REVEREND JOHN B. DICKSON SPEAKS IN CHAPEL ON INTERESTING SUBJECT

EXPLAINS IMPORTANCE OF GOOD MEMORY OFFERING MEANS OF DEVELOPMENT

Mr. Joe B. Dickson, pastor of the Christian Church of Harrisonburg was invited by Dr. Hubert H. Harrison, President of the College, to speak in Chapel on Wednesday morning, January 17.

Mr. Dickson put the devotional services by quoting memory by saying:

"Have you noticed how some people talk about the weather and the future in English and French? They seem to have a good command of both languages. And yet, when they try to express the same thing in another language, they do not have the same fluency. This is because memory is an important tool in learning a new language. It allows you to recall information quickly and easily."

He gave an interpretation of the passage which was new to many.

"The eye that looks down, said he, gives token of dejectedness and deceit, but the eye that looks up suggests completion. We ought therefore to cultivate the faculty of looking up while we travel."

In response to a request from Dr. Hurbak, Mr. Dickson stated the duties something of his remarkable memory.

For the last six years Mr. Dickson has quoted his scripture instead of reading it, he has always respected his memory, and he has never failed him. He also emphasized that it is necessary for people exactly, to do this, one must develop a good memory and will not be able to do this without a certain amount of practice and ability with people.

"A good manuscript exercise for the development of memory," said Mr. Dickson, "is to walk down East Market Street, enumerating the automobiles and remembering the time of each stopping time to say all your friends. When you do this perfectly, you will find that you can walk down the street and still have a perfect memory for what you have done.

LANIERS INITIATE THEIR SIXTEEN NEW MEMBERS

The new members of the Laniere Society appeared on the campus Mon- day morning, January 15. The society, which is a student organization, had been established two years ago. The new members were arranged in a way to fit the room and space as shown. The students were then seated, and Dr. Hubert H. Harrison, President of the College, was present. As the result, the students were seated in the room, the room was then opened by the President, and the students were seated in the room.

The instrumental compositions classes will be closed by the order on the music. Miss Turner, the head of the group, and Miss Greenwood, the head of the class, will be present.

SING A SONG OF CENTS—

In the image, there is a reference to a song. The text reads: "SING A SONG OF CENTS—"

"I wish I had a CENTS!

I wish I had a CENTS!

I wish I had a CENTS!

I wish I had a CENTS!

SING A SONG OF CENTS—"

The full song and context are not provided in the image.
Thursday afternoon the Y. W. C. A. entertained the new girls at a tea in the reception room of Alumnae Hall. The girls of the class of 46 were met at the door by Adriella Brown and a reception committee headed by Emma Pet- terman. The girls were seated at a long table and greeted by them at the reception room door. It did not take the girls long to be- come acquainted with each other and they were in very short time there came from their lips promises of good times and hours of enjoy- ing conversation. To entertain the girls an automobile armadillo was sent to the Y. W. C. A. Opened came a song-Mac- hula, mchula, right, left and back, back, back by Bertrice Wilson. This was followed by refinements in the form of dancing and minstrel. While refinements were enjoying, Virginia Harrell danced up to a Wild Rose. Dr. Gifford, Miss Varner, Mrs. Micke, and Miss Anthony were among the guests. When the guests were all seated, the Y. W. C. A. girls gave evidence of the rare- ance of warm friendship in the air.
