SOME APPRECIATIONS OF "BIOGRAPHY: THE LITERATURE OF PERSONALITY"

THE posthumous book¹ of our lamented James C. Johnston not only has found many to read it and to value it in high places in the literary world, but has opened a vein almost new. It has moved others to think after him, has set them to working this vein. Other writers and scholars have been stirred to thought by his question as to what are the qualities of an excellent biography. It seems fitting, therefore, that THE VIRGINIA TEACHER should quote at some length several of the press-comments upon this work of its founder.

¹Biography: The Literature of Personality. By James C. Johnston. New York: The Century Company. 1927. \$2.50.
