This Article is brought to you for free and open access by the Center for International Stabilization and Recovery at JMU Scholarly Commons. It has been accepted for inclusion in Journal of Conventional Weapons Destruction by an authorized editor of JMU Scholarly Commons. For more information, please contact dc_admin@jmu.edu.
Looking to the Future

Regional workshops are one aspect of the RASR Initiative, which will develop various coordination mechanisms for governments in the region. The workshops will be held periodically to develop a dialogue among relevant government officials so they can share information, advice and lessons learned, as well as coordinate efforts where and when appropriate. Another RASR workshop is planned for fall 2009. For more information and announcements, visit http://www.tnttutative.org

Sharing of information and best practices

Idee highlighted were:

· Sharing of information and best practices
· Conduct additional stockpile-reduction operations, especially high-profile ones that will create political goodwill and momentum for further conventional weapons disposal and physical security and stockpile management.
· Conduct a study to identify how, where and to what extent funds can be saved through collaborative efforts.
· Conduct a study on national capabilities and procedures specific to the region, considering how they could be consolidated to be more cost-effective.
