the moss-laden woods studying and discussing this manual and its teachings.

The title of the book is The Bible. But Nosidam changed not. Empires rose and fell. Fortunes were made and lost. The Earth and all its riches came within the grasp of grasping mankind, but Nosidam changed not. Within its gates, the people lived as they had always lived. Their lives were well-ordered, unassuming and secure. Their aspirations were simple.
Hockey Ends With Win

Madison's first and second girls' field hockey teams both ended their 1968 season on a winning note by posting wins over Bridgewater. The first team scored a 3-1 win on goals by Nubbie Liebno, Chris Shelton, and Bev Burnett to finish the season with four wins, one loss, and one tie.

The second team completed an undefeated season by winning 3-2, on two goals by Lydia Eates and one by Laura Pomeroy. This No. 2 unit wound up the year with a mark of seven wins, no losses, and one tie.

Dr. Leontus Morrison, who coached the hockey teams, as well as the members of the two squads are to be congratulated for their highly successful campaigns.

Team No. 4, captained by Charlie Broe won the women's intramural hockey title in competition which ended recently.

Members of the team included Gloria Butler, Betty Clay, Sandy Jones, Nancy Summerton, Brenda Taylor, Rosie Barletta, Joyce Snyder, Vicki Foster, Susan Avery, and Anne Bollinger.

ON THE LITE SIDE

(Continued from Page 4)
knowledge was actually quite formalized with classes, exam-inations and research projects assigned by the oligarchy.

It is suspected, however, that it was this questioning for knowledge that eventually led to the fall of Nisiafian. Occa-sionally, some of the people became restless and felt that perhaps life should be more than just rules and musty tomes. The crude, but vital world beyond the gates beck-ened to them. Security and cooperation seemed to them to be an unreal goal—one suited only to frightened old ladies.

It was during times like these that the rulers spoke to the people with firmness—

(Continued on Page 6)
Madison's basketball team will participate in a Thanks-giving holiday tournament at West Virginia Tech on November 29 and 30, Coach Phil Handley announced today. Other participants in addition to the host team are Franklin University and Navy-Subbant of Norfolk.

Tournament Director Robert Davidson of Tech said that the Navy team will be a heavy favorite to cop the pre-season event. The service will meet Franklin in the first game on Friday night while Madison will meet West Virginia Tech in the 8:30 game. On the following night, the losers of Thursday's games will meet for consolation honors while the winners will play for the title.

"We'll probably be over-matched," Huntzinger said, "but the experienced gained when it will be our regular schedule." Results of the games will not be counted in conference records or standings.

Marshall University in West Virginia is the not-so-proud possessor of a 21-game losing streak; the nation's longest at present, and Coach Perry Moss must be wondering when things are going to get better. The Thundering Herd, which has been struggling lightly through its schedule the past two years, has but a scoreless tie in this year's opener to show for two years of effort. No wonder coaches turn gray early in life.

**JOE NEY'S features**

**Women's Department in the Main Store**

Joe Ney's is definitely looking to the college girl this year. They have all the great new styles — from coats to shoes, cocktail dresses to jumpers, hats to handbags! There is something new and exciting on every floor!

Decorative clothes are the scene this year, and the selections on Joe Ney's second floor will compliment any wardrobe. For the girl of taste and style, there is the Edwardian dress done in lace and frills, great for those winter fireside parties!

The continental flair has had a tremendous impact of fashions this year. Joe Ney's has this and more! A wide variety of pants, sweaters, jumpers, hats to handbags! There is something new and exciting on every floor!

It leads to a man who walks on every floor!

charging them for the error of their ways and casting the dissenters from among them. As first the people were afraid, but such occurrences came with more frequency, and soon the once peaceful Nosidam was torn with internal strife. But Nosidam, its rulers unwilling or unable to bend, just ceased to exist. Its results of the games will not be known. But Nosidam, its final great upheaval is not

The sheltering hand of knowledge of the ways of the world. The dispensing of the old days of security and peace, but they, realized that to really live, one must have all the great new styles — from coats to shoes, cocktail dresses to jumpers, hats to handbags! There is something new and exciting on every floor!

It leads to a man who walks on every floor!
