College Staff Adds Four Members

New Instructors Appointed For Biology and Education

Music and Physics Chairs Filled

Four new members, appointed by Dr. William E. Duke, have been added to the music and physics faculty. Dr. Duke is professor of music and chairman of the music department.

Dr. E. H. Baer, who has been an instructor in physics, biology, music, and education, will join the faculty of the College with the opening of the fall quarter Monday morning when the institution begins its twenty-ninth year.

Dr. M. A. Pittman, employed for the past seven years as instructor of philosophy in the Baltimore Division of the University of Maryland, has been made professor of philosophy. He will take the position formerly held by Dr. C. K. Normand, who is now teaching in the Texas College for Women, at Denton, Tex.

Dr. Princeton, as M.A. of the University of St. Gallen, received the Ph.D. from Johns Hopkins University.

Dr. Carl H. McConnell, professor of music, has been teaching for the past five years at Hartwick College, New York, will be appointed associate professor of music. Dr. McConnell received his M.A. at the University of Virginia, and has studied extensively in France and Germany.

He has taught at the University and Lehigh University, and at Bard and Fonda Hall Teachers College, the last three years.

Mrs. Conseil Boggs

Clifford A. Boggs, who has been an instructor in organ and certain courses in music at the University of Virginia for two years in the position of Mrs. Vera Molloy Conard, resigned. Mr. Marshall is a graduate of the Berklee School of Music in Boston.

For the past year he has been directing musical activities of the Virginia Tech Glee Club, an organization in the northern section of Virginia. An organist of one of the large churches in the city, he has made frequent broadcasts over national networks.

New Home Ec. Center Opens

The new appointee to the teaching staff is Miss Mildred Koonce. Miss Koonce, an M.S. of the University of Tennessee, will be House Manager of the high school home economics building. The building opened this fall at the Dayton High School.

Lyceum Will Open With O. Skinner

Opening the Lyceum Course for this session will be the appearances of Cornelia Q. Skinner, one of the famous violinists of the stage, on November 1.

Other bookings for the fall include appearances by the Vic Morris Quartet, and the Hodgesworth Players, both showing during October. The Vic Morris Quartet is a dramatic group that will play "Candida" and "The Inheritors." The Hodgesworth Players entertainment program will be filled with musical numbers, though some have yet been completed. The numbers numbered have appeared here before.

MISS EIGHT BREAKS ANKLE, UNABLE TO MARCH CLASSES

Miss Edna T. Shaeffer, head of the Music department, will be absent for several weeks due to a broken ankle. Other members of the music faculty will take over her classes next week due to the matter of her being contracted for. All three of the numbers, though none have yet been announced, are estimated for November 1.

Center of Activity Until June 6th

College Requests New Heating Plant And Science In State Budget

A request for $205,600.00 which will include a $120,000.00 appropriation for an addition to Science Hall and a $50,000.00 grant for a new heating plant has been placed with the budget commission of the State for incorporation in capital outlay to state supported institutions in the coming biennium.

The heating plant was requested for the outlays of 1930-31, along with a request for $5,000 for a loan fund, and $15,000 for equipment.

The total amount of $219,600 was asked and separate from the $105,600 needed for the operating account.

For the year 1930-31 a total of $123,560 was asked for capital outlays, $10,000 of which will be used for additions to Science Hall, $5,000 for a loan fund, and $18,000 for equipment, as also for the $37,050 request. The operating account for the last year of the next biennium is estimated at $155,650.00.

Hearings on the request will be held in Richmond later in October, and it is probable that many of the outlays will be trimmed. The state wound up its last fiscal year, June 30, with an estimated surplus of $1,600,000, which, unless emergency appropriations become necessary, is expected to reach $3,000,000 by June 30, 1931.

The state supported institutions in the state sell savings bonds in order to secure additional funds for new buildings.

The state budget for expansion and building programs, separate and distinct from the fixed operating expenses, were requested to Governor George P. Curry and members of the budget commission during their recent tour of the state institutions.

Past Radford State Teachers Colleges have made a request for $320,415 for a new dormitory and science building, while Parrattville State Teachers College asked for $120,900 for a new library and science building.

Virginia Tech's new building will include a $1,000,000 appropriation. Virginia Military Institute asked for $339,600, a part of which would improve the heating system, and University of Virginia sought $477,600, a part to be used for additions, to the hospital.

Alumnae Is Open At All Hours

All students, their parents and friends, are invited to use the Alumnae tea room for the hours of Monday, Monday, and Tuesday, of the opening week.

Family members who will reside in the parlor on Monday and Tuesday, of the opening week, will be the Mrs. Clara C. Courgey and Miss Mildred Koonce from 11 to 6 in the morning; the Dr. Edna Frid- erieke and Miss Paul O'Neal from 11 to 6 in the afternoon; and the Miss Gladys M. McKeen and Mrs. J. W. Gif- ford from 1:30 on in the afteroon.

Throughout all the opening day, family members in the Freshman suites will be on hand with the Freshman and Sophomore committees to receive students and parents of the classes.

Miss Clara G. Turner will receive in Jackson, Miss Vera Hoover, in Abbig, and Dr. Rachel Wesson, in Southwood, their respective resi- dences.

Patterson Attends Fall Hockey Camp

The H. T. C. hockey squad was represented (the year at the September- October) and Mr. D. G. Patterson of Washington. Patterson, who was a member of last year's squad, did not attend the camp as a delegate but went on her own to learn more about the stick game.

The camp, directed by Constable M. K. Appleby, is held annually for coaches and eligible players and players enabling them to receive instruct- ion in the game, tactics, and umpiring. The coaching is done by means of practice and match games, while the techniques and rules are taught through discussion groups.

As far as the Brice was able to learn, Patterson was the only one of the students to attend from this college's hockey team or squad.

Big Sisters

In an effort to aid the new students in getting started in college life, the Student Council is sponsoring a "Big Sister" for each student entering college. As an informal list is published, the name of the college official who will act as Big Sister will be made to the opening day.

The names of the "little and big" sisters have been published. The official who is named will want to help her "little sister." She may want to report the same to her or contact the list posted in the college dormitories. The Student Council urges you to be a thinker. This mental stimulation, little as it may be, will help your college life.

plan to be your friends. They want to help you in a spirit of friendly cooperation and they are thoroughly sirsous of helping you in every possible effort to make the best use of your leisure time. It offers earnest workers a chance to grow through

It is important, however, that those who are interested in the affairs of the college understand the purpose of the "Big Sister" department.

To Students of the College:

I wish to extend a most sincere greeting to the old students who are returning to the campus for another year of service and to the new students who are successful work. I am thoroughly grateful you that, through either

The Breeze has three great expectations of any group of students. First, there are those who make the news—the people who achieve things, the people you just can't hold back. We are expecting many from next year's edition. Meet the new year, to make the records, to do the things the paper is proud to carry accounts of.

We urge you. The Breeze at all times will be glad to hear your opinions on any matter, and we appreciate the criticisms of its organization and work on your college newspaper.

In the third place, form the habit of thinking—not the habit of spoon-feeding idle responses to situations that arise, but the habit of thinking that may ripen into real friendship, and which may at least leave the college wanting what I have not been able to express to you.

It may be, indeed, that you will not find evidence of the really educated person in your environment. You may find extensive program plans for welcoming you to the campus, but you will not find the little and big sisters to help you.

I wish to express my sincerest hope that you will find here each such career and each such planned opportunity that you may at least leave the college wanting what I have been unable to express to you.

The third thing we anticipate is a large number of the "Little and Big" sisters, has announced that they will form acquaintanceships, that they will form acquaintanceships in the college. They are eagerly de-
Activities

The program of classes for the whole school year, first, second, and third (in Roman numerals) quarters, has been announced by Prof. J.3. Short, chairman of the schedule committee.

This schedule, though not approved by the faculty, when The Breeze went to press, will probably undergo few changes, according to Mr. Short. The new type of schedule makes it possible for students to register for three quarters at once.

The schedule on Wednesdays which formerly provided for Assembly at 11 o'clock has been announced by Prof. L.D. Lane, chairman of the assembly committee. Departing from procedures of the past, the college did not hold commencement exercises for the summer session. The schedule for the summer session will be at 3.5, and 4 o'clock. On other days of the week, afternoon periods will begin at 11:30 a.m. as usual.

Summer Term Graduates 58

Degrees and Certificates To Be Awarded at Fall Convocation

Fifty-eight students completed requirements for the Bachelor Degree and normal professional diplomas at the conclusion of the summer school here August 21.

The new veterans referred to above will be given the opportunity to attend the fall session without having to pay tuition for the first term. The fall session begins September 21.

Departing from procedures of the past, the college did not hold commencement exercises for the summer school graduation, but will award the graduates the degrees and certificates (Continued on Column Five)

A. A. Bonfire and Stunts Will Come Off Tuesday

Byer Announces Class Tennis For This Fall, Also Earlier Homecoming

As a welcome to all students the Athletic Association will hold a bonfire Tuesday evening at 7:30 on the hill behind the Practice House, according to President Byer, announced today.

Featured on the program will be a spirit song put on by Ada Wise, Leslie Clark, and Margaret Smiley, assisted by Barbara Ford, Virginia Gordon Hall, and Hilda Harrisonburg. Each college will represent its school with its own songs and cheers.

The interested students will assemble at the tennis courts and will be marched to the bonfire, which is being arranged by Letitia Hollard, president, announced today.

The President of the Women's Christian Association, the Young Women's Christian Association, and the Senior Class president, have been appointed to committees to assist in the welcome for both old and new girls.

If weather permits, the program will be held Thursday evening at 7:30 in the Little Gym for an informal, get-acquainted party, arranged by the vice-presidents of the organization, Helen Hardy.

The first Y. W. program of the fall will be Thursday evening in Wilson Hall immediately after the welcome. The program will be open to all new and old girls.

Friday morning at the regular chapel service the activities of the Y. W. will take charge of the program and will explain the work of the organization on this campus. The annual membership drive will be put on at this time.

The Y. W. has also arranged for all students to meet with their local Y. W. workers Monday afternoon at 5 o'clock. Places of meeting are announced elsewhere in this issue of the Breeze.

A Sunday service immediately after dinner in Wilson Hall will be held.

A candelight service of recognition of all students, with members of the Y. W. will be held in the next week's service, September 12 in Wilson Hall. All students will wear white dresses.
