Cherle Francia  
Holds Initiation  
Elects Officers

Twenty-one new members were initiated into the Leven Francia circle on Thursday evening, October 23 in Room 25, College Union.

The new girls are: Shirley Ann Dirks, Patsy Sours, Fern Waters, Beulah Haynes, Janet Sledd, Mary Eugene Purcell, Beverly Owens, Patricia Shaw, Marc Anne Hay, Evelyn Scott, June Hull, Betty Hutt, Patricia Mathena, Ethelene Smith, Mary Ann Hove, Joyce Lanier, Barbara Nash, Martha Thomas, Mary M. Curran, Shirley Shetler, Ann Hooper, Robert E. Black, and Mary Hurn.

Three new officers were elected to replace those who didn't return to school this semester. They are: Vice-President—Betty Hutt, Secretary—Betty Jean Shetler, Treasurer—Ethelene Smith. A project was also decided upon. The French Club will print new books to send to students in France. The packages will contain such articles as old clothing, cigarettes, candy, and certain moribund objects which can be sold.

The purpose of the French Club is "to instill the love of well-spoken French and to increase the interest in French literature and life." Dr. Woffell is the sponsor.

College Orchestra Admits
Six New Girls To Group

Following tryouts, six new members have been admitted to the college orchestra. They are: Emma Blanchard, Ellen Preston, and Janet Cones, violin; Marjorie Lehnsm, bass; Jackie Moore, trumpet; and Marion Lister, piano.

The admission is effective for the spring semester. Graduates who return this fall will receive the title of "alumnae." A new orchestra will be organized this spring, under the direction of Mr. J. E. Shumaker. The purpose of this orchestra is to "maintain the spirit of Christmas and the beauty of the autumn atmosphere."

Dr. Woelfel is the club's sponsor.

Do You Know What Is Wrong With Men From W. And L.?

What is wrong with Washington and Lee men? The editors of The Southern Collegian, W. & L.'s humor magazine, want to find out. To the girl who knows—and is willing to tell—wants to get a glimpse of the funny side of college life, the editors are waiting to hear from her.

The contest is open to all students at Washington and Lee. Prizes totaling $50 will be awarded. The judges will be Mr. Arnold B. Cushing, of the Rockingham County Art Association, and Miss Mildred Williams, of the Pennsylvania Academy of Fine Arts.

The theme is "Why do men act the way they do?" Good, simple, original essays, seemingly funny, but with a purpose, will be most welcome. Entries should be from 500 to 800 words in length. Postman's receipts will be used to determine the winner. Deadline is October 25.

Send entries to "The Southern Collegian, W. & L. Humor Magazine, Box 896, Lexington, Virginia."
Ironing, which could be used for study or other work. To expect to get their ironing and pressing done, unless they devote three almost impossible "have to be accomplished" jobs. But they do exist—so be this another example of what not to do if you're searching for a genuine, well-rounded education.

**A Sacred Memory**

The first World War, with all its bloodshed, heartache, and death, was ended November 11, 1918. Peace was come, which sent the war weary back to the welcoming arms of home, back to the factories, the fields, the homes. Peace! Peace! Forward forever. They said, out of the sacrifices and the suffering of war.

Let us not think Armistice Day, the anniversary of the signing of the Armistice by Germany, unimportant. This day is not nearly as sacred to one as another. Yet let the memory of more recent strife, or the problems of today, obliterate the sacrifices made by the unknown soldiers who paid the supreme sacrifice. Let us learn to appreciate the prophets.

A room in Ashby basement has been used by the underclassmen for discussion with our faculty. The above mentioned committee seems to us entirely unnecessary, is the type of person, nine times out of ten, who gets nothing out of 50 minutes in class on Saturday morning anyway. It might be pointed out that those of us who are juniors or seniors really have no activities that can be accomplished in a week-end. We can remember that this committee formerly amended some rules so that we might be able to play radio and vies at any time in low tones; to date until eleven on Saturday nights and to keep our lights on until twelve on that night. These privileges have meant much to us and, seemingly, they have not been abused.

Freshmen and sophomores often receive college restrictions after being used to life at home. We do not doubt, however, that most of those provided by Madison are necessary and fair. However, we can assure you we only complain about having only six week-ends during the school year in which to leave campus, other than the three short vacations. Three more leaves, which would be the number which freshmen and sophomores formally had, would mean a lot to them. Such a rule means that the sophomores have had their week-ends cut in number since last year. Consequently, we feel we are justified in demanding more week-end leaves.

Give the Froshs, Sophs a Chance

In our regular student body meeting on Monday a great majority of the students seem to realize the need of a joint Student-Faculty Committee in order to consider several problems which have become of utmost important under the new semester system.

It might be pointed out that those of us who are juniors or seniors really have no activities that can be accomplished in a week-end. We can remember that this committee formerly amended some rules so that we might be able to play radio and vies at any time in low tones; to date until eleven on Saturday nights and to keep our lights on until twelve on that night. These privileges have meant much to us and, seemingly, they have not been abused.

Freshmen and sophomores often receive college restrictions after being used to life at home. We do not doubt, however, that most of those provided by Madison are necessary and fair. However, we can assure you we only complain about having only six week-ends during the school year in which to leave campus, other than the three short vacations. Three more leaves, which would be the number which freshmen and sophomores formally had, would mean a lot to them. Such a rule means that the sophomores have had their week-ends cut in number since last year. Consequently, we feel we are justified in demanding more week-end leaves.

Chas liver was born of prime concern since the present student body has been at Madison. Every year, we have hoped to secure more, and instead we have now less. Many of us are far from home, and because we like Madison and consider it a privilege to go here, we also like to leave occasionally. Any person who takes a leave merely to get out of class when he knows it is bad for him to do so and that it is unnecessary is not likely to turn up the next time. We would all get something out of 50 minutes in class on Sunday morning anyway. These are only a few of the problems we, as students, would like to discuss with our faculty. The above mentioned committee seems the most logical and best solution to our problem.

**TAKE HEED AND READ**

By Margaret Clark

From the week ending Oct. 26 to this week we have had a number of events that occurred in the comics which anyone would expect to read in a funny book. A few of these are:

- A film character from A to Z: "The late, great Carl, the only real American hero, has just made his first appearance on the screen in A to Z."
- "Don't try to imitate anyone, children. Just write what's in you."
- "Dear of Freshman." In the latest episode of this series the author and to the relief of his insane friends!
- "This Is The Year." This is the last episode in the series. It was no doubt a mistake, but it's well worth printing: Mrs. Garber is now read in a funny book. She is on the faculty at the University of New York. Her name is Jones, Mary Date Nov 1 Year 1928

**CABE'S COMMENTS**

The recent British election was somewhat unexpected in that, -in fact, it even caught our own State Department a trike off guard. It was, in fact, both shock and delight for many of us to see the results. The government, which was expected to fall immediately following the war with the idea in mind to let a Labor Government, all the way from their economic change-they seemed to hope that an entirely different sort of government than the Conservative one would be put in the saddle, would bring prosperity and plenty to their land where she has for so long been divided, and where other sides were so scarce. After a comparatively short trial, this government failed to produce the expected results—food and clothing were still rationed—i.e., not so short, it seemed to them that all the economic strains as before—and so the Britons began to lose patience with the Labor government; they were not at all for the radical change it represented.

Many people expected that the Laborites would lose some seats in the recent election, but not half as many as they did. This election, coupled with De Gaulle's past victory seems to denote that Europe is swinging back to a rather even keel; neither absolutely conservative nor strongly radical.

**Something To Chat About—**

Sunday night was the night at the Hippodrome House. A certain young lady who found that she was running out of snuff and found she had company. Thus, one little boy turned in the summer stock, gave the final blow. A brave and loyal sister struck the poor helpless mouse. Funeral services were held at the corpse; the funeral march was led by a few notes of Alphonse de Lamartine, and the deceased.

On the other hand, did you hear about the student teacher who told her class to write a composition in English? Don't try to imitate anyone, children. Just write what's in you."

"I ain't quite to attempt no flite of fancy. I'm just going to white what's in me—nothing."

"Don't try to imitate anyone, children. Just write what's in you."

"Dear of Freshman." In the latest episode of this series the author and to the relief of his insane friends!

Kampus Kandids

By Shirley Jones

Time is fleeting, and soon the fly-taft-species will have to don their long
shirts. But as of this date, there
seems to be no factor hampering
the gad-about East Side Squirrel-Gang
on campus. But, were it not for Pat-
rolman Rpy, our familiar Scottish Set-
tor (formerly of Scotland Yard), three
little mischievous ones would succeed
in committing more felonies than those
for which they are now daily escap-
ing punishment.

Hunting season opens November 15,
and already Harrisonburg’s annual par-
ticipants are briskly shushing up their
prize shotguns and thoughtfully eye-
ing our little campus pets.

And so, my children, hunting season
is the reason so many squirrels scram-
per bilter and fro in the leaves, and
up the trees, in the Madison zoo.

They know when that certain time
per hither and fro in the leave’s, and
already Harrisonburg’s annual par-
ing punishment.

Dormitory Leaders

Dormitory officers have been elected
for the freshman houses during the
past week. In Spoutwood the officers
are Shirley Colbert, president, and
Mary Gray Johnson, vice president.
The monitors are Echo Chrestom, Alma
Reddell, Nina Williams, and
Joan Wharton.

Ashley will be presided over by
Brooks Robertson, while Joanne
Buel will act as vice president. Martha
Starp, Mary Mone, Martha Dunn, and
Barbara Breton are monitors. In Jack-
son Bath Ave. Agnes will serve as
president and Marjorie Duquette as
vice president.

Black Named BSU Office.

Mary Elizabeth Black was elected
the third vice president of the State
Student Union at the B. S. U.
convention which was held at Win-
chester, Virginia, last weekend. “Libby”
is the Y. W. C. A. cabinet and the
first vice president of the Madison Col-
lege B. S. U.

Westhampton College Defeats Madison Hockey Eleven, 3-2

Madison's hockey team met their second opponent of the year, Westhampton College in Richmond on November 3. The final score of the game was 3-2 in favor of Westhampton. The Madison team carried the ball down the field repeatedly but failed to score in the first half. Westhampton pushed across an early goal and then scored once again before the half ended. MC Scores in Closing Minutes Madison entered the second half with renewed zest and enthusiasm, playing their opponents to score only once. In the closing minutes of the game, the team drove in two goals, making the score 3-2. Madison carried the ball in Westhampton's territory most of the second half and the final whistle found the Purple and Gold straining for the tying goal.

The center, Jo Hammond, took the majority of the boles and passed to her able kings, Dickerson, Cichocki, Cichocki, a freshman, made both tallies majorities of the bullies and passed to the Purple and Gold striving for the Westhampton's territory most of the team drove in two goals, making the opponents to score only once. In the final moments of the game, the team pushed across an early goal and then scored once again before the half ended. The odds were composed of freshmen and juniors and the sophomore and seniors are the even. Every member of each class is eligible to play in order that you must support your team.

Ashley leads the intramural hockey program with Spalding, and Johnson led for second place.

Senior Life Saving Card Holders To Meet Tuesday

All students who are 19 years of age by February and who hold a current senior life saving certificate are asked to meet on Tuesday November 17, at 6:45 p.m. in Room 9. At this time the schedule for the preliminary course in water safety procedures to the classes under the examiner from Red Cross headquarters will be discussed. The exam writer will be here to conduct these three hours each night on February 2, 3, 5, 18, and 12.
