MODERN BOOKS FOR A MODERN COURSE

WIRTH - THOMPSON—A HISTORY OF AMERICAN PROGRESS. For upper grades. Fulfills all the requirements of the new social science principles of teaching. Makes history attractive and intelligible to children. Simple unit organization. Well-balanced material with over two hundred illustrations, including graphs, maps, and time charts. Study helps that really help.

WEINBERG—AMERICA IN THE MACHINE AGE: The United States in the Twentieth Century and Outstanding Problems of Today. In a style and language which challenge the interests of upper grade pupils, this book integrates history, geography, and civics in an interpretation of present-day industrial civilization. Five units. Study helps and illustrations form a stimulating and well-coordinated supplement to the text.
