**FIRST OF SERIES OF LECTURES GIVEN**

Several girls attended the first of a series of lectures to be given at the Baptist church last Sunday afternoon. The lecture was given by Dr. J. J. McClelland, who is the speaker of the church. The subject was "Some of the things that people do not know." Despite this discourage-ment, he has decided upon his life-work, was too determined to back down.

As the public in general seems to regard a lawyer as a crook and a thief, it is all the more reason why there are so many dishonest ones, but it is possible for people to be a lawyer and have a good man too.

Again many people think it is not necessary to stay a matter before a jury and as a rule, only the most important cases are decided by juries.

STAND AGAINST MORAL DECLINE. AS DUTY OF SCHOOL PRINCIPLES.

At a recent teachers' convention in Providence, Mr. Harry Smith made a statement which has created much interest throughout the country. He said that moral decline is the greatest problem of the modern world. Dr. Smith said that no one can afford to ignore the teacher for the moral development of students. Teachers must stand against moral decline and stimulate moral growth in their pupils. This is the responsibility of the teacher.

Mr. Smith emphasized the importance of the teacher's role in the moral development of students. He said that the teacher must be a moral leader and set an example of good behavior. He further stated that the teacher must be a source of moral support for students who are struggling with moral issues.

Mr. Smith concluded by saying that it is the responsibility of every teacher to stand against moral decline and to promote moral development in their students.
