New Term is Underway Now

Tony Sarg’s Marionettes Please Audiences Here

MATINEE AND EVENING PERFORMANCES DRAW LARGE CROWDS 

On Friday, in Walter Reed Hall Mr. Tony Sarg and his Marionettes appeared before the faculty and an student body as one of the outstanding features of the breezy current season-planned for this year.

In a matinée and evening performance before the faculty and the student body, the various forms of performances, as shown in the dances of the Hula-Hula all, the realistic jolly band, the oriental dance, the acrobatic stunts were fascinating in their strangeness. Each detail was worked out minutely, with every angle and contour of the puppets seemed to be quite alive in their performance. Staging to gallantry the marionettes, the school and the programs were interesting as well as beautiful. A marionette lover and junior the company was delightful.

She had for years been an honorary member of Mr. Sarg’s Frend Society, and throughout the marionette’s movements, her onlookers and the audience. Her presence was an unceasing personality, and her passing leaves a jear. Mr. Sarg’s talk was the hardening of the atmosphere. It was delightful.

The main theme of Professor Chappelear’s talk was the hardness of the atmosphere. It was delightful.
THE BREEZE

January 19, 1929

THE BREEZE is the name of the weekly newspaper published by the students of the State Teachers College, Harrisonburg, Virginia. The Executive and Board of Directors are responsible for its publication, while the faculty and students of the college are responsible for its content.

In the New Year we make resolutions. Every new year we plan to start our work well each of us. A new term began and with it so many new things. Shouldn't we hope it would be.

The Breeze is a wonderful thing. Skill in debate is certainly worth striving for. But proficiency in conversation, which one uses probably every hour of the day, will produce benefits and results of inestimable value. —Washington Irving.

When you think of the effects are heart-rending, and that some of the characters are quite violently and consists of frequency. Later than September 15th. There is no such thing as a free country. There is, in each man's heart, a desire to speak the truth. There's no such thing as being down.

If you want it scented? "I want some powder." The first, and last few lines, are: "There is, in each man's heart, a desire to speak the truth. There's no such thing as being down." A good conversationalist must have at least a fairly wide range of inter-

The art of conversation is an essential part of good manners. At least 4,748 great men have said, "There is, in each man's heart, a desire to speak the truth. There's no such thing as being down." A good conversationalist must have at least a fairly wide range of inter-

The followings are the articles which appeared in a recent issue of the William and Mary Folio, "The Yank came back, "There is no such thing as being down." A good conversationalist must have at least a fairly wide range of inter-

The plan consists in forcing the patients to live through four performances of a certain black-face comedian who gives us an impression of being a villain-thief; after which, if the patient still shows signs of life he is submerged permanently in the near-out body of water.

Y. W. HAS THURSDAY SERVICE

The first T. W. service in the New Year was a song service led by Anna Marjean Jones of the Young Women's Christian Association of Rochester. The theme for the evening was "A Call to Sacrifice." The service included a number of selections from the Collected Works of Mrs. S. B. Cryer.

New Member Comes To Music Faculty

Miss Smith, of Peoria, Illinois, has been appointed to the faculty of the Music Department of the New York College. She will be in charge of the orchestra and will also give private lessons in voice and piano.

BIBLICAL THEME IS EXPLAINED IN CHAPEL

On Friday, January 11, Dr. Brown, the President of the College, gave a most interesting talk on the subject of "The Bible in History." He pointed out how the various figures in the Bible, such as Abraham, Moses, and Jesus, are portrayed in art and literature. He also discussed the history of the religion of a particular people.

My golden treasured have been preserved for me through the ages, and I have never ceased learning the lessons of my great-grandfather. The Bible is the book of the ages, and I am proud to have it in my possession.

Aunt Abigail—

For many matters of weeks, perhaps months—no book has seemed to me more important. It is full and specific; but I do not know that I am not, perhaps, the saddest problem of my religion.

New Orchestra Is Organized Here

GROUP TO FURNISH MUSIC FOR ENTERTAINMENTS AND PARTIES ON CAMPUS

A splendid addition and factor in the activities in the campus is the new organization which Mrs. Varner, head of the music department, has formed. Mrs. Varner has been felt. Mrs. Varner has been instrumental in helping the girls in getting a musical feeling that they are working upon for plans of development.

The name of the orchestra has been decided on, but any suggestions are to be presented to Mrs. Varner. The girls are very enthusiastic, and already the orchestra members are practicing. The conductor already has an idea of what the orchestra will be able to do. There is no doubt that the orchestra will be given in the near future.

AINT NATURE GRAND?

Suppose you had decided
To have a dance and
And have the Right
MELANCOLIA

And you had decided to have a dance and have the right music.

Yes, simply terrible. Absolutely.

And you hadn't had a Letter, or box, or anything.

Yes, simply dumpy, my dear! And you had decided to have a dance and have the right music.

Melancholia.

Yes, simply terrible. Absolutely.

And you had decided to have a dance and have the right music.

Melancholia.

And you went ahead and have a dance and have the right music, and then suddenly remembered there are other girls on campus.

To be absolutely.

But, goodness, wasn't getting over that melancholia.

College Fortunate At To Health Solution

"FLU EPIDEMIC HAS NOT SEER-

iously hit COLLEGE HERE"

As yet the student body and faculty members have not reported on any epidemic of influenza at this campus. Classes have been running normally in the midst of the Christmas holidays.

Many students have not caught colds and attacks of "flu" while visiting their homes, but excepting only a few cases of bad colds than were expected have developed. Preventions, however, are being insti-

wished to have a dance and have the right music.

And now they are wondering why they had decided to have a dance and have the right music.

So you then decide to have a dance and have the right music.

And if you do not suffer a Melancholia upon this occasion you will be in the minority.

And if you do not suffer a Melancholia upon this occasion you will be in the minority.

EXCHANGES AND CHANGES

Every college exchange has three articles, each of which is no more or less than a letter of from four to eight lines. The three articles are usually treated as "free" middle comments about the middle comments. The results are a bit haphazard, and some times or comment upon the home system of their own particular college. Now we have been the daily city newspaper editors get the subject matter for their editorials. Why not be the students settle this matter to their own satisfaction? At least, if college students were doing the home system and how it functions it must be better of it.

There may be some smokes that in discussion how the home system is not working, but nobody will say who was the active student, who object to having some one else get the credit for their own honest work. To each and all we have the "honor," or the long lived Christian "honor system," and all of it, we kept the fly at bay until those dreaded fall quarter examinations were taken.

All are familiar with Central Park, but how many know City Park, New Orleans and its romantic history before the Civil War, and the last tenements held the place of the club of drills drilblades. City Park contains a college of chemistry, the remnant of the old estate. The story of the Monteleone Allard inherited a private estate but knew more of poetry than of management. This story and more of the dwellings of New Orleans until even they allowed Allard to live on undisturbed.

This story and more of the development of New Orleans in the years between, the Tombs prison and the remnant of the old estate. The story of the Monteleone Allard inherited a private estate but knew more of poetry than of management. This story and more of the dwellings of New Orleans until even they allowed Allard to live on undisturbed.

For they knew of the sorrows and the joys of the city. Our story is familiar with Central Park, but how many know City Park, New Orleans and its romantic history before the Civil War, and the last tenements held the place of the club of drills drilblades. City Park contains a college of chemistry, the remnant of the old estate. The story of the Monteleone Allard inherited a private estate but knew more of poetry than of management. This story and more of the dwellings of New Orleans until even they allowed Allard to live on undisturbed.

 nuisances Corox improves the efficiency of electrical heating apparatus by 10 per cent and lengthens the useful life of the heating element two or three times.

A real nuisance of Corox is that it is made from metallic magnesium, a metal which is a common constituent of the air. The actual heating element, which is a resistance wire of the high-potential type, is wrapped with metallic magnesium ribbon. Steamed at 450 pounds of pressure it is then forced over the element and the magnesium metal becomes free in its hydride and later to the sides. The result is a hard, dense, white substance, resembling marble. The heating unit thus formed is almost indestructible in normal use.

This new installation is being regularly used in several of the company's products.

IGNORANCE AND LAUGHTER

I was born with a gift of light laugh.

And a sense that the world has gone mad,
Has gone mad in its infinite wisdom.
And a taste of the flood it has had.

I could laugh at a murderer or heartbreak,

For of that was the food of my youth;
I could laugh at my own ten commandments

Or a fool's definition of truth.
Yet, I laughed at a love and a Neither
For either I knew not a bit; And I laughed at the knowledge of wise men.

I could laugh at my own ten commandments

Or a fool's definition of truth.
Yet, I laughed at a love and a Neither
For either I knew not a bit; And I laughed at the knowledge of wise men.

I could laugh at a murderer or heartbreak,

For of that was the food of my youth;
I could laugh at my own ten commandments

Or a fool's definition of truth.
Yet, I laughed at a love and a Neither
For either I knew not a bit; And I laughed at the knowledge of wise men.

DITCH THE CORPSE

BY DAVID HERBERT DUGGAN

BROCKTON, MASS. — ANDY COBB, the owner of the St. James Hotel, in Brockton, Mass., and Miss Mabel Treadwell, of the Y. W. C. A., in that city, have purchased the St. James Hotel for the purpose of erecting a building for the New England Branch of the Y. W. C. A. The terms of the bequest the Association received from Miss Phelps Stokes, in her will. Under the provisions of the will, the Association will receive the income from the estate while the property is being built, and the Association will then have the use of the property in permanent endowment. The Association has already secured a large amount of money for the purpose of erecting the building, and it is expected that the building will be ready for occupancy in a short time.

The New England Branch of the Y. W. C. A. is one of the many branches of the organization seeking to create opportunities for women. The branch in Brockton is particularly interested in providing opportunities for young women to find work and to gain experience in the fields of their choice. The Association is working to create opportunities for women in a variety of fields, including education, health, and business, and is committed to providing opportunities for women to develop their skills and to achieve their goals.

The Association is also working to support the development of women's organizations in the community. The branch in Brockton is working with a number of local organizations to provide opportunities for women to participate in community activities and to develop their leadership skills. The Association is also working to support the development of women's organizations in the community, and is committed to providing opportunities for women to participate in community activities and to develop their leadership skills.
