**Plans For Scholarships, Summer Work Disclosed**

State Board Of Education Lists Scholarship Terms

The State Board of Education has announced its regulations for administering the scholarships authorized at the request of the General Assembly, 1947, and continued and liberalized by the 1948 Session. Scholarships now available will be those for college graduates, or are holders of a Normal Professional Certificate, or to those who are holders of an Entreprenur to Teacher Certificate and hold an extra two or more years of college training, or teach in two or more years of college training, or teach in any of the following subject matter fields: natural sciences, mathematics, foreign languages, industrial arts, commercial education, agriculture, home economics, trade and industrial education, library science and distributive education.

Through the State Board has not as yet authorized such scholarships for the winter session, it is expected that such authorization will be given the April meeting of the Board.

**The Week-end Music Program**

Mr. Percy Warren will serve as Director of the Week-end Music Program. The program includes organ selections and related works by Richard Trunk and Schubert—both of Madison's music faculty, are to entertain at dinner preceding the performance. The Right Way to Vote

The student body is to be congratulated for its interest in the major and multiple elections which we hold every year. Interest in the elec-
tions was high both here and as well as discussion of the candidates. Ap-
proximately 800 students voted for the major officers and about 700 for the minor officers.

The majority vote cast this year far exceeded those of last year. The student body has displayed the fine qualities that every group of people everywhere should: interest in self-government and interest in action. Voting is the act to be praised.

It might be pointed out that 61% of the student body voted in the major elections. Interest was high here as it should be. Only 54% of the students voted in the minor elections. This means that we consider the minor officers that much less important than the major officers.

We must not forget the minor officers are vital for them too. Carry heavy responsibilities and require full time and effort. It is our duty to think over the people who would be best and vote for them as well as their superiors in office. The presidents and editors cannot do it for us alone. They must have good officers to help them so we help them.

So we must not forget this responsibility of ourselves for having one of our best years of voting.

Alumnae Honor Mr. Logan

Not only do we here at Madison College miss Conrad T. Logan, but those who came before us, the alumnae, feel his loss also. At the recent homecoming the alumnae of Madison College drew up resolutions to pay tribute to the friend. An excerpt of this is as follows:

"... We may have said, if we were thoughtful, that we shall miss him—but in a truer sense, we, the alumnae, shall not miss him; it is those who follow us who will miss him, for we have the rich experience of knowing him. We shall miss his kind, broad-minded, tolerant and helpful—Conrad T. Logan, an alumnus, whose passing is a great loss to the college which he so untringly served."

(Ed. Note: The above was taken from a resolution written by Lois Stier, Miss Dragon, and Mrs. Herman, on the Committee on Resolutions of the Madison Alumni Association.)

Message On Mikes

To many Madison students, speaking to the assembled student body from the stage of Wilson auditorium is the most frightening and mysterious chore that they can be made to perform in college. The students generally either forget where they are, or they become confused by the, and the mysterious microphone standing therewith. The students납 up and down their seines. Announcements are given reluctantly, as the announcer stands huddled close to the mike, clutching it around him, trying to get away from that terrible MICROPHONE before it bites her. . . BUT still, more announcements must be made. What do you, as a veteran, think of mikes? The announcer is to be pitied. With these pointers in mind, we of the twenty-sixth staff go forth into a new year, trusting that we of the next staff will be better.

LETTER TO THE EDITOR

We left our homes and came as green freshmen to Madison College. Our parents told us that we were no longer children and they considered us capable of taking care of ourselves. When we arrived at college we had no plans and regulations, and we had not been accustomed to abiding by them. We accepted them, and when we were held up at home was taken out of us—riding in a car with people our own age. We were led to believe that we would be able to ride in the spring past years have been about not remembering what felt like to ride but always we said to ourselves that when spring came we could ride. Would you tell a small child that if he practiced his piano less for an hour he might get some of the cookies you just baked and then he was finished his practicing tell him you meant to let him have it? The principle is the same.

We do not think we are unreasonable and if the reasons for our not riding would be set before us perhaps we would accept them. We have not been told these reasons, and we cannot understand them.

Many reasons come to our minds which might be given but we do not know them because they seem to be so far away from home to take care of ourselves in other respects, surely we should be able to enjoy some if not more privileges than the ones we have at home. We are old enough to drive and go to college on our own, and we are responsible as adults, for our own lives, and as students.

Assembly Heirs

Mr. C. C. Reigner

Mr. Charles G. Reigner, president of the H. H. M. Publishing company of Baltimore, Chicago, and San Fran-
sisco, spoke in Wednesday assembly under the title of "In Education." Mr. Reigner, a graduate of Prince-
college, New York University, the Wharton School of Finance of the University of Pennsylvania, and the Univer-
sity of Pittsburg, has taught in both high school and college. He is also the author of numerous textbooks, essays and poems.

His talk centered around a philosophically heard in a speech by Theodore Roosevelt, that being—"You must be able to pull your own weight, or you're a fool!" Quoting Dr. Angelo Patri, Mr. Reigner made it clear that real education, in the true sense whether he worked with his hands or his head, is able to render some service to society. He stressed the fact that education must turn its own keep, and that the do-

The New Staff Resolves

Every year the new editor of the Breeze do not focus the same problem—that of trying to live up to the predececting director of the paper. This time there is no exception but we of the new staff, hereby resolve to uphold the standards of our predecessors to the best of our ability.

When the first became members of this staff, three years ago, we all remember Mr. Logan, our helpful and broadminded adviser, reminding us that the Breeze was the student's newspaper. It is written by the students and for the students. And never to be forgotten, was the statement that the editorial department of our paper is to reflect student opinion and to guide student opinion to the best of our ability. Our main aim in the forthcoming year is to uphold these principles. Any editor coming to the paper must be instrumental.

Remember, we also, that Mr. Logan reminded us that freedom of the press is just as important in a college as in a university, town, or city. This we shall remember and trust that the entire student body will feel free to express their opinions. We must remember, however, that in-

May Court Maid Of Honor Obtains Honor; To Be Princess At Festival

By Irene Mason

"I'm so thrilled about it! To tell you the truth, I still can't believe it." remarked Peggy Hollis, lovely Madison senior from Martinsburg, West Virginia, who was chosen Apple Blossom Princess for the state of West Virginia. The Shenandoah Apple Blossom Festival will be held in Winchester, Virginia, April 26-30.

"Yes, the first letter was a complete surprise to me," she continued. "I received it directly from the Festival Headquarters in Winchester about February, and I had no idea why. Keeping the whole exciting thing a secret for nearly two months until the news was officially announced in the West Virginia papers, was one of the hardest tasks for vivacious Peggy. Her selection came about through election by the members of the West Virginia Horticultural Society. She does not know who submitted her name to the group. Other states which will send representatives are: Virginia, Maryland, and Pennsylvania. In all, thirty-six princesses have been chosen. (Note: The Madison College representative, to the Festival, elected by the student body, has not yet been revealed.)

Bubbling over with excitement about the honor, Peggy turned to the Dane County addition to the pageant and other festivities which will feature, in the big occasion which will feature, in addition to the big name to the group. Other states which will send representatives are: Virginia, Maryland, and Pennsylvania. In all, thirty-six princesses have been chosen. (Note: The Madison College representative, to the Festival, elected by the student body, has not yet been revealed.)

Jim Cawelti, reporting for the Local, unfolded the truth, I still can't believe it," she continued. "I was completely surprised to me," she said. "I had no idea how or why.
