Final Exercises Tuesday Morning

The final Commencement exercises will be held in the auditorium of Walter Reed Hall Monday morning at nine o'clock. The Commencement address this year is to be delivered by Dean W. S. Gray, Ph. D., of the University of Chicago.

Immediately following the address the diplomas will be presented and the degree of Bachelor of Science for each of the seniors will be conferred upon the seniors.

The final exercises will be held Monday morning instead of Tuesday morning due to the changes made in the program of the Commencement exercises.

The Junior class will again act as marshalls.

FINALE Y. W. VESPER SUNDAY EVENING

As a conclusion of a year of very successful meetings and services, the Y. W. C. A. will hold its final vesper service early Sunday morning in the Open Air Auditorium. The time set for the service is 9:30, to the occasion will be one of peaceful and quiet worship.

If weather permits on that morning the services will be held in Walter Reed Hall rather than the Open Air Auditorium.

LANIERS HOLD BUSINESS MEETING

On Friday night the Laniers Literacy Society met to discuss several business details which had been brought to their attention. The meeting was very short, and was dissolved immediately after the details had been presented to the society and settled.

FACTORIES MEMBERS PLAN TRIPS

While the rest of us have been enjoying the hours, and the days until Monday, the faculty, also, have, through hours of packing and the thrill of vacation been planning. Miss Seeger and Mrs. Varner will go to Europe, and Miss Noonan to Canada, and Miss Ratliff to New York. Miss Noonan is going to be counselor with her immediate family. At this time Miss Rath also is going to Europe, they are sailing, June 19th. It will be interesting, and much in details by the society.

We’re glad you’ve brought us this welcome to the world of our Alma Mater, and as also those who care for the future of Blue Stone College. To see the old familiar faces again, the faces reflecting the radiance of personalities of former class-mates; and to know that there are those who are coming to the commencement, those who are coming to the graduation exercises, who are viewing Blue Stone hill with the brightening smile of hopes in their hearts.

Alumnae... we know you see that your Alma Mater is growing as it has always grown, following the aim of greatness under the love and guidance of authorities, and with the heartfelt wishes of its students. To you, who show such loyal interest in all efforts of the college, and who display such cooperation, we wish to express this appreciation to you. Such support and help as you have furnished is the type of aid we need.

To you, who are first visiting our campus, who are seeing your friends and relatives of the graduating classes receive their diplomas, we want to say how very glad we are to have you here. Your interest in our school is of importance, for the future of the college depends upon the interest of all classes, especially those who will be the first to view it.

If opportunity were made to speak of the Seniors, opportunity would be too rare to be the style this summer. Nor to be dramatic.

The firefly has a bright spotlight, little cattle wees come to the water a poor victim struggled. The coyote howls with joy, he is all but fooled. The kangaroos with rumble seats, I spent a whole afternoon on one. The firefly has a bright spotlight, little cattle wees come to the water a poor victim struggled. I am very glad you asked me about the weather. It was quite pleasant and cool. The sky was blue with faint clouds. I understood that it was to be a fine day, but I did not realize that it would be so pleasant.

Two: No, this Ford isn't mine. I know it, I am quite anxious to get every little detail straight. I have been working hard on this essay, and I want to make sure that I get all the facts right.
