MADISON COLLEGE

Vol. XXIV Madison College, Harrisonburg, Virginia, Friday, January 30, 1948

No. 17

## Dr. and Mrs. Wickey To Lead YW Religious Emphasis Week

Religious Emphasis Week, beginning Monday, February 2 and continuing through Friday, February 6, will be led by Dr. and Mrs. Gould Wickey of Washington, D. C.

Dr. Wickey's successful educational experience and his wide training in this country and other countries makes him in much demand as a speaker in colleges. His writings have appeared in many religious and education journals and magazines and has been honored by membership in such scholastic fraternities as Phi Beta Kappa, Phi Delta Kappa, and Pi Gamma Mu.

DR. WICKY

MRS. WICKY

Mrs. Wickey has also had many varied experiences and a great deal of training. She has worked on a number of college campuses during their Religious Emphasis Week, and will lead a discussion group on the problem of friendship, courtship, and marriage.

### To Lead Discussion Groups

Dr. and Mrs. Wickey will be introduced to the student body in the Monday assembly. That afternoon and each afternoon at 4:30, through the week, Dr. and Mrs. Wickey will lead discussion groups. Those who desire to attend Dr. Wickey's groups will meet in Senior Hall and discuss perennial problems in religion. His topics for the four afternoons will be—"Who Am I? or The Nature of Man," "Why Injustice? or The Problem of Evil," "What Shall I Do? or The Problem of Vocation," "How Shall I Succeed? or The Problem of Security."

Mrs. Wickey's discussion group will meet in Wilson auditorium at the same hour. Her topics will be—"Problems of Courtship," "Choice of a Life-Mate," "The Engagement Period," "Marriage Adjustments."

Everyone is invited to attend the discussion groups.

Dr. Wickey's address for the Wednesday assembly hour will be "The Difference Religion Makes."

### Wickeys To Talk Over WSA

On Tuesday and Thursday afternoons at 2:45, Dr. and Mrs. Wickey will give two radio talks over WSA. Personal interviews may also be had in the afternoons when it is convenient. A further announcement will be made as to the scheduling of such interviews.

Monday night has been set aside as Freshmen Night. The meeting, in the auditorium at 6:45 p.m., is to be in the form of a bull session; Tuesday night is designated as Sophomore Night; Wednesday night as Junior Night; and Thursday night as Senior Night. However, these meetings are not limited to the classes. Other students invited to attend each night for the discussions should be both enjoyable and profitable.

Religious Emphasis Week will close with the final address by Dr. Wickey at the Friday Chapel service. His topic is entitled, "Building a New World" or "The Lateness of the Hour."

## U. S. President Favors Federal Educational Aid

"Another fundamental aim of our democracy is to provide an adequate education for every person," stated President Truman in his State-of-the-Union message delivered to Congress on Jan. 8. The President urged the congress to give vigorous support to federal aid for education as "our educational systems face a financial crisis."

"It is deplorable that in a nation as rich as ours there are millions of children who do not have adequate schoolhouses or enough teachers for a good elementary or secondary education. The Federal Government has a responsibility for providing financial aid to meet this crisis."

### Budget Appropriations

In the budget for the fiscal year 1949, the total of appropriations for education in general research is 407 million dollars of which 306 million dollars is an estimate of supplemental appropriation, which will be required under proposed legislation and 9 million dollars is for programs under present law. Estimated expenditures for veterans education and training for fiscal 1949 are put at \$2,029,000,000 as compared with \$2,532,000,000 for the fiscal 1948.

### Governor's Recommendations

In Virginia Governor William M. Tuck in an address to the Virginia General Assembly on Jan. 14, made several recommendations as to schools.

Governor Tuck recommended that sums be appropriated to add \$150 a year to the average annual salary of all instructional personnel in Virginia. He also recommended the revision of the scholarship aid plan so that it would be "made available on a regular basis to sophomores and a limited number of carefully selected freshmen students; scholarship aid be made available to certain college students preparing for teaching in certain specialized fields in high school subjects in which the State Board of Education indicates there is a scarcity of qualified teachers, summer school scholarships for teachers now in service be continued."

## Leaders Endorse Logan Memorial Plan Unanimously

Following through with the Conrad T. Logan Book Memorial plan, a meeting of presidents of campus organizations was held in Alumnae Hall on Tuesday evening. The presidents assembled to discuss the plan, sponsored by Sigma Phi Lambda, the junior honor society. The plan was unanimously endorsed.

A council of Madison students, representing several of the participating organizations was formed from volunteers with a representative from German Club, Student Council, The Breeze, and Kappa Delta Pi making the actual council. This council will meet with the board of the Rockingham County Library Association to plan for the proper selection of books for the memorial.

Several campus organizations neglected to send representatives to the meeting, but it is hoped that the groups will yet plan to participate, so that the Memorial will be one that is truly campus-wide. In the near future the alumnae groups will be approached and invited to participate if they so desire.

Deadline for this year's initial donations will be March 20, announces Kay Richards, president of Sigma Phi Lambda.

## Sigma Delta Rho Holds Dance At "Club Stardust"

"Club Stardust" will be the theme of the dance to be held by Sigma Delta Rho tomorrow night at 8:30 in Reed gymnasium announces Beryl Snellings, president of the organization.

Music will be by Ray Fry's Virginians, a local 13-piece orchestra. Decorations, entertainment, and refreshments will be appropriate to a night club theme. Intermission will feature a program of entertainment, including a professional quartet. Refreshments will be served continuously from snack bars located at each end of the floor, while tables will surround the dance floor to accommodate those who desire them. Additional swanky club "atmosphere" will be provided by an interwoven ceiling of blue and white crepe paper, and window drops decorated with crepe draperies and simulated clouds.

Beryl Snellings, president, will head the receiving line, followed by the sponsors of the fraternity, Mr. Eagle, and Dr. Curtis, while those who assist them will be the fraternity officers, Tom Garner, Baylor Nichols, Dave Turner, Roy Butler, and Walter Eye.

Sigma Delta Rho, the mens fraternal group, is the newest organization on campus and this is their first social affair at Madison.

BERYL SNELLINGS

## Famous Typist Appears Here

In an interesting and varied demonstration before approximately 900 high school students from 10 high schools in Rockingham County and 13 faculty members and students at Madison College, Mr. Cortez W. Peters, world's champion typist, appeared at the regular Wednesday assembly.

Mr. Peters won the amateur typing championship of the world at the age of 18. For a number of years he has been runner-up to the world's champion typist. His high speed established in 1941 at which time he attained the remarkable speed of 141 net words per minute for 60 consecutive minutes with an accuracy rate of 99.9%.

At the present time, he holds the world's portable championship, as well as, the world's professional accuracy championship.

The appearance of Mr. Peters before the 13 Rockingham High Schools and before the Madison College student body was arranged by Dr. S. J. Turille, Head of the Department of Business Education, Madison College and the Cable Typewriter Service Company, representatives of the Royal Typewriter Company for the territory. A question and answer period followed the interesting demonstration given by Mr. Peters.

The high schools participating at the ten o'clock meeting were: Eastern Mennonite College, Linville-Edom, Broadway, Timberville, Harrisonburg, McGaheysville, Port Republic, Bridgewater, Dayton, Elkton, and the secretarial classes of the Madison College Business Education Department.

## Sorority Sponsors March of Dimes

The annual March of Dimes drive to fight infantile paralysis over the nation, opened officially on campus Monday at noon. Betty Coyne, president of Theta Sigma Upsilon which is sponsoring Madison's drive, announced the plans in assembly on that day.

Joyce Sutton, chairman, and Helen Mitchell, co-chairman, have announced that last year's net sum was approximately \$240, and this year's goal has been placed at \$300.

Theta girls have canvassed all dormitories this week and all organizations, sororities and classes have been asked to make contributions. The booth in Harrison hall will remain open until tomorrow noon for all other donations.

The March of Dimes drive, which was started by Franklin D. Roosevelt, has been among the most widely advertised of all campaigns in the country. Here on campus, it is sponsored annually by Theta Sigma Upsilon.

## Dr. Hans Kindler, National Symphony To Appear Here

The famed National Symphony Orchestra under the baton of Dr. Hans Kindler, will be presented as the first lyceum number of the year; in Wilson hall auditorium on February 26 at 8:00 P.M.

Though a comparatively young symphony, this one is considered among the six leading ones of the nation. Its growth and development may be credited to the energy and vision of its founder and permanent conductor, Hans Kindler, and his many backers. Regular concert series are held in Baltimore and Richmond and it tours extensively each year from Maine to Florida as part of its itinerary in an effort to spread fine music throughout the land.

Almost a hundred musicians make up the winter orchestra which will appear here for the third time at Madison. Living up to its name "the nation's symphony," it provides musical culture for Americans from all over the country who are living in or visiting the capital and for representatives of all the United Nations. The last symphony concert here was by the Pittsburgh symphony.

### NOTICE

"Listening Hour" on Tuesday will be in Wilson 24 for the purpose of seeing and hearing films of Orchestral Instruments and their tones in preparation for the coming concert by the National Symphony.

Ray Fry's Virginians, local dance orchestra, which is making its first '48 appearance here tomorrow night at the gala opening of "Club Stardust" in Reed Gymnasium. The Virginians are old familiars at Madison, where they have played often before. This year, extra instruments and a vocalist have been added to the group.

## Our Pressing Problem Solved

Words of complaint, of griping, of dissatisfaction are constantly heard wherever one may go, and the college campus is no exception. Sometimes we feel, that college students have been too highly overrated in this department. We resent constant heckling and cajoling about our complaints, our gripes, or our expressions of dissatisfaction with the little annoyances encountered in our daily lives. Many people feel that we, as college students, are "hard to get along with," that we are difficult to please, but then something happens to illustrate dramatically that most people can be made happy with very little, and that we are no exceptions.

Take, for instance, the recent surge of excitement that spread through the dormitories, causing a great rush of footsteps through the halls, delighted whoops and cries of joy which emanated from once little-used rooms in these dormitories, and the many grateful expressions of appreciation by the girls. . . All that joy and happiness created because of an ironing board or two, and here and there a convenient place to press their clothing? The answer is "yes". The irons and ironing boards, the new ironing rooms, were actually very little things, when one stops to consider values, but they made three hundred freshman and sophomores very happy. We of Johnston, Jackson, Spottswood and Ashby thank you, who were responsible for the recent alleviation of our "pressing" problem (See *Breeze*, November 7, 1947). You, who have not had to stand in line for an hour to secure a rickety iron for twenty minutes of hasty pressing; you, who have not stood in line to purchase ironing "tickets" in order to use an iron at all; you, who have not had to traipse the length and breadth of the campus embarrassedly trailing unsightly personal habiliment behind you; you, who have not had to appear in class "unironed", will not understand the great appreciation, we, who *have*, now feel with the addition of the few new appliances and ironing facilities in our dormitories.

## It Speaks For Itself . . .

Dear Editor:

The tension that is built up during exam week is a strain on the faculty as well as the students, but the tension which lingers after exams is limited to the students *only*. We took the exams, the grades are ours, **WHY NOT GIVE THEM TO US AS SOON AS POSSIBLE**. In many cases, particularly the seniors, even a diploma hangs in the balance. Our grades are withheld for no obvious reason causing many hours of unrest and anxiety. If an unsatisfactory grade is received on the course, in most cases we do not find it out until it is too late to add a course in its place. At least the seniors deserve to know whether or not they need to make a last desperate attempt to find 3 semester hours or whether or not it is entirely hopeless. Just what is the reason for withholding grades????

—A Group of Students

## Accept Your Responsibility!

College is basically intellectual, but there is more to an education than going to classes and constantly learning from books. Probably the next step in importance is responsibility. This trait covers a great deal, including the ability to accept rules. One of the most highly stressed rules at Madison is that "it is a call-down offense to cut campus." Getting a call-down may not mean anything to you. It is not whether or not you consider it a disgrace to receive a call-down that matters; it is, merely a matter of culture, pride, and responsibility.

Our campus is a beautiful one. We are proud of the beauty of Madison, and should try to improve our campus at all times. On several occasions each year we must be reminded of this rule—we have to be! And it is such a simple rule, too.

Upperclassmen, we are the ones mainly concerned with this violation, for few freshmen flagrantly disobey. Let's reform now, and try to prove to ourselves that we can accept responsibility.

—B. R.

## SHOWGOER

By Pat Ingram

Coming Sunday to the State and continuing through Thursday is **Cass Timberlane**, starring Spencer Tracy, Lana Turner, and Zachary Scott. Tracy portrays a small town judge who woes and wins one of the witnesses who mounts the stand in his court, Lana Turner. The third angle of the inevitable triangle is made by Zachary Scott, an attorney friend. The story, involved with love, jealousy, fraud, and mismanagement, progresses from a small Minnesota town to New York and then back again. **Cass Timberlane** taken from the book of the same name by Sinclair Lewis, makes high rating entertainment.

**Tycoon**, a technicolor picture, starring John Wayne and Loraie Day, will be shown at the Virginia Theater Sunday through Tuesday. This rip roaring film will keep you on the edge of your seats. Don't miss it.

## Fight Polio!

Infantile paralysis cripples thousands and kills hundreds of Americans every year. No vaccine or serum has yet been formulated for the pervention of this dread disease and, consequently much money is spent each year for polio research and treatment of the victims.

We, the lucky ones, may help in one way to stamp out this scourge. Our dimes, quarters and dollars when given to the National March of Dimes drive will help provide medicine, doctors, and nurses, as well as special treatments for some unfortunate child, who, without aid, may die or be horribly disfigured for life.

Another advantage of the March of Dimes drive is that one-half of the money collected is kept in the country while the rest is added to the national fund. This means that one half of the money we give will be used to help our own neighbors and personal friends who may be afflicted.

Let us contribute as much as possible to the March of Dimes so that we may help the thousands of polio sufferers throughout America and at the same time hasten the day when scientists will find a vaccine which can be used to spare unnecessary suffering in the future.

## The Game's The Thing!

In the winter months when recreation seeks the warmth of the indoors, basketball is a favorite among athletes. Nothing can be more fun than a fast, speedy game of basketball, played fairly and squarely, but do we appreciate the privilege of being able to participate in this sport? Yes, and no. . . All of the dormitories engage in intramural basketball if they can get enough individuals interested in making up the teams. Everyone can't be an Olympic star, but he can support his team by volunteering for it, or by coming out to watch the games and give a little spirited cheering.

Do you know when your dormitory team is playing again? Inquire, advertise, publicize! Take a little time from your studying to enjoy the teamwork and skill involved when your representatives play!

—F. W.

## AMONG NEW BOOKS

By Margaret Clark

### LONELY CRUSADE—

Chester Himes

If its excitement and a new experience in reading you're looking for this book fits into your picture. Chester Himes, author of *If He Hollers Let Him Go*, and novelist with the rare theme of the Negro race, has once again scored a triumph with **LONELY CRUSADE**.

This is a thoughtful story of a Negro and his under-emotions caused by his relationships with other Negroes and whites. His love relationships with his wife and with a white woman are carefully analyzed for the new thoughts of psychological reasoning. This Negro, Lee Gordon, is a Union organized and is booked for murder. His experiences in his job he finds access to the newer old problems of race in industrial organizations.

For a new picture on the relations of Jews and Negroes, read this book. Its contents will be more than just an experience—it will be a simple way

for extended knowledge on problems still new in this old world.

### THE JUDGE'S STORY—

Charles Morgan

A peaceful afternoon for the time, the country club for the setting a quiet English background and atmosphere and two men casually talking make for easy reading and quiet and peace but oh! the dynamite and force behind this thrilling and tearing novel. One might easily be lead to believe its just another bed-time story and to the lover of thrills and chills in the bed, that's exactly what it is.

Judge Gaskony, elderly and retired peaceful and filled with force for the truth is not one to sit idly by while someone he holds dear is faced with the ruinage of her marriage buy the holder of millions. Though it means his own ruination by the same rich wickedness of a man, Severidge, he does not sell his soul for he knows the rights of man are only as temporary as life itself.

## CABE'S COMMENTS

It has been a long time since the weather captured so much front-page space and made so many headlines as it has the past weeks. Suffering was widespread as supplies of fuel oil gave out. Perhaps the most disturbing result was that a number of vital industries were forced to shut down for a week or more.

Industrial gas companies just had to cut off supplies to these industries as well as some schools. The demands were entirely too heavy for the gas companies to meet.

Several well-known automotive industries in and around the Detroit area were closed and the estimated production drop-offs for the week is far in excess of 25,000 cars and trucks. That means that a new car will be that much harder to get. Steel production in Pittsburgh also suffered a noticeable set-back when the plants were closed. Thousands of workers were idle from coast to coast. School children in Alabama, Georgia, and other southern states were given a holiday. Some Florida schools are not even equipped with stoves as weather cold enough to warrant their use is so rare.

In Virginia, all interest was centered around the fuel-oil shortage. Home owners reported that they were completely out and had no other means of heating their dwellings. The shortage was so acute that the Senate adopted a resolution which pooled available fuel oil. The state allocated the pitifully meagre supply then in small lots to institutions and home owners in direst need. The Navy even agreed to lend to Virginia some Deisel oil which could be used in extreme emergencies.

However, the cold wave will be broken by the weekend, it is predicted, with the only lasting affect being the blow to productions.

## Something To Chat About —

By Betty Broome

The joke of the week appropriately enough, is about women. Dr. Freddie was discussing the 102 great ideas of the ages and one of his students protested that the idea of woman was not prominent in the list. "Young lady," groaned Dr. Freddie, "woman is not an idea; she's a reality!"

A question of great concern to campus movie fans is how Douglas Fairbanks, Jr., is going to eat when he gets too old and stiff to jump from tower to tower. Wonder how he feels now, after the recent "Exile" and "Sinbad the Sailor"?

Those things resembling laundry bags that you have been seeing between school and town are—laundry bags. The girls are really enjoying the services of the new Launderette and the rest of us are enjoying the spectacle of their trudging along with pack on back!

A tommyhawk is what if you go to sleep suddenly and wake up without hair, there is an Indian with.

Included in the course in advanced English grammar is a detailed study of syntax, "which," Dr. Curtis has carefully explained to his class, "is not a tax on sin."

Woman (in crowded car to her friend)—I wish that good-looking man would offer me his seat.

Five men stood up.

Note: Woman may not be an idea, but she certainly has some ideas. . .

## Tennis Club Accepts Five

At recent tennis club tryouts five new girls were selected to enter the club. They were Mary Ellen Nethers, Mac Critzer, Margaret Chapman, June Brewton and Nancy Powell.

## Wilkins, Hinton Cox, Epperson Give Reports

Betty Wilkins, Betty Milla Cox, Audrey Hinton, and Phyllis Epperson gave the second of a series of reports to the members of Kappa Delta Pi recently on "Opportunities Facing Future Teachers." A brief summary is here presented for those who are interested in present day conditions and future trends.

**Princess Anne County:** Salary schedule for the current year provides for a base salary of \$1800 with annual increments until a maximum of \$2500 is reached. Teachers are contracted for 185 days, 180 for classroom and the remaining five for pre-school meetings. Teachers are paid in ten installments. No local pension. Sick leave plan provides for ten days annually, without loss of compensation.

**York County:** The beginning salary is \$1400. The maximum salary is \$1800. No sick leave is provided. Teachers participate in the Virginia Retirement System by having monthly deductions from their salaries.

**Warwick County:** The beginning salary is \$1750, the maximum is \$2500. Teachers are employed for 190 days. This county provides five days for sick leave without any deduction in the teacher's salary.

**Norfolk County:** Beginning salary is \$1800 for the first two years and then increases at the rate of \$100 per year to a maximum of \$2700. This is for a 200 day year or 10 months, 190 days being spent in the classroom.

**Portsmouth City:** Teachers with AB or BS degrees receive a minimum salary of \$1850 and maximum salary of \$2650, with annual increments of \$100. No teacher is employed in a high school unless she holds a college degree with a Collegiate Professional Certificate.

Above is a group of Madison physics students snapped in Massanutten Caverns during their recent search for radioactive material. However, the search was in vain, as little or no uranium deposit was noted.

## Class Invades Massanutten Caverns Seeking Uranium Deposits In Vain

By Elsie Morris

The guide at Massanutten looked on questioningly, as the eight members of Dr. Pittman's modern physics class filed into the entrance of the caverns. The group included Louise Albright, Eloise Miller, Marian Bates, Helen Koontz, Willa Mae Kackley, Elsie Morris, and Catherine Craun. With them were Dr. Pittman and his assistant, Mr. Wells.

The procession caused some curiosity, for its members were armed with a geiger counter and photographic equipment. Their purpose in visiting the caverns was to use the geiger counter in searching for deposits of uranium ore in the rock strata and fissures. The searchers were quite thrilled with the loveliness of the rock formations.

As soon as they reached the Rainbow Room and the Ballroom Mr. Wells set up his camera apparatus and took numerous shots of the group engaged in probing for radioactive materials. The geiger counter was

found to pick up countless numbers of cosmic rays, coming through the many layers of rock in the cavern ceiling, but little or no uranium deposit was noted.

## CALENDAR

Saturday, January 31.—Theta Sigma Upsilon to camp  
7:30 p.m. Movie "Honeymoon," Wilson auditorium.  
8:30 p.m. Sigma Delta Rho Dance, Reed gym

Monday, February 2-12:00—Religious Emphasis Week studies begin and will continue at same time through Friday  
7:30-9:30—Athletic Association meeting, Alumnae reception hall

Tuesday, February 3-12:00 p.m.—Listening Hour, Wilson auditorium

Wednesday, February 4—Boys basketball game Madison vs Mary Washington at Mary Washington  
Friday, February 6-7:30 p.m.—Square dancing, Ashby gym

Saturday, February 7—Girls from dorms to college camp  
Boys basketball game, Madison vs W. & L. at Madison

## This'n That

Nancy Jennings became the bride of Duane Seward on January 2. Both Nancy and Duane are from Newport News. Nancy is planning to finish this year at Madison.

Joyce Watkins of Richmond, Va. is engaged to Mitchell Tuort of Pensacola, Florida. At present Mitchell is going to The Citadel, S. C. They will be married in June.

The engagement of Audrey Turner to Richard Weber has recently been announced. Audrey is from Patterson, N. J., and he is from Hawthorne, N. J. The wedding will be held in May.

Nadine Swinson of Quantico, Va., received a diamond from Cpl. John Tress, who is from Baltimore, Md.

In November, Mary Ferguson of Alexandria, Va. became engaged to Nelson Hawkins of Harrisonburg, she announces. At present, Nelson is attending the U. of Va. The wedding will take place in June.

A ring was placed on June Brewton's third finger, left hand by Harry Tex Hughes. Both are from Washington, D. C., and Harry goes to the University of Maryland.

Virginia Hundley of Fieldale returned with Curtis Martin's ring. Curtis is also from Fieldale and attends Elon College, N. C. The wedding date is indefinite.

Echo Crutchlow of Suffolk, Va., is engaged to Larry Milford of Jacksonville, Fla. The wedding will take place in October.

## Earl To Instruct Classes In Safety

Robert Earl, Field Representative for First Aid, Water Safety, and Accident Prevention Services, will conduct classes for first aid and water safety instructors on campus beginning on February 2. Mr. Earl, as former faculty member of many Aquatic schools, is responsible for training instructors for these services in the colleges, Army camps, Navy bases, and chapters of Virginia and Maryland.

In his home state of Ohio, Mr. Earl joined the national staff of the American Red Cross in 1942 where he served as First Aid and Water Safety chairman and Disaster Relief chairman. In 1943 he went overseas as a Red Cross Field Director.

## Duchesses Win Opening Game

The Madison Duchesses opened the 1948 extramural basketball program with victories over two teams from Westhampton College, 30-16 and 29-19. The games in Reed Gymnasium on January 17 were viewed by a large number of students, faculty members, and visitors.

The Purple and Gold first team took the floor at 2 o'clock and soon displayed a smooth-working combination. Genevieve Ciekot tossed in seven field goals in the first half, while Shirley Pickrel and Colleen Quesenberry contributed one each. The Westhampton forwards were held to 16 points in the entire game by the guarding of Lou Goettling, Delores Webb, and Betsy Johnson, with Catherine Cockrill playing in reserve. The final score was 30-16. Ciekot was high point scorer with 18 points.

The line-up for Madison was: Forwards, Ciekot, Pickrel, Quesenberry, Grant, Bluett; guards: Webb, B. Johnson, Goettling, Cockrill.

The Madison second team beat the Westhampton seconds by a score of 29-19. Jean Shelley hit the basket for 14 points to lead scoring while Everhart was next with 10. Westhampton was unable to penetrate Madison's defense with any regularity. The line-up was: Forwards: Everhart, Early, Swartz, Lanier, Shelley; Guards: Epperson, Nethers, Carmen, Messick, Woodyard and Dickenson.

Miss Celeste Ulrich of the Physical Education Department is coaching the Madison squad.

## Campus Basketball Tournament Begins

The intramural basketball tournament began on Thursday night. Games will be played next week on Tuesday, Wednesday, and Thursday night. The campus has been divided into four leagues and the teams will vie for the championship of their own league. The winning teams will then compete for the intramural basketball title.

The schedule for next week follows:

### Tuesday—February 3

Sheldon I vs Sheldon II 7:00-8:00  
Spottswood I vs Spottswood II

8:00-9:00

Jackson I vs. Jackson II 9:00-10:00

### Wednesday—February 4

Spottswood III vs. Spottswood IV

7:00-8:00

Day Students vs. Carter-Sprinkle

8:00-9:00

Shenandoah I vs. Ashby I

## Senior Life Savers Finish Instructor's Preliminaries

The following senior life-savers completed a preliminary instructor's course this week: Marjorie Duquette, Norma Gay, Kitty Blakemore, Hilda Lewis, Eugenia Savage, Bob Monahan, Nancy Long, Betty Williams, Emiley Pierce, Taffy Savage, Jean Shelly, Evelyn Dixon, Kitty Travers, Henrietta Lanier, Janet Kayser and Jo Hodgson.

This course consisted of ten hours of practical work plus theory tests. Upon completion of the tests by Mr. Earl, they will receive instructor's cards. Mickey Parrotta, Natalie Bowman, Jane McMurrin, Annalee Messick, and Barbara Cabe were the instructors under the supervision of Miss Dorothy Savage.

## 29 Pass Advanced First Aid Courses

Twenty-nine girls passed the advanced first aid course given under the Red Cross supervision during the latter part of last semester. They were Barbara Bannish, Kitty Blakemore, Anna Clare Bowman, Joan Bowman, Natalie Bowman, Joann Corell, Evelyn Dickson, Lois Early, Betty Everhart, Barbara Furr, Jane Grant, Mary Lea Horn, Libby Hite, Marion Holbrook, Gladys Kemp, and Frances Keyser.

Catherine Lewis, Jane McMurrin, Mary Ellen Nethers, Ellen Patterson, Bernice Pope, Mary Powell, Shirley Pickrel, Alma Roberts, Genevieve Smith, Ann Stout, Catherine Travers, Fern Waters and Betty Worthington.

These girls are now eligible for the instructors in Red Cross first aid course to be given on February 4, 6, 9, 11 and 13 by Mr. Robert Oliver Earl. The first meeting on Wednesday will be held in Reed 8 from 7 p.m. to 10 p.m. Those passing this 15 hour course will receive instructors first aid certificates which will permit them to teach standard and advanced first aid.

For those who have the requirements for the course in water safety, three hour classes will be conducted by Mr. Earl, the Red Cross examiner, in the pool on February 2, 3, 5, 10 and 12.

"Would you wrap the Dentyne Chewing Gum as a gift, please?"

"That dame drives me nuts! 'Wrap it as a gift,' she says! As if anybody wanted to bother with fancy gift wrappings to get at that delicious, clean tasting Dentyne Chewing Gum with the rich, long lasting flavor. Dentyne is a gift at any price because it helps keep teeth white."

Dentyne Gum—Made Only By Adams
