

## ANNOUNCEMENTS

STATE DEPARTMENT OF EDUCATION

*List of Eligibles for Division  
Superintendents*

UNDER the amended Constitution county and city superintendents are appointed by local school boards from a list of eligibles approved by the State Board of Education. For some time the Department of Education has been receiving applications and carefully assessing the qualifications of the various applicants. On January 15th last, at a meeting of the State Board of Education, a list of new applicants was presented for the approval of this Board. The Board authorized the Department to place upon the list other approved applicants whose papers were received prior to February 1st.

At the same meeting the State Board interpreted the minimum requirements set up for eligibility as not retroactive and therefore not applicable to the superintendents now employed. Two lists of eligibles are therefore set up, one comprising all superintendents now employed by the State Board of Education, and the second list all other applicants who meet the minimum requirements fixed by the Board.

Of the present superintendents approximately eighty per cent meet beyond question the new requirements, and in a number of other instances the type of administrative and supervisory work actually done by these men would make them clearly eligible for consideration.

The Board decided to place all present superintendents on the list. This is in accord with the uniform policy of the Board, since in years gone by when the qualifications of superintendents were raised or the standards of the teaching profession were made higher, the regulations affecting these standards have not been retroactive.

Following are the minimum requirements for eligibility:

I. Graduation from a standard four-year

college with at least fifteen hours in professional training, and two years of practical experience as school principal or supervisor, or five years' experience as a teacher, or

2. Graduation from a standard four-year college with degree of B. S. or A. B., with four years' experience as school principal or supervisor, or six years' experience as a teacher; and

3. General administrative ability as evidenced by practical experience in business or in the business administration of education.

4. The college training or experience of the applicant shall have been within a period of ten years from the date of the application for a superintendency.

## SCHOOLROOM HUMOR

Willie Willis is quoted as saying he *could* get a higher mark in writing. "But if I write good enough so she can tell what it is, she takes off for spellin'."

---

Willie also opines that a Sunday school lesson would seem as hard as a 'rithmetic lesson "if you was scared of gettin' licked for not knowin' it."

---

## THE HIGHER LEARNING

The proprietor of the pop-corn stand next the Crescent was driving a nail through stacks of paper bags. "Why do you drive that nail through those stacks of paper bags?" inquired an interested observer.

"To keep the educated fools from exploding the bags during the show," replied the paper-bag-piercer, grimly.
