Attend Chapel

Do you ever feel so completely caught up in the hustle and bustle of campus activities that there seems to be no time for a brief moment of quiet and reflection? There is such a time. The "Y" sponsors a Chapel program every Friday at twelve o'clock in Wilson Auditorium. The program is not especially religious in nature, but it is a pleasant and, sometimes, silent meditation. This is all provided for you, but do you take advantage of it?

Last Friday's program was a good one, but the attendance was poor. The student was asked whether he had attended the service. The student said he had, but did not attend scathingly about the auditorium, making it difficult for the speaker to address them. There was, also, a noticeable amount of talking and laughter during the service. However, this is not our intention.

We realize that we are handicapped by not, as of yet, having our own Chapel in which to worship. However, until we can have our own Chapel, Wilson Auditorium must serve the purpose. When we enter those doors for our Chapel services, it becomes a place of worship, and we should conduct ourselves accordingly.

Let's not overlook one of the most important sides of our college life—the Spiritual Side. See you at Chapel!
Madison Freshmen "Sound Off" Amidst Confusion Of New Life by Sandy Hep

There we were, standing on the doorstep of Madison College in a sea of jumbled bags, boxes, and overstaffed suitcases, and the first small glimpse of a familiar license plate disappeared and we suddenly realized that we had arrived at the destination we'd so long anticipated. Now ours was the job of learning a new routine of living, and exchanging an old Alma Mater for a new. And we were all just a little bit shaky around the edges.

As we made the switch from "high school" roommates to real college roommate with no serious damage done, we soon found ourselves in step with life at Madison. We began to feel the spirit of a class instead of just 450 scattered individuals, and it wasn't long before we proclaimed ourselves as: Madison girls don't hang around and conform and even laugh at a few activities with a "minute-made" song for Freshman to the tune of "Sound Off."

During the fall, hockey sticks are left out in the weather, but we soon learned to keep physically fit, but also to satisfy their need for relaxation. Hockey, which is a most interesting sport, was an excellent way to get some exercise, and release any and all excess tension that we'd so long anticipated. Now ours was the job of learning a new routine of living, and exchanging an old Alma Mater for a new.

The rules were a little disconcerting at first, but we soon learned to conform and even laugh at a few activities with a "minute-made" song for Freshman to the tune of "Sound Off."

Class spirit is shown as left to right: Winnie Lee, Nancy Bretz, and Simone Moore. Madison girls don't hang around, and we give fair warning to the new members of new ideas and high standards we received, and the bright spot of each subject, verbs, and foreign tongues. From the professors, upper-classmen, and even the neighbors, we received warm welcome and ready smiles of encouragement. However, our first few weeks here taught us the fact that home was never forgotten. We all have a soft spot of each other, but that was perhaps we'd get a letter from home, usually in the form of a postcard, and a little post-office bore up. As winners in THE BREEZE contest, "Whose Hands" these girls were the first free movie pass. Contact BREEZE Editor.

By this time the freshmen have not only become a part of Madison, but have started their campaign to take over the school. The Class of 1962 surely have more than their share of class spirit and school spirit. I hope that it is catching and that they will retain it.

First in the news at Madison is the result of the hockey game Saturday. Unfortunately, Madison lost. However, they are planning to get revenge on Monday, when they meet Hollins at 4:30 on the hockey field.

The trip to Massanutten was very successful. Despite the tired sore muscles, everyone seemed to have a good time. In fact, since the interest was so high, there might be another such trip in the spring. It all depends on you.

The A.A. elected new sport's leaders Tuesday to fill those positions vacated by those students who didn't return to Madison. They are Janet Abbot, Swimming and Water Sports; Beverly of course the hockey team. The Class of 1962 surely have more than their share of class spirit and school spirit. I hope that it is catching and that they will retain it.

Paley has been returned for the dance. This will be the same, I will refuse to comment.

The Athletic Association is in charge of singspiration on the hockey field. The program will consist of demonstrations given pool and Ashby gym. Hope to see you all for a fun filled evening.

Remember to support the intramural sport of your choice and of course the hockey team.

Paley Movies Run
At Virginia Theatre
"I hope you won't forget me", said Elvis Presley as he embarked for Germany with the U. S. Army. This weekend the Virginia Theatre will give you an opportunity to remember Elvis in his first two motion pictures. "Loving You" filmed in Technicolor and co-starring Wendel Corey and Elizabeth Scott and "Love Me Tender", co-starring Robert Ryan and Debra Paget. This double feature show will be playing Friday and Saturday, October 10 and 11.

Opening Sunday, October 12, at the Virginia Theatre is "Damn Yankees" co-starring Tab Hunter and Gwen Verdon. It is one of the great Broadway shows that has been made into a movie and it will also be in Technicolor. This is a wonderful musical-comedy hit that tells the story of the Estrada Theatre. It all depends on you.

Well, were you satisfied with the result of the World Series? Out the New York Yankees for the fourth time.
