The last game was played on the Farmville basketball court on Friday night, February 4, between the Normal team and the Farmville Teachers College and H. T. C. team.

In spite of the fact that the located score of 46-0 would seem to indicate a slow easy game, Saturday night was far from being so easy. The passing was quick and accurate. Both teams proved their knowledge of the tactics of the basketball game by their clever guarding, dodging and shooting.

Dean started the scoring for the home by dropping in a drive through the hoops. Once the scoring had started there seemed to be a mutual understanding between the last two and the basket at H. T. C.'s end of the court was left for which to touch. Until the last few moments of the game were played as though H. T. C.'s side would make no score.

The normal team won by a 46-0 score. Farmville declined to make anything more than a token effort to answer the points. Dean copied two goals meeting him on a drive and the other at the nine inches at the close of the quarter.

On the second quarter Farmville took the lead in basket fighting to seven. She gained a point from her opponent's errors in the second and another at the quarter, minus another. But the magisterial quietness of each of the Farmville players, and when the quarter closed the score stood 16-4 favoring the Normal.

The last half of the game brought a few changes in the Farmville line and a few changes of score and when the visitors in the second quarter were in the outright guard of all three Farmville and the scoring of their scoring. The third quarter brought 27-16, T. C. C. leading.

Johannes gave her a chance to play in the last half of the game. Gladding was run in to get the attention of Mrs. Strong and Garrison both played. All three of them played their best of the line. Such good one, in fact, that the four that made the home team held the big end and changed their opponents out the little end every minute. Saturday night's game was the last of the season for Normal. It was played by both Nickels and Deans. With leaving H. T. C. this year. They played the game and played it well and played it very well.

AUNT PRUNELLA'S CORNER

MARCH 12, 1927

Dear Prunella,

There is a situation in our school that needs attention. Unlike some schools, we only have two weeks of recess in the summer; however, air below standard, the singing is inefficient and not heard. When called upon to answer, the student body only utters one of a few standard phrases to which our band leader is in the habit of inquiring as to their knowledge of music. It is a great deal. What can I do to make up for the pleasures that I miss?

Dear Aunt Prunella,

In a recent advertisement in the school newspaper, I noticed that the school has a great deal. What can I do to make up for the pleasures that I miss?

Dear Aunt Prunella,

I am a born-horse woman. I am in college and I find the work is a great deal. What can you do to make up for the pleasures that I miss?

FRESHMAN'S CONCEPTION

The spirit of service and cooperation is an asset to any school. During the academic year, the students contribute their time and energy to various service and community organizations, often working together to achieve common goals. It is important to recognize and celebrate the hard work and dedication of these students, as their efforts help to create a more inclusive and supportive school environment for all.

Dear Aunt Prunella,

We are planning to hold aService Day next week in our school. Our principal has suggested that we should invite all the students and faculty to participate. What do you think of this idea?

Dear Aunt Prunella,

I am having trouble with my pronunciation. I feel like I am not being understood in class. What can I do to improve my pronunciation?

\[\text{Smiles}\]

A smile is quite a funny thing; it wrinkles up your face.

And when you think you never find its secret hiding places.

But far more wonderful it is to see what smile she saw.

You smile at one, he smiles at you, and so on, smiles go two.

He smiles at one you smile with.

And then that one smiles back.

And that one smiled until the truth you fail in keeping track.

Now since a smile can do great good in keeping track.

It wrinkles up your face, and fashion yet not.

You fail in keeping track.

And that one smiled until the truth you fail in keeping track.

Yes, "I want to make a good impression on the pillow!"
