

An earthquake in California, began on Tuesday last without doing much damage, and continued with increasing violence at intervals during the week, in some places doing immense damage and causing great loss of life.

The election in Connecticut, which took place on Monday last, resulted in the re-election of Jewell, the Republican candidate by an increased majority over last year.

The Extra Session.

FIRST DAY.

The Legislature met in extra session under the proclamation of the Governor, on Wednesday the 27th, at 12 o'clock. A quorum of both Houses being present, they immediately proceeded to business.

SECOND DAY.

On motion of Mr. Thomas, the Finance committee was granted leave to sit during the session of the House. On motion of Mr. W. T. Jones, the House (at 12:30) adjourned.

THIRD DAY—BILLS REPORTED.

House bills—Imposing taxes for the support of government and free schools and to pay the interest on the public debt; to amend and re-enact the 36th chapter of the Code of Virginia (1860), in relation to the collection of taxes; to amend an act imposing a tax on oysters; were reported from the Finance Committee and placed on the calendar.

THIRD DAY—BILLS REPORTED.

Mr. Booker moved that the bill imposing taxes for the support of government, &c., be read a second time this day. Lost—ayes, 86; noes, 1. Eighty-eight votes necessary.

FOURTH DAY.

We make the following extracts from the reports published by the Richmond Whig:

INTEREST ON THE VIRGINIA PUBLIC DEBT.

Gen. Asa Rogers, Second Auditor of Virginia, has issued a circular containing the following explanation of the acts passed at the late session of the General Assembly in relation to the payment of interest on the public debt: "It will be seen, therefore, that upon the bonds issued under the funding act of March 30, 1871, two per cent. stock, and one and two-thirds per cent. on the five per cent. stock, will be paid for 1st January and 1st July, 1872, and upon the principal of the registered and coupon stock, not funded under the provisions of the funding act, the same rate or proportion will be paid upon two-thirds of such stock."

THE DEATH OF THE DENTIST'S CHAIR.

Large numbers of dentists and others were in attendance before the coroner's jury at New York, on Saturday, and offered themselves as witnesses in the inquest on the body of Mrs. O'Shaughnessy, who died under the influence of nitrous oxide gas at a dentist's in West Thirty-fourth street. After much testimony on the several properties of nitrous oxide, a verdict was given of death from asphyxia. The jury condemn the manner in which the gas is generally manufactured and the careless manner in which it is administered.

REINFORCEMENT OF THE TREASURY.

The sum of \$188,733.38 has been paid into the State Treasury on account of the first instalment (one-sixth) of the State's interest in the Orange and Alexandria Railroad Company.

House of Delegates informing the Senate that that body had dismissed Senate bill in relation to the consideration of bills of a general character.

Mr. Anderson, of Rockbridge, by leave, introduced a bill appropriating the revenue for the fiscal year. The same gentleman introduced a resolution extending the time for collecting the taxes in school districts; which was passed under a suspension of the rules. Adjourned.

HOUSE OF DELEGATES.

Speaker Hauger in the chair. Preyer by Rev. W. A. Campbell, of the Macedonia Presbyterian church.

APPROPRIATION BILL.

The Committee on Finance reported an appropriation bill; which was placed on the calendar.

TIME OF MEETING AND NIGHT SESSIONS.

On motion of Mr. Burkholder, 10 o'clock A. M. was fixed as the hour for the daily sessions of the House instead of 12 M.

TAX BILL.

The tax bill was then taken up, the question being on agreeing to the amendment of Mr. Clifton fixing the tax on lands at forty instead of fifty cents on the hundred dollars worth of property.

AFTER A LONG DEBATE (two hours in duration), a vote was taken, and the amendment was rejected by the following vote: ayes 46; noes 57. A motion to reconsider was lost.

Mr. Keyser moved to strike out fifty and insert forty-five cents, which was defeated—ayes, 17; noes, 50.

A motion to reconsider was rejected.

PENDING THE CONSIDERATION OF THE BILL, THE HOUSES ADJOURNED.

SIXTH DAY.

Tuesday, April 24.—The House was occupied during the entire session in discussing and amending the Tax Bill which was finally ordered to its engrossment and third reading by a vote of 72 to 24.

AFTER OUR LEGISLATORS.

Col. R. W. Hughes, U. S. District Attorney, has notified the following members of our Legislature to appear before the grand jury of the U. S. Court, to show cause why they should not be indicted.

Dr. Quisenberry, Senator from the Caroline District, was a Magistrate before the war.

Col. James Patterson, Senator from the Franklin District, who was Commissioner of Revenue before the war.

Gen. James A. Walker, of the House, from Pulaski, who was Commonwealth's Attorney before the war.

PASSAGE OF THE MILITIA BILL BY THE LEGISLATURE.

Both branches of the Legislature have now passed, in a modified form, the militia bill which was drafted by a committee of officers of the First Regiment Virginia Volunteers and reported by the Military Committee of the House of Delegates. In the Senate it was amended by striking out the whole of the first chapter, or that part which provided for the enrollment and organization of the second class militia; so that the old law on this subject is still in force.

IN THE SECOND CHAPTER OF THE BILL there was no material amendment, and that was the chapter in which the friends of the volunteer companies are specially interested. Its most important feature is the provision that all active or contributing members of volunteer companies shall be entitled to exemption from service on juries.—Each company is entitled to thirty contributing members, and persons may become such by the payment of \$20 per annum for the support of a company. Service for the full term of enlistment exempts an officer or soldier from military duty after such term expires.

THE ABSENT LEGISLATORS.—An examination of the list of absent members of the House of Delegates during the last few days of the late session shows that twenty-two of the twenty-four were Conservatives. Had one-fourth of these gentlemen been present the tax bill would have been passed by more than the necessary majority. One of the members who has been most active in advocating a reduction of per diem and "relief bills" throughout the session left ten days before the adjournment. Having drawn his pay to the date of his departure, he sold his claim for the remaining ten days at a discount of ten per cent, and, having pocketed the proceeds and his mileage, went home on his free ticket, and has not since been heard from.—Dispatch.

THE NEW ORLEANS PLEASURE SAYS that the most pleasing and substantial evidence of progress to be found in the passing events of our Southern country is the activity which pervades its railroad circles. Everywhere this proof of regeneration is visible. The Atlanta Constitution, of a late date, says that the agitation in railway matters in Georgia keeps lively, and that the commission is incessant. The State will soon be intersected like a checker-board with the iron paths of trade.

"No interest can be paid upon arrears of interest due, until parties fund it, under the act of March 30, 1871.

"The funding of stock under said act will continue, with the omission of the words 'receivable at and after maturity, for all taxes, debts and demands due the State, on the coupons.

"Parties may fund into registered stock at once, but coupon bonds will not be prepared for issue till about the 25th of April.

"The payment of interest at this office will commence on the first of April."

Jury Reform is soon to be practically enforced in the State of Illinois, Iowa, Ohio and Missouri, the Legislature of these four commonwealths having passed laws qualifying for jurors, citizens who read the newspapers and take interest sufficient in public affairs to obtain a knowledge of passing events. That this long-needed change in the selection of jurors will be productive of great good there is not a doubt.

Bills that have become Laws.

The following bills and joint resolutions have become law since our last report:

An act to authorize the qualified voters of the county of Prince William to vote on the question of removing the county court-house to Manassas. Approved March 12, 1872.

An act prescribing the duties and compensation of county officers. Approved March 13, 1872.

An act to apportion the representation of the States of Virginia in the Congress of the United States. Approved March 13, 1872.

An act to authorize the supervisors of certain counties to impose a tax on dogs. Approved March 13, 1872.

An act to amend the 40th section of chapter 101 of the Code of 1870, to prevent the destruction of wild fowl in the State. Approved March 13, 1872.

Joint resolution requesting Secretary of Commonwealth, Auditor of Public Accounts, Second Auditor and Treasurer, to revise the laws for the assessment and collection of taxes, &c. Approved March 13, 1872.

An act to authorize the corporate authorities of Winchester to borrow money to enlarge water works, &c. Approved March 13, 1872.

Joint resolution authorizing the Secretary of the Commonwealth to furnish to the judges of the State, copies of the reports of Court of Appeals at actual cost of publication. Approved March 13, 1872.

An act to incorporate the Tnebrates' Home. Approved March 13, 1872.

An act to amend and re-enact section 8 of chapter 186 of the Code of 1860, in relation to judgments. Approved March 13, 1872.

An act to repeal sections 1, 2, 3, 4, 5, 6, 9, and 10, of the act entitled "an act to amend and re-enact and repeal certain sections of the Code of Virginia in relations to pilots, passed February 19, 1866, and to amend and re-enact sections 1, 7, 11, 13, 15, 17, 24 and 28, of chapter 92 of the Code of 1860. Approved March 13, 1872.

An act to amend and re-enact sections 4 and 5 of the act entitled "An act relating to fences, and for the protection of crops, passed January 26th, 1866." In force March 20, 1872.

Joint resolution in relation to Matthew F. Maury's plan for system of crop reports and meteorological observations.

An act to amend and re-enact section 1, chapter 55, Code of Virginia (edition of 1860,) in relation to fire companies. In force March 20, 1872.

An act to amend and re-enact the 1st section of chapter 99 of the Code of Virginia of 1860, in relation to fences. In force March 20, 1872.—Richmond Dispatch

WASHINGTON, March 21.—The two Massachusetts Senators have parted fraternally as well as politically. Mr. Wilson no longer speaks for Mr. Sumner. The latter will publish a letter, probably in a day or so, denying the recent statement that Mr. Sumner declared to him that he (Mr. S.) should attend the Cincinnati convention, and possibly preside over it.

THE OPINION was expressed in Washington yesterday, by a well known English publicist, that the Washington treaty had virtually failed, and that this government would itself come to the conclusion when it received Earl Granville's second note—that the latter proposed to repudiate the treaty, but it would show such an elaborate argument against the submission of the claim for indirect damages as to render it quite useless for this government to press the feature further. According to the adjournment the Geneva arbitrators are required to meet before there will be sufficient time for a reply to Earl Granville's message to reach England. As the steamer Baltic bearing Earl Granville's note, reached New York to-day, the contents of that note no doubt will soon be authentically known.

THE FIRST DEATH was that of an aunt of Mrs. Lloyd, an old lady named Jacobs, that of the husband followed; it was succeeded by that of two boys, who died very suddenly one day last summer, it was said, from eating berries. One little girl died suddenly last month, and the only remaining child, another little girl, died without previous sickness last Saturday week. A coroner's inquest was held upon the last corpse, and as it was stated that Mrs. Lloyd had on several occasions bought arsenic from the drug stores in the town, the stomach of the child and its contents were taken to Baltimore by Recorder R. M. Bentley, for analysis—the jury awaiting his return before rendering the verdict. Mrs. Lloyd has been informed of the terrible suspicions regarding her, and is lying at her home dangerously ill.

Extensive Fire in Warrenton.

WARRENTON, March 30.—About half past ten o'clock, last night, a fire broke out in the kitchen of the Warrenton Hotel, situated on the main street. Owing to the combustible nature of the material the flames spread rapidly, and soon the Hotel was in a blaze and the fire beyond control. Notwithstanding the night was calm the intense heat ignited the adjoining frame buildings, and before the flames could be extinguished the Hotel, the dwelling of Mrs. Howard, adjoining, Mr. Golaway's house, occupied as a drug store by Mr. Klonan, the tin and sheet iron store of Jones & Williams, and Mr. Schwab's dwelling and store, were consumed, with much of their contents, the loss of personalty amounting to about \$5,000, while the loss on the buildings will amount to \$25,000. All the burnt buildings were wooden. There was no serious personal casualty.

SHENANDOAH VALLEY RAILROAD.—The Shenandoah Valley Railroad Company (Pennsylvania enterprise) having adopted a resolution to build construction and repair shops at or near Shepherdstown, Va., a site was selected on the 35th ultimo, adjoining the town, which comprises ten acres of the Bedford property, which formerly belonged to the Hon. Henry Bedinger, and is now owned by Edmund L. Lee. To-day, the 1st inst., an election is to be held in Shepherdstown ratifying the subscription of \$8,000 lately made to the railroad on behalf of the town by the town council.

DEATH OF PROF. MORSE.—New York, April 2.—Prof. S. P. B. Morse, inventor of the electric telegraph, who has been lying ill for several days at his city residence here, for paralysis of the brain, died this evening at seventeen minutes before eight o'clock.

L. E. Harvie Prest, and Jas. C. Southall Editor announces through the columns of the Richmond Engineer that their connection with that paper ceases from April 1st. The name of the new editor is not given.

For the Commonwealth.

The Bridge at Conrad's Store.

CONRAD'S STORE, VA., April 2, 1872.

At a meeting of the Township Board of Elk Run, held at Conrad's Store on the 2nd of April, pursuant to a previous call, to take the initiatory steps towards rebuilding the bridges across the Shenandoah River, near this place, a committee was appointed by the President of the Board, to go upon the premises and estimate the cost of building the same. The committee consisting of three of our most practical business citizens, after viewing the location, reported: That in their opinion, the whole cost of rebuilding the bridges, one across the river and the other across the run of the river, would not very much exceed the cost of the late bridges. They think that the same quantity of lumber would be required as in the old bridges—but that lumber being now from 25 to 30 per cent. cheaper than then, the difference between the cost of the lumber then, (1868) and now, would almost if not quite, pay for the mason work that will be required.

The committee further recommend to the board, that they advertise for proposals for building various kinds of or plans of bridges; reserving to themselves the right of adopting or rejecting any proposed plan.

From an exhibit to the board of the various subscription lists, the board is fully satisfied that funds sufficient have been subscribed, together with the Township and County subscriptions, to complete the building of the bridges. So you will see, Messrs. Editors, that the people in this section are determined to rebuild the bridges.

The people here are under many obligations to the Old Commonwealth for her efforts in getting the bridges. The bridge, when built, will be free to everybody.

CONTRACTS AWARDED.—Our readers will be pleased to learn that work on the Valley Railroad between Harrisonburg and Staunton is about to be commenced. Two sections have been let to contractors, the 9th and the 20th, the former to Mr. P. M. McCabe of Maryland, and the latter to Messrs. Kelly & O'Conner—of this firm the former is the well known contractor who owned the Sweet Chalybeate Springs in Alleghany county, and the latter is a citizen of this place.

The sections on this road are numbered from Harrisonburg, so that the 26th section is the last, counting from Harrisonburg.

We suppose that other sections will soon be let. We would like to hear blasting reports along the whole line. The music our people are now anxious to hear is that of the blasted quarry.—Vindicator.

REMARKABLE FATALITY IN LEESBURG.

The remarkable fatality in the family of the late Mr. C. E. Lloyd, in Leesburg, Va., and the coroner's inquest now in progress there, as heretofore reported, is creating intense excitement in that neighborhood, suspicion being strongly directed to the widow of Mr. Lloyd, the sole surviving member of the family. The Alexandria (Va.) Gazette says:

"The first death was that of an aunt of Mrs. Lloyd, an old lady named Jacobs, that of the husband followed; it was succeeded by that of two boys, who died very suddenly one day last summer, it was said, from eating berries. One little girl died suddenly last month, and the only remaining child, another little girl, died without previous sickness last Saturday week. A coroner's inquest was held upon the last corpse, and as it was stated that Mrs. Lloyd had on several occasions bought arsenic from the drug stores in the town, the stomach of the child and its contents were taken to Baltimore by Recorder R. M. Bentley, for analysis—the jury awaiting his return before rendering the verdict. Mrs. Lloyd has been informed of the terrible suspicions regarding her, and is lying at her home dangerously ill."

THE INCOME TAX.—The Washington correspondent of the New York Journal of Commerce writes that a strong effort (it is expected) will soon be made to revive the income tax. Western Congressmen say they would rather keep the income tax and reduce the tariff, as the former is mostly paid by eastern people.

VIRGINIA AGRICULTURAL AND MECHANICAL COLLEGE.—For the college under this cognomen recently, by legislative enactment established at Blacksburg, Montgomery county, the Governor has appointed the following Board of Visitors: Harvey Black, of Blacksburg; John T. Cowan, and Jos. Floyd, Dublin, Pulaski county; Wm. A. Stuart, Saltville, Smyth county; Joseph R. Anderson, Richmond; John Goode, Jr., Norfolk; Wm. T. Sutherland, Danville; Robert Beverly, The Plains, Panhandle; Daniel C. Dejeanette, Milford, Caroline county.

The Alexandria Standard and Sentinel has been sold to Messrs. M. Dulaney Bell, and Joel Miller. Y. Howe Peyton, Esq., retires from the Editorial chair, which we suppose will again be occupied by Mr. Miller. The new proprietors have our best wishes for their success.

The annual meeting of the Stockholders of the S. V. R. R. Company will meet in Front Royal on Tuesday, the 9th day of April next.

FINANCIAL.

In the U. S. District court on the 2nd inst., the grand jury found indictments against the following gentlemen for alleged violation of the fourteenth amendment to the Constitution of the United States:

Gen. G. S. Meem, of Shenandoah county, member of the State Senate.

James Patterson, of Fanklin, member of the Senate.

R. A. Coghill, of Amherst, member of the House of Delegates.

John B. Allen, of Botetourt, member of the House.

W. E. Miller, of Rappanock, member of the House.

Geo. E. Denale, of Rockingham, member of the House.

Samuel W. Thomas, of Warren, member of the House.

Captain William W. Hardwick, chief of police of the city of Lynchburg, violation of the enforcement act.

After the reading of the above indictments the grand jury adjourned over until to-morrow.—Lynchburg Republican, 2d.

The United States Census, when completed, will fill three volumes of the size of Webster's Unabridged Dictionary.

The first volumes will contain the tables of population, churches, schools and colleges, school attendance, libraries, newspapers, pauperism and crime, and persons of the school, military and citizenship ages. The second volume will contain the tables of mortality, dumb, blind, insane and idiotic. The third volume will contain the records of industry and wealth, in the United States, and also tables of wealth, taxation and general indebtedness; of agricultural, of manufacturing and mining industry and fisheries and also the table of occupation.

GENERAL HUMPHREY MARSHALL, whose death at his home, in Louisville, Ky., last week, of pneumonia, has been announced by telegraph, was born at Frankfort, Ky., in 1812, and graduated at West Point, but resigned his commission in the army and studied law. He was a successful lawyer, but always had a predilection for military life. In the Mexican war he was a Col. of cavalry, and in the battle of Buena Vista led the celebrated charge of the Kentucky volunteers. In 1849 he was elected to Congress from Kentucky, and re-elected in 1851, and again 1857. In the Confederate army he held the rank of Brigadier General. Since the close of the war he has been engaged in the practice of the law. He was a large, corpulent man, and during his long public career his person was well known almost everywhere in the country.

A CENTRAL AMERICAN CONFEDERATION.—The movement for a confederation of the republics of Central America, has, for a long time, had warm advocates, and now appears in a fair way of having a trial. Four republics—Costa Rica, Honduras, Guatemala and Salvador—sent representatives to meet at La Union, with the object of establishing the base of such a confederation.—They brought their labors to an end on the 17th of February last, when they signed a "Pact of the Central American Union." This pact provides for the autonomy of the territory without the power of any portion to secede from the Union. The republican form of government is agreed to, and slavery and capital punishment for political crimes are prohibited. An effort is to be made to secure the adhesion of Nicaragua.

Subscribers in town, will please notify us of the carrier of their changed residences...

A SUPPOSED CASE OF POISONING.—Mrs. John Cameron, living about one and a half miles from Mt. Crawford...

The circumstances attending her death were so suspicious, that her friends notified L. H. Ott Esq., Coroner for Rockingham county...

The attention of our readers is called to the advertisement of Messrs. Fulmer & Koener, commission merchants...

We regret to learn that Rev T. U. Dudley, formerly rector of the Episcopal church in this place, is very ill at his residence in Baltimore.

THE LADIES BAZAAR, conducted by Wm. Lobb, Esq., is in receipt of a large stock of Spring Millinery Goods...

The jury rendered a verdict in accordance with their testimony, and further gave it as their opinion that the poison was administered through the instrumentality of her husband...

With the first notes of the Spring birds, we are glad to hear mingled the sound of hammer, saw, and other tools of mechanical industry.

THE LADY'S FRIEND FOR APRIL.—The April number of this beautiful magazine makes its appearance in a pretty tint of Spring green, edged with clear white lace—cool and refreshing to the eye.

THE AMERICAN HISTORICAL RECORD—Edited by Benson J. Lossing, Chase & Town, Publishers, Philadelphia, Pa. \$3.00 a year in advance.

WE have just received a large and well selected stock of GARDEN IMPLEMENTS and all kinds of Hardware.

THE AMERICAN HISTORICAL RECORD—Edited by Benson J. Lossing, Chase & Town, Publishers, Philadelphia, Pa. \$3.00 a year in advance.

CHARACTERISTIC ENTERTAINMENT.—The great Chicago Fire laid waste, during the fatal forty hours between Sunday evening, Oct. 9th, and Tuesday morning following, hundreds of millions of dollars in property.

Monday last, April 1st, was general moving day, and a lively time a great many have had of it.

Last Friday was a beautiful day and we were in hopes that "cold Winter was gone," but the old saying that "March comes in like a lamb and goes out like a lion" must needs come true...

The Township Board of Elk Run Township invite proposals for rebuilding the bridges across the Shenandoah near Conrad's Store.

THE CIRCUMSTANCES attending her death were so suspicious, that her friends notified L. H. Ott Esq., Coroner for Rockingham county...

THE ATTENTION of our readers is called to the advertisement of Messrs. Fulmer & Koener, commission merchants...

THE LADIES BAZAAR, conducted by Wm. Lobb, Esq., is in receipt of a large stock of Spring Millinery Goods...

THE JURY rendered a verdict in accordance with their testimony, and further gave it as their opinion that the poison was administered through the instrumentality of her husband...

WITH the first notes of the Spring birds, we are glad to hear mingled the sound of hammer, saw, and other tools of mechanical industry.

THE LADY'S FRIEND FOR APRIL.—The April number of this beautiful magazine makes its appearance in a pretty tint of Spring green, edged with clear white lace—cool and refreshing to the eye.

THE AMERICAN HISTORICAL RECORD—Edited by Benson J. Lossing, Chase & Town, Publishers, Philadelphia, Pa. \$3.00 a year in advance.

WE have just received a large and well selected stock of GARDEN IMPLEMENTS and all kinds of Hardware.

OLD COMMONWEALTH. HARRISONBURG, VA.

THURSDAY, APRIL 4, 1872.

Dexter Beaten—After Bonner—From the day that the famous horse "Dexter" became the property of Mr. Bonner, the name of the renown trotter has been used to a great extent in advertising the Ledger. But "Goldsmith Maid" has beaten Dexter's time, and a new literary enterprise has just been started in Chicago under auspices which indicate a determination on the part of the projectors and publishers to eclipse Bonner in the field of journalism. WATERS, EMMETT & CO., 783 State St., Chicago, are issuing "Our Fireside Friend," a very handsome, illustrated, eight page, literary and fireside weekly. Instead of expending a hundred thousand dollars in horse-flesh, they will distribute that amount among their subscribers for 1872, in the way of premiums. Their capital premium is \$20,000 in United States Currency. It is manifest that the enterprising publishers intend to secure an immense circulation for their paper, and it is no less probable that when such inducements in the way of premiums—in connection with a readable and first-class journal—are offered, the enterprise will prove a grand success. The Premium List is large and varied. Specimen copies of the Paper, Premium List, etc., sent free to any address.

Hydrophobia—A correspondent of the Chicago Tribune states that the poison from the bite of a mad-dog can be eliminated from the system by vapor baths. He quotes from an article printed in a Paris medical journal by Dr. Buisson, a celebrated French surgeon, who says: "If the disorder has declared itself, I prescribe a single bath, and leave the patient in until a cure is effected. Hydrophobia may last three days. Experience has proved to me that a cure is certain on the first day of the outbreak; on the second day, doubtful; and on the third, hopeless, on account of the difficulty of conveying the patient to the bath and keeping him in. And as hydrophobia never breaks out before the seventh day, there is time to perform a long journey to obtain a bath."

It is the general testimony of sailors that this winter's gales on the Atlantic have been unprecedented for their strength, fury and long continuance. The list of disasters is great, both in the loss of life and property and the suffering involved. The losses of vessels far out at sea have not been numerous, but along the coast disasters have followed each other in quick succession. Many have been driven aground and soon wrecked by the fury of the wind and waves, while the crews have been subject to the freezing cold, ending in many instances in death.

Shenandoah V. R. R.—The directors of the Shenandoah Valley Railroad, at their meeting at Charlottesville, West Virginia, on the 18th inst., resolved to issue to Shepherdstown, Va., an amount of stock equal to the sum which that town had subscribed as a gift or bonus to the company. Grading operations have begun on sections of the road near Charlottesville.

A tabular statement, prepared at the Bureau of Statistics in Washington, shows that during the year 1871, the total value of exports reached \$538,000,000, while the total of imports was \$690,000,000, leaving the balance against us \$152,000,000.

The harbor of Sebastopol is finally opened to the world's commerce by imperial decree. The fortifications have all been renewed, and the stronghold, under the constructive genius of Todtleben, has become more formidable than ever.

Hon. E. R. Chambers, formerly judge of the Petersburg, Va., circuit, died at his residence at Boydton, in Mecklenburg county, on the 20th inst., aged about 77 years.

The word "state" spelled backward is "etats" in French. It is not safe, however, to learn French simply by going back on your English.

Men are frequently like tea; the real strength and goodness are not properly drawn out of them until they have been for a time in hot water.

As daylight can be seen through very small holes, so little things will illustrate a person's character.

The Board of Directors of the Berryville, Clarke County Bank, have elected Maj. S. J. C. Moore president, and E. C. Marshall, jr. cashier.

Some men need a tempest to save them from a wreck.
